

The last issue of the Pioneer, the organ of the temperance forces, under the heading, "Hotels without bars," contains the following editorial notice:—"Temperance hotels will pay if properly conducted, in places where there is necessity for hotel accommodation."

But the strange part of the whole business is that the temperance people generally like their opponents to make the experiment. "Consistency, thou art a jewel."

Depression in business continues in England, and much wretched poverty prevails throughout the country. Many people are inclined to believe that the restlessness of the country is the result of the present fiscal policy, and they are turning towards protection as a panacea for their ills. Mr. Balfour the leader of the Unionist party, has declared himself out-and-out for Tariff Reform, which is a milder term for protection. Naturally, England is a free trade country, but she is trading with so many countries that are highly protected, that public opinion seems favorable to the abandonment of the policy which has prevailed for the past two or three generations.

ST. PATRICK'S DAY.

The Shamrock was much in evidence yesterday, and hundreds of 17th of March post cards passed through the Post Office from friend to friend. The World contained a number of St. Patrick's Day toasts which were very good. The first one reads thus:—

St. Patrick was a gentleman who turned strategy and stealth,
Drove all the snakes from Ireland; here's a bumper to his health;
But not too many bumpers, lest we lose ourselves, and then
Forget the good Saint Patrick and see the snakes again.

Here is one that an esteemed citizen told us they used to sing at the Giant's Causeway:—

St. Patrick was a gentleman,
And came from honest people;
He built a house in Dublin Town,
And on it placed a steeple.
So, here's to hold St. Patrick,
He was a saint so clever;
He gave the snakes and toads a twist,
And banished them forever.

TELLS HOW TO PREPARE A SIMPLE MIXTURE TO OVERCOME DISEASE.

To relieve the worst forms of Rheumatism, take a teaspoonful of the following mixture after each meal and at bedtime.

Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sassafras, three ounces.

These harmless ingredients can be obtained from our home druggists, and are easily mixed by shaking them well in a bottle. Relief is generally felt from the first few doses.

This prescription forces the clogged-up, inactive kidneys to filter and strain from the blood the poisonous waste matter and uric acid, which causes Rheumatism.

As Rheumatism is not only the most painful and torturous disease, but dangerous to life, this simple recipe will no doubt be greatly valued by many sufferers here at home, who should at once prepare the mixture to get this relief.

It is said that a person who would take this prescription regularly, a dose or two daily, or even a few times a week, would never have serious kidney or urinary disorders or Rheumatism.

Cut this out and preserve it. Good Rheumatism prescriptions which really relieve are scarce, indeed, and when you need it, you want it badly.

THE EDUCATED GROCER.

"Say, mister," said the small boy, breathlessly, "take down this order quick; I got to go to school. Two pounds of coffee at forty-five cents; three and one-half of sugar at seven cents; six boxes of cocoa at twenty-four; two dozen eggs at thirty-two, and four pounds of butter at forty cents. How much does it come to?"

"Four dollars and eighty-three cents, my little man," said the grocer.

"What address, please?"

"Geel! Thanks!" said the schoolboy as he made his escape. "That was the only one I couldn't do!"—[From Success Magazine.]

HYSLOP BICYCLES

Bicycles are rapidly coming back into popular favor, the demand this year being five times what it was five years ago. We have planned for it in two ways—by getting the very best English wheel we can for popular selling, and saving to our customers all intermediate profits by filling orders direct by mail instead of through agents. In this way we can offer

\$50 Wheels for \$25

and give better satisfaction all round. The quality of the wheels is all right—only the best materials used and only skilled mechanics employed in construction. The equipment is right up-to-date and the machines throughout are such as we can thoroughly recommend. We sell automobiles as well as bicycles and our plan is to make wheels serve as a good advertisement to the entire business. Send for illustrated folder.

NOTICE.

The editor of the Canadian Poultry Review, the people's popular poultry paper, tells us that this paper has been greatly enlarged and is filled with all that pertains to poultry, both from a practical and a fancy standpoint.

Prof. A. G. Gilbert, Manager Dominion Government Poultry Farm, Ottawa, is still in charge of the Practical Poultry Department, while Prof. W. R. Graham, Manager of the Poultry Department of the Ontario Agricultural College, Guelph, has charge of the Artificial Incubation and Brooding department. Rev. J. N. Williams, one of England's most noted experts, writes interestingly each month on poultry doings in the Old Land. Mr. H. S. Babcock, Providence, R.I., is another prominent writer and breeder on this paper's regular staff. Each phase of poultry breeding, poultry exhibiting, etc., is fully covered, and the pages of the Review are replete with half-tone reproductions from life of famous birds, plans of up-to-date houses, utensils, etc.

The subscription rate is fifty cents per year, but readers of this paper can have it at three years for \$1.00, and sample will be sent free on application to Canadian Poultry Review, 184 Adelaide Street West, Toronto, Ont.
