

LAY FOR WEEKS AT DEATH'S DOOR

**BUT DODD'S KIDNEY PILLS
CURED MRS. THOMPSON'S
DROPSY.**

**It Started with Backache and grew
Worse till the Doctor said She
Must Die.**

Holt, County, May 17. (Special).—All the countryside here is ringing with the wonderful cure of Mrs. Samuel Thompson, who lay at the point of death for weeks, swollen with Dropsy so that the doctor five different times decided to tap her, but desisted because, as her husband said, "It might be better to let her die in peace." After the doctor had given her up Dodd's Kidney Pills cured her.

Mrs. Thompson's terrible trouble started with a pain in the back. She grew worse, and the doctor treated her for jaundice for eight weeks. Then her feet and legs began to swell, and it was realized that Dropsy was the trouble. For seven months she suffered. The doctor said there was no hope; she must die.

As a last resort Dodd's Kidney Pills were tried. The improvement was slow but gradually her strength came back. To-day Mrs. Thompson is a well woman. She says, and the countryside knows, she owes her life to Dodd's Kidney Pills.

If the disease is of the Kidneys, or from the Kidneys, Dodd's Kidney Pills will cure it.

PLUCKING THE OSTRICH.

Have you ever been on an ostrich-farm? Perhaps not; but you wear an ostrich-plume in your Sunday hat! If you don't you would like to; so you will appreciate a few facts about the winged benefactor of womankind. Ostrich-feathers are not plucked, but "clipped," and during the process the animal roars like a house afire. Sometimes he kicks out, and the best plan to escape his pedal extremities is to fall flat on the ground. In order to combat this dangerous habit, ostrich-farmers usually drive the ostriches into "plucking-boxes." These are little pens made for the purpose, and are just large enough for one ostrich to stand in. After the door is shut, the bird cannot kick, as the sides are too high, and he is kept quiet by means of a great cloth mitten, which is drawn over his head. The feathers are removed with shears, and in a little time the ostrich recovers his equanimity.

SIMILARITY.

"Are we free men or are we slaves?" thundered the orator. "I pause for a reply."
"Well, most of us are married," came the answer from the very last row of seats.

They Cleanse While They Cure.—The vegetable compounds of which Parmelee's Vegetable Pills are composed, mainly dandelion and mandrake, clear the stomach and intestines of deleterious matter and restore the deranged organs to healthful action. Hence they are the best remedy for indigestion available to-day. A trial of them will establish the truth of this assertion and do more to convince the ailing than anything that can be written of these pills.

NEXT, PLEASE.

An employer, having occasion to consult a detective regarding one of his clerks who had absconded, was asked to describe the missing man.

"Well," said the employer, "his hair is dark, face rather sallow, and he has a Roman nose."

"I am afraid you will not succeed in finding him if he has a Roman nose," replied the detective, "because a Roman nose never turns up."

SENTENCE SERMONS.

The pretense of piety makes a reality of impiety.

Faith is following truth even though no one sees you.

The absences of the divine are always due to our blindness.

All our aspiration has to be measured by our perspiration.

Reform is a matter of reinvigoration rather than of uprooting.

Some are so anxious to be good that they are good for nothing.

Measure the appreciation you bestow by that which you desire.

The religion that cannot live in business has no business to live.

Lives are to be measured by their outgoings, not by their income.

The first private goodness grows out of devotion to public welfare.

One of the most popular ways of dodging a duty is to write a book describing it.

You may know how heaven regards money when you see the people who have it.

They who have done least to prevent sin always want to do most in punishing it.

Some men are sure they are humble because they can think only in diminutives.

Many a church that rails at bibulous indulgences is eager for mental anesthesia.

When the church acts as an umpire it usually waits until the cup has been stolen.

The people who seem to have religion on the brain usually have no brains in their religion.

When your neighbors wish you were in heaven you may be sure you are not headed that way.

The only hope some have of staying in their heaven is that no wind will arise sufficient to blow any chaff over the walls.

A MINISTER'S GRATITUDE.

**Zam-Buk Cured a Face Sore which
Defied all other Remedies
for Two Years.**

Rev. Charles E. Stafford of Bridgeburg, Ont., says:—

"I had been much troubled for over two years with a sore on my left cheek. I tried all kinds of salves and lotions, but nothing I procured seemed to have the least bit of effect towards healing the sore. Hearing of Zam-Buk, I decided to give it a trial, and see if it would bring about a cure, as so many other things had failed. I purchased a supply, and commenced with the treatment. After several applications, to my great joy, Zam-Buk has effected what for two years I tried in vain to bring about—a complete cure."

Case after case could be quoted in which, as in the above instance, Zam-Buk has worked cures when everything else tried had failed. There is a reason for this. Zam-Buk is the ideal remedy because of its unique ingredients for all skin injuries and diseases.

Away back in the days of the Roman gladiators, secret balms were used for the healing of cuts and injuries sustained in the arena and in battle. Then came a period during which external balms were neglected, followed by a period in which all the salves and embrocations had as their base animal fats and oils. Zam-Buk marks a new epoch. It is absolutely devoid of all animal fats, all mineral coloring matters, and is composed entirely of rich medicinal herbs, and extracts. Zam-Buk is a combination of Nature's rich healing herbal juices by the most modern scientific methods, and the result is a balm which cures when others fail.

Skin diseases, such as eczema, ringworm, salt rheum, and prairie itch, are speedily overcome by it. For psoriasis it is especially the pain and inflammation, and hastening a cure. It also cures burns, scalds, cuts, ulcers, children's sores and eruptions, blood-poisoning, scratches, old wounds, varicose ulcers, &c. All Druggists and Stores sell at 50c. a box, or post-free for price from Zam-Buk Co., Toronto. Refuse harmful and cheap imitations, sometimes represented as "Just as good."

A woman dislikes a neighborhood either because there is too much gossip or because there isn't enough.

The transition from winter's cold to summer's heat frequently puts a strain upon the system that produces internal complications, always painful and often serious. A common form of disorder is dysentery, to which many are prone in the spring and summer. The very best medicine to use in subduing this painful ailment is Dr. J. D. Kellogg's Dysentery Cordial. It is a standard remedy, sold everywhere.

THE ADVANCE NOTICE.

A volume might be collected of innocent but barbarous perversions of the English language. The latest comes from the projectors of a new Siamese newspaper, who have distributed the following notice:

The news of English we tell the latest. Writ in perfectly style and most earliest. Do a murder git commit, we hear of and tell it. Do a mighty chief die, we publish it, and in borders of sombre. Staff has each one been college, and write like Kipling and the Dickens. We circle every town and extortionate not for advertisements. But it. Buy it. Tell each of you its greatness for good. Ready on Friday. Number one.

TOMMY WOULDN'T SPEAK.

"Now, children," said the teacher, "supposing a tiger were to seize one of you in its hungry jaws and carry you off into the jungle, what would you do?"

No reply.

"No, Tommy," she continued, pointing to one of the brightest youngsters.

Tommy hesitated.

"Come, Tommy," she said, "Would you try for help?"

"No, ma'am," said he; "mother says little boys shouldn't speak at meal times."

Pills of Attested Value.—Parmelee's Vegetable Pills are the result of careful study of the properties of certain roots and herbs, and the action of such as sedatives and laxatives on the digestive apparatus. The success the compounders have met with attests the value of their work. These pills have been recognized for many years as the best cleaners of the system that can be got. Their excellence was recognized from the first and they grow more popular daily.

Statistics of life insurance companies show that in the last twenty-five years the average length of a man's life has increased two whole years—from 41.9 to 43.9 years.

A Woman's Sympathy

Are you discouraged? Is your doctor's bill a heavy financial burden? Is your pain a heavy physical burden? I know what these mean to delicate women—I have been discouraged too, but learned how to cure myself. I want to relieve your burdens. Why not end the pain and stop the doctor's bill? I can do this for you and will if you will assist me.

All you need do is to write for a free box of the remedy which has been placed in my hands to be given away. Perhaps this one box will cure you—it has done so for others. If so, I shall be happy and you will be cured for 2c. (the cost of a postage stamp). Your letters held confidentially. Write to-day for my free treatment. MRS. F. E. CURRAH, Windsor, Ont.

ORANGE MEAT LEADS

In a long series of digestive experiments carried on by Professor Harcourt, of the Guelph Agricultural College, with the Human Subject, taking all the necessary precautions to insure accuracy, he determined the digestibility of various cereals and furnished the following results:

Percentage of the constituents digested:	Organic Matter.	Calories per gram.
Orange Meat	93.4	3,733
White Bread	98.1	2,468
Entire White Bread	94.8	2,256
Graham Bfeed	92.5	2,296

According to his determination ORANGE MEAT is 50 per cent. more valuable as a food than bread.

To persistent users of ORANGE MEAT a large reward is offered. A private postcard in every package of ORANGE MEAT gives details of how to get a cash prize of Seven Hundred Dollars, or a life annuity of Fifty-two Dollars.

If you enter this contest, send post card to Orange Meat, Kingston, giving full name and address, and mention the paper in which you saw this advertisement.
