Shunacadie, Cape Breton Co., N. S., April 19 (Special).—Suffering with Backache so much that he could not work, Malcolm McKinnon a well known resident of this place took a friend's advice and used Dodd's Kidney Pills. The result is that he is back at work and his Backache is gone.

"Yes," he says, in speaking of his case, "I was troubled with Backache, due to wet feet and hard work. It got so severe at last I was quite unable to do my work."

"It was through a friend's advice I started to use Dodd's Kidney Pills, and I was soon aware that they were doing me good. My back was easier and I had less pain in urinating."

"As Dodd's Kidney Pills had done me so much good I thought I would try Dodd's Dyspepsia Tablets and I did so with marvellous effect. Two boxes set my stomach right."

With Dodd's Kidney Pills to keep my Kidneys well and the blood pure and Dodd's Dyspepsia Tablets to put the stomach in shape so that the body receives the nourishment it needs you are assured of the two first essentials of health. Any doctor will tell you that.

GROWTH OF GRAND TRUNK

Marvelous Progress Made Under Manager Hays.

Since January, 1896, the Grand Trunk Railway System has increased the operating mileage by 11 per cent., through the acquisition of the C. A. Railway. The tonnage for 1907—the last complete year's report of the company—was 111.9 per cent. greater than the number of tons moved in 1896.

Gross earnings for 1907 topped those for 1896 by an even 99 per cent.—net earnings being 85.7 per cent. over those for 1896.

Fixed charges and rentals for 1907 were but 3.2 per cent. above those for 1896. New Year's day, 1896, showed a deficit of approximately \$1,500,000; December 31, 1907, was passed with the payment of \$4,100,139 in dividends as the result of a year's work.

The first six months of 1908 produced \$928,110 dividends on the 4 per cent. guaranteed stock of the company.

These figures, few as they are, speak volumes for the brilliant administration of the trust reposed in Charles Melville Hays when he was elected second vice-president and general manager of the Grand Trunk system. Nor did it take a dozen years to demonstrate the wisdom of giving him absolute sway over this transportation system, which prior to his appointment had been largely managed from London, England.

FOLLOWING ORDERS.

"Now," said the magistrate, "you must testify only to what you know, no hearsay evidence. Understand?"

"Yes, sir," replied the female witness.

"Your name is Mary Bright, I believe. Now what's your age?"

"I won't tell you. I have only hearsay evidence on that point."

"Bliggins says he owes everything to his wife." "Well," answered the man who never says a kind word, "I don't know of anyone else who would take a chance of being his creditor."

ISSUE NO 16-09.

INDIANS GOOD FARMERS.

In Saskatchewan They Are Industrious and Prosperous.

The Indian of the great prairie province of Saskatchewan are disproving the theory that an Indian won't work unless he has to. They are becoming industrious and prosperous.

There are nearly 8,000 Indians in the province and last year they had about 9,000 acres under crops. They raised 150,572 bushels of grain and roots and 30,000 tons of hay, worth \$136,023.

The Department of Indian Affairs reports that the Indians are turning more and more to the soil for a living. The agent of the Assiniboine agency, which may be regarded as typical, writes:

"I was greatly pleased to find that the area under crop was almost double what it was the year before. The band had about 600 acres of wheat and 200 acres of oats. The Indians of this agency are beginning to farm on a large scale, and if they continue to do as well as they have in the last two years there will be some good sized farms among them. One man has 155 acres in crop and another 125 acres, and several had seventy acres each. There was a decided improvement in the way the land had been farmed."

THE CULLINAN DIAMOND.

Queen Will Wear it Separate From Crown on State Occasions.

The King and Queen, anxious to make the fullest possible practicable use of the Transvaal's magnificent gift, the Cullinan diamond, have consulted the court jewelers, Messrs. Gerrard, of London, as to whether it can be arranged that the splendid gem shall be so set in the Imperial Crown as to be detachable for wear by her Majesty on great state occasions, as it was at the recent opening of Parliament. The feasibility of the plan having been demonstrated, the jewelers have been honored with his Majesty's commands to carry out the work. Thus the Cullinan, while retaining a status of a crown jewel, will be available for wear by the Queen on occasions on which the Crown itself is not in actual use.

They Soothe Excited Nerves.—Nervous affections are usually attributable to defective digestion, as the stomach dominates the nerve centres. A course of Parmelee's Vegetable Pills will still all disturbances of this character, and by restoring the stomach to normal action relieve the nerves from irritation. There is no sedative like them and in the correction of irregularities of the digestive processes, no preparation has done so effective work, as can be testified to by thousands.

Love seems to have a mania for laughing at locksmiths and joke-smiths.

Mother—"Jane, you must choose between the two. Will you marry the man who loves you or the man who can dress you?" Daughter—"Mamma, as an up-to-date girl, I must reply to your question that, although love is a very desirable thing, clothes are an absolute necessity."

Repeat it:—"Shiloh's Cure will always cure my coughs and colds."

A Merry Heart Goes all the Day.—But one cannot have a merry heart if he has a pain in the back or a cold with a racking cough. To be merry one must be well and free from aches and pains. Dr. Thomas' Electric Oil will relieve all pains, muscular or otherwise, and for the speedy treatment of colds and coughs it is a splendid medicine.

BY ONE SENSE.

"An auttomobile just went by," remarked the oldest inhabitant of Podunk Corners.

"How did he know that?" demanded the stranger. "I thought he was both blind and deaf."

"He is," replied the village oracle, "but I guess he kin smell."

BLAME PLACED.

"Why don't yez grace our dances wid yer presence any more?"

"Sure, it's me mistress' fault. She is that dowdy and old-fashioned that not a single dress of hers kin I wear at all, at all!"

Every man on the job thinks he knows more than the boss.

One way to get out of a tight place is to sober up.

EARTHQUAKES AND WEATHER

A writer in Nature calls attention to the peculiar weather which accompanied and followed the great Sicilian earthquake. The sudden fog which settled upon the Strait of Messina was paralleled by a heavy mist accompanying the Mexican earthquake of January, 1899, and the writer adds that rainfall is so frequently reported as the immediate successor of an earthquake that "we can no longer reject the hypothesis of a real connection between the two." Prof. Milne has suggested that the disturbance of the ground when transmitted to the overlying air may determine precipitation, thus explaining the apparent association of severe earthquakes with mist and rain.

All men are born free and equal—and remain that way until they get married.

Some persons are more susceptible to colds than others, contracting derangements of the pulmonary organs from the slightest causes. These should always have at hand a bottle of Bickle's Anti-Consumptive Syrup, the present day sovereign remedy for coughs, catarrh and inflammation of the lungs. It will effect a cure no matter how severe the cold may be. You cannot afford to be without a remedy like Bickle's, for it is the best.

Uncle—"Even though you are my brother's son I am obliged to discharge you. But I am sorry, for your mother's saks." Office-boy Nephew—"Oh, that's all right, sir. Mother says she don't see how I've put up with you as long as I have."

A Sudden Chill often means sudden illness. Painkiller is all that is needed to ward it off. Unequalled for cramps and diarrhoea. Avoid substitutes, there is but one "Painkiller"—Perry Davis'.

Fred—"Yes, the old gentleman will soon have another wife to support." Henry—"What? You don't mean to tell me he is going to marry another wife while your mother is alive?" "No; I am going to get married."

By Bribing the Nerves with opium you may stop a cough, but the inflammation goes from bad to worse. Allen's Lung Balm, containing no opium, goes to the root of the trouble and cures deep-seated affections of throat and lungs.

If it wasn't for their famous wives many men would never be heard of.

THE PRUDENT PIPER.

Andrew Carnegie is fond of the Scots' national instrument, the bagpipe, and when he is at home at Skibo Castle usually has his pet piper to play for him at dinner. Particularly is the musician in attendance when the great philanthropist has guests.

On one occasion a big company of men sat down to table, and the piper pranced up and down the room as he played.

The whole thing was new to a French literary man, who politely asked the guest on his right, "Why does he walk up and down when he does this thing? Does it add to the volume of the sound, or does it make a cadence?"

"No," said the other, "I don't think it's that. I fancy it's to prevent the listeners getting his range with a knife or a water-bottle."

PERUNA

For Catarrh of the Throat of Two Years' Standing.

"I was afflicted for two years with catarrh of the throat. At first it was very slight, but every cold I took made it worse.

"I followed your directions and in a very short time I began to improve. I took one bottle and am now taking my second. I can safely say that my throat and head are cleared from catarrh at the present time, but I still continue to take my usual dose for a spring tonic, and I find there is nothing better."—Mrs. W.
