

SUFFERED FOR SIX LONG YEARS

THEN DODD'S KIDNEY PILLS CURED MRS. RICHARD'S DIABETES.

Her Rheumatism also Vanished When Dodd's Kidney Pills Put Her Kidneys in Condition to do Their Work.

East Chezzetcook, Halifax Co. (N. S.), Feb. 7.—(Special.)—Cured of Diabetes and Rheumatism from which she had suffered for six years, Mrs. Boniface Richard, well known here, is joyfully telling her neighbors that she owes her health to Dodd's Kidney Pills and to no other cause.

"My Rheumatism and Diabetes were brought on by cold and strain, and though I was attended by a doctor he could not help me. After suffering for six years I made up my mind to try Dodd's Kidney Pills and to my surprise they did me good almost at once. Two boxes cured me completely. I recommend them to everybody as a cure for Diabetes, Backache and all other Kidney Diseases."

Dodd's Kidney Pills cured Mrs. Richard's Diabetes because Diabetes is a Kidney Disease, and Dodd's Kidney Pills cure all Kidney Diseases. Mrs. Richard's Rheumatism was caused by her diseased Kidneys failing to take the uric acid out of her blood. When her Kidneys were cured they strained the uric acid out of her blood and her Rheumatism vanished.

SHE HAD LISTENED.

It was a private entertainment, and a lady had just risen from the piano.

"Wouldn't you like to be able to sing and play, my dear?" she queried of a little five-year-old miss.

"No, ma'am," was the unexpected reply.

"And why not?" asked the lady. "Cause," explained the small observer, "I wouldn't like to have people say such horrid things about me."

This assertion can be verified by hundreds who have tried it and are pleased to bear testimony to its merits, so that all may know what a splendid medicine it is. It costs you only 25 cents to join the ranks of the many who have been benefited by its use.

& O. liner Oceana, outward bound for Bombay.

Near Cape Finisterre the Oceana met a French schooner yacht, which was flying signals of distress. Communication was established, and the yacht signalled: "Short of water. Want doctor."

A heavy sea was running, but after some difficulty one of the Oceana's boats was launched and put out to the distressed vessel. It was found she was the Argus, fifteen days out from Dieppe, bound for Marseilles. For three days the crew had had no water and been "reduced" to living on champagne and claret!

Some of the crew were suffering from fever, and these were attended to by the doctor. The Oceana's boats made two trips in all to the yacht, the trips occupying over two hours, owing to the rough weather.

In exchange for water the crew of the Argus gave away a large quantity of wine to the Oceana's crew, saying they "were tired of it."

The incident, with its obvious moral, has caused great amusement among the Oceana's passengers.

"I cannot imagine anything more painful and tantalizing than being forced to drink wine to quench one's thirst," said a well-known diet specialist. "Champagne and claret, both temporarily stimulating, tend to dry up the blood and create a demand for water. If there is no water the sufferer has to drink more wine. The result is that the digestion is disorganized, and very often acute gastritis and fever set in. After three or four days of wine-drinking a man would be dull and sluggish. He would loathe the sight of the champagne or claret which he had to drink."

But she remembered, and when she contracted a weak back there was another customer for Electric Oil.
