## WHAT DODD'S KIDNEY PILLS DID FOR HIRAM BROWN.

Cured His Aches and Pains and Gave Him Restful Slumber—Known as the Old Folks' Friend.

East Mapleton, Cumberland Co., N. S., May 10 (Special).—Though well past the allotted span of life Mr. Hiram Brown of this place is still one of the grandest sights in life, a hale and hearty old gentleman. And like many another Canadian veteran he gives Dodd's Kidney Pills the credit for his abundant health.

"I am seventy-two years of age," Mr. Brown said in an interview, "and I want to say that Dodd's Kidney Pills cured me of Gravel and Kidney Trouble. I was troubled with Backache, Headache and Dizziness, Cramps in the Muscles and Stiffness of the Joints. My sleep was broken and at times my limbs would swell.

"But since taking Dodd's Kidney Pills, all these troubles have gone. I consider Dodd's Kidney Pills a wonderful medicine."

The aged man or woman who has healthy kidneys can afford to laugh at the ills of life. For healthy kidneys keep the blood pure and ensure good restful sleep. Dodd's Kidney Pills always make healthy kidneys. That is why they are known as the Old Folks' Best Friend.

### SENTENCE SERMONS.

The nearest duty is the highest. Echoes are always more popular than voices.

No church wins men when it seeks to work them.

Pickled piety always makes a vinegar disposition.

Self-love keeps the life tramping around in a circle.

He who consults only expediency soon silences conscience.

When the conceited man seeks his shadow he thinks it is night for the world.

You cannot measure a life by the distance between its early poverty and its later income.

No man wastes more time than the one who has no time to spare for his friends.

The drudgery we call a drag may be the counterpoise that helps us rise.

It takes more than sharp angles to prove that a man lives a square life.

A man is quite likely to disclose his conscience by his suspicions.

To use a great truth for wholly selfish ends may be to make a great lie out of it.

Because some blessings are promised to the poor many try to earn them by being poor kind of people.

The danger of the one talent man to-day is not that he will bury it but that he will do nothing but brag of it.

Many who are proud of their flow of ideas forget that a half empty bottle flows more readily than a full one.

### OPTIMISTIC JANE.

Crash, bang, wallop! Down the kitchen stairs fell the entire trayful of crockery from the dining-room. Not even the salt-cellar remained unbroken.

Within the dining-room sat husband and wife, staring blankly at each other. What could it all mean?

But this was a time for action, and the mistress rushed to the door. "Jane, Jane!" she cried, "what ever have you done?"

The servant smiled. "Oh, mum," she replied, "it's only the dinner things, mum. What a good thing I hadn't washed them up."

### VALUE OF MUSIC.

Recommended as a Cure for Nervous Complaints.

What has not been attempted for the cure of nervous affections? An attempt has even been made to utilize music. In a report on the results obtained by this means, M. Tarchanoff, of St. Petersburg, asserts that music is of the greatest utility in medicine, and that by its use the nervous system may be tuned up like a musical instrument.

Neuropaths and epileptics principally are susceptible of experience a certain mollification from music, on condition that the remedy be employed with discernment, unless one wishes to see it produce a contrary effect to that for which it is employed.

And this cannot be considered as a denial of the therapeutic value of music, as certain people might be led to think, since, in fact, the very same thing might be said about opium.

According to M. Tarchanoff, the frequent failure of music as a curative must be due to its unseasonable employment. When a series of cases has afforded proofs that music is a most powerful regulator of men's character and the sentiments which dominate many sides of pschical and physical life, the tolerance of its immoderate use is to be blamed in musicians, who may not afford examples of that perfect regulation of their emotions which should be expected.

From the general point of view, it may be said that the calming effect of music on patients is universally admitted, and numerous clinical experiments prove that in fact it has a particularly beneficial effect in certain cases of insomania.

It may also calm pain, not by an analgesic effect acting upon the nervous centres, but by causing the patients to forget their sufferings.

Turkish farmers never use fertilizers, nor do they practise rotation of crops. The same crops are planted year after year until the soil is exhausted.

Most women are the victims of their own sensitiveness.

EVERY HOUSEKEEPER—must often act as a family physician. Painkiller for all the little ills, cuts and sprains as well as for bowel complaints, is indispensable. Avoid substitutes, there is but one "Painkiller"—Perry Davis', 25c and 50c.

Asosan, in Southern Japan, has the largest volcanic crater in the world. It measures fourteen miles across one way, and more than ten miles the other.

There can be a difference of opinion on most subjects, but there is only one opinion as to the reliability of Mother Graves' Worm Exterminator. It is safe, sure and effectual.

### THREE NEW HATS.

Milliners have other troubles besides the frequent difficulty of collecting bills. One milliner tells of a letter she received from the wife of a man who, in a brief time, had advanced from poverty to great wealth. His family was still in obscurity, but was preparing to emerge.

"I want you should make a bonnet and two hats right off," wrote the wife, "for me and the girls, and expense is no account."

"My measure is nearly twelve inches from ear to ear over the head, and eight under chin, and six from top of forehead to back hair, and that's near enough for both the girls."

"I'm sandy, Jane is dark and Lucy's got red hair. We want lively colors, and I want blue flowers and strings on mine, besides some plooms."

"Jane wants hers green and Lucy wants pink; we don't care what shapes, but they must be becoming and so as they won't blow to pieces in the wind; nor we don't want them loud, for my husband won't hear to such."

"Please send within five days, and if satisfactory bill will be paid at once."

### THE OPTIMIST'S GREETING.

Howdy, Mistress Springtime  
An' I'm glad t' see y' here!  
You hain't aged a smitchen  
Since y' stopped with us las' year!

Yes, I've aged a leetle—

An' my ol' roo-mat-iks,  
'Cause I hain't so young as you.

"Beg pardon, sir," said the waiter, examining the coin, "but this quarter is counterfeit."

"Is that so?" exclaimed the other. "Oh, well, keep it for your honesty."

## Canadian Wheat Best

Among cereals that are commonly used for human food, such as rice, corn, oats, barley, etc., there are none to compare with the whole wheat. Canadian wheat thoroughly cooked and taken with milk is a perfect food for the human system. Bread and milk make a good food, but usually bread is not cooked enough to get the best results. By chemical analysis there is found a great difference between the bread crumb and bread crust. Owing to the action of heat the bread crust contains about one-third less moisture than the crumb; six times more fat; 40 per cent. more protein; twice the quantity of soluble matter; 60 per cent. more maltose and three times more dextrine, all due to heat action.

Orange Meat (which contains the whole wheat) is so prepared that every ounce will be affected like the bread crust. No kitchen with ordinary apparatus can produce this effect.

To persistent users of Orange Meat a large reward is offered. See their private postcard enclosed in every package of Orange Meat detailing particulars of how to win a cash prize of seven hundred dollars or a life annuity of fifty-two dollars.

If you enter this contest, send post card to Orange Meat, Kingston, giving full name and address, and mention the paper in which you saw this advertisement.
