

**LOCAL OPTION RESULTS**

Monday's voting on Local Option was on the whole a victory for the temperance people, though there were a number of disappointments. Over seventy municipalities carried the by-law, cutting off more than 2,500 bars, and had it not been for the three-fifths clause, fifty more victories would have been recorded for the temperance forces. Out of ten places voting for repeal only two—namely Grimsby and Hensall—voted to return to the license system. Newmarket went Local Option by 492 to 252, but Aurora, although getting a majority of 36, did not come up to the three-fifths requirement, consequently the bars will be retained. King township also had a majority for the by-law, but not sufficient to overcome the handicap. Orillia, by a large vote, will continue dry, and Collingwood also rolled up a good majority in favor of no bars.

In Brantford the result was disappointing to the temperance party who carried the day by over 800, which, however, is a few below the three-fifths requirement. Peterboro rolled up a magnificent vote, but not sufficient to satisfy the demands of the measure.

**Card of Thanks**

Just a word to thank those lady and gentlemen electors of the Village of Richmond Hill who so ably supported me for the Reeveship last Monday. I did not get the coveted position, but came so close that either stood on the brink of the precipice, and I was the unfortunate one to fall, but regained my normal position without hurt or injury. If all goes well I shall be in the field next year, and ask for a continuance of the support granted this year and a few more promised friends and victory is assured.

**MUSKOKA FREE HOSPITAL FOR CONSUMPTIVES**

MUSKOKA FREE HOSPITAL FOR CONSUMPTIVES. MAIN BUILDING FOR PATIENTS.

A national institution that accepts patients from all parts of Canada. Here is one of hundreds of letters being received daily:—

John D. McNaughton, New Liskeard, Ont.: A young man not belonging here, and suffering from, it is believed, consumption, is being kept by one of the hotels here. He has no means and has been refused admission to our hospital. The conditions where he is offer him no chance. Could he be admitted to your Free Hospital for Consumptives? If not, could you inform me where he can be sent, and what steps are necessary to secure prompt admittance? NOT A SINGLE PATIENT HAS EVER BEEN REFUSED ADMISSION TO THE MUSKOKA FREE HOSPITAL BECAUSE OF HIS CRIBER INABILITY TO PAY.

Since the hospital was opened in April, 1902, one thousand five hundred and twenty-four patients have been treated in this one institution, representing people from every province in the Dominion. For the week ending November 20th, 1909, one hundred and twenty-five patients were in residence. Ninety-six of these are not paying a copper for their maintenance—absolutely free. The other twenty-nine paid from \$2.00 to \$1.00 a week. No one pays more than \$4.00. Suitable cases are admitted promptly on completion of application papers.

**A GRATEFUL PATIENT**

Norah P. Canham: Enclosed you will find receipt for my ticket from Gravenhurst, hoping that you will be able to oblige me with the fare. I was at your Sanatorium ten months, and I was sent away from there as an apparent cure. I am now working in the city, and I am feeling fine. I was most thankful for the care I got from the doctors and staff, and I must say that I spent the time of my life while I was there.

TAKING THE CURE IN WINTER AT MUSKOKA FREE HOSPITAL FOR CONSUMPTIVES.

The Muskoka Free Hospital for Consumptives is dependent on the good-will and gifts of the Canadian public. Money is urgently needed at the present time to make it possible to care for the large and increasing number of patients that are entering the institution.

**HYSLOP BICYCLES**

Bicycles are rapidly coming back into popular favor, the demand this year being five times what it was five years ago. We have planned for it in two ways—by getting the very best English wheel we can for popular selling, and saving to our customers all intermediate profits by filling orders direct by mail instead of through agents. In this way we can offer

**\$50 Wheels for \$25**

and give better satisfaction all round. The quality of the wheels is all right—only the best materials used and only skilled mechanics employed in construction. The equipment is right up-to-date and the machines throughout are such as we can thoroughly recommend. We sell automobiles as well as bicycles and our plan is to make wheels serve as a good advertisement to the entire business. Send for illustrated folder.
