RICHMOND HILL, ONT., FEB. 24, 1910

At a meeting of the citizens of Richmond Hill held in the Council Chamber on the 3rd of December, called for the purpose of considering the advisability of closing the stores at 6 o'clock p.m. on certain evenings of the week, a resolution was also carried, appointing a committee, with instructions to apply for a charter with a view of forming a Retail Merchants' Association. As nearly three months have elapsed since the committee was appointed, no doubt some of our citizens are anxious to know what is being done in the matter.

Monday's World in giving a notice for citizens to attend a meeting to discuss the navy issue, urged the building of one or more dreadnoughts "to help the imperial navy when the expected conflict with Germany occurs." If the German newspapers and German politicians inflame their people by articles similar to those dished up by some Canadians and Englishmen it will be a wonder if war does not take place between the two great nations. To those who hope to see a conflict we would say—talk about war all the time and endeavor to show that Germany is the enemy of Britain notwithstanding her protests to the contrary. It is a rare thing to see a quotation from any German source in which it is suggested that Germany is anxious to fight. Surely that country can claim the right to build dreadnoughts the same as England does.
