

## CURE WAS QUICK AND COMPLETE

### DAME PARENT'S HEART DISEASE CURED BY DODD'S KIDNEY PILLS.

She Suffered for Two Years but Now Advises all Troubled as She Was to Give Dodd's Kidney Pills a Trial.

St. Robert, Richelieu Co., Que., Mar. 28.—(Special).—“I recommend Dodd's Kidney Pills to all my friends.” These are the words of Dame Joseph Parent of this place. And the good dame gives excellent reasons why she does so. “For two years,” she says, “I suffered from Heart Disease, Headache, Backache and a dragging sensation across the loins. Seven boxes of Dodd's Kidney Pills cured me. I hope all who are troubled as I was will give Dodd's Kidney Pills a trial.”

Some people may ask how Dodd's Kidney Pills, which are purely a Kidney remedy, can cure Heart Disease. And the answer is simple. Diseased Kidneys fail to drain the impurities out of the blood. If these impurities are left in the blood they not only increase the work of the heart in propelling the blood through the body, but act on the valves causing disease. Pure blood removes the cause of the disease. Dodd's Kidney Pills make pure blood by putting the Kidneys in condition to strain all the impurities out of it.

Mind your own business and some day you will be minding a business of your own.

A Pleasant Purgative. Parmelee's Vegetable Pills are so compounded as to operate on both the stomach and the bowels so that they act along the whole alimentary and excretory passage. They are not drastic in their work, but mildly purgative, and the pleasure of taking them is only equalled by the gratifying effect they produce. Compounded only of vegetable substances the curative qualities of which were fully tested, they afford relief without chance of injury.

### AN IMPORTANT INVENTION.

#### Stomach Telescopes Will be of Great Assistance to Physicians.

The “stomach telescope,” or gastroscope, invented at the London Hospital, London, England, last year, has proved to be of the greatest value in the diagnosis of stomach disorders. An eminent surgeon recently referred in the highest terms to the advances lately made at that hospital in the early detection of diseases of the stomach by means of this instrument, which will in the immediate future probably come to be part of the equipment of every up-to-date hospital. The gastroscope now enables the physician or surgeon to actually see for himself the exact condition of the whole of the interior of the stomach, the slightest ulceration, growth or other abnormality in the lining membrane being thus readily observed. To be able to do this is of very greatest importance in suspected cancer of the stomach, where the only hope of cure lies in the eradication of the cancerous growth at the very earliest moment. This means that the increased use of the gastroscope will in the future save many lives that would otherwise inevitably be lost through that disease.

Pains Disappear Before It.—No one need suffer pain when they have available Dr. Thomas' Electric Oil. If not in the house when required it can be procured at the nearest store, as all merchants keep it for sale. Rheumatism and all bodily pains disappear when it is applied, and should they at any time return, experience teaches the use of the Oil how to deal with them.

The best cure for worry is to find some one who needs your help.

In its initial stages a cold is a local ailment easily dealt with. But many neglect it and the result is often the development of distressing seizures of the bronchial tubes and lungs that render life miserable for the unhappy victim. As a first aid there is nothing in the handy medicine line so certain in curative results as Bickle's Anti-Consumptive Syrup, the far-famed remedy for colds and coughs.

“So do I feel sorry for him, if he's as disagreeable company for himself at night as he is for other people in the daytime.”

### HE COULDN'T ESCAPE.

“Do you believe in fate?” he asked as he snuggled closer.  
“Well,” answered the girl, “I believe that what's going to happen will happen.”

### SOME HABITS OF THE FLY.

Concerning his experiences while studying the life and habits of the house fly, Henry Hill, the well-known lecturer, states: “I wish I could explain why a fly never walks down, but always up a clean window pane, and why on the other hand it will walk down the slanting glass front of a picture. It is also a mystery to me why a fly always rests head downward on a wall. These are habits of the house fly which offer a field of interesting study.”—London Standard.

## SAVED HER FINGER.

Mrs. B. E. Bedwell, of 337 Provencher Ave., St. Boniface, Winnipeg, says:—“Some time ago my children took diphtheria, and while attending them the poison entered a small scratch on the second finger of my left hand. This became very sore and blood-poisoning soon set in. For months after the children were quite well I was suffering from a shockingly bad finger. The scratch was caused originally by a pin, and in itself, was not at all serious. The consequences, however, of neglecting this scratch, were very serious to me. “When the blood-poisoning set in I tried poultices and a salve I had in the house. These, however, did not have the desired effect. Quite on the contrary the finger became more and more swollen and discolored. It then began to fester, and I had to call in a doctor. He lanced the finger to let out the pus, and you can imagine how painful the finger was! Despite his care, however, it again festered and the ointments, liniments, and other preparations which the doctor gave me seemed absolutely unable to bring about any relief. “The doctor thereupon advised me to go into the St. Boniface Hospital. I feared that if I went to the Hospital the finger would be amputated. We were told of a case similar to my own in which Zam-Buk had effected a cure when everything else had failed and the doctor had said that only amputation could save the person's hand. “We, therefore, decided to give Zam-Buk a trial. A supply was procured, and we commenced the Zam-Buk treatment. It only needed a few days to show the wisdom of this step. The blood-poisoning and inflammation were reduced, the pain became less acute, and it was evident very shortly that the trouble was being reduced to a less and still less area. We persevered with the Zam-Buk and in the end the festering sore was thoroughly cleaned, then healed. In under three weeks from first commencing with Zam-Buk, the finger was entirely well and had we applied Zam-Buk in the first place, instead of trying ordinary preparations, no doubt I should have saved myself hours and hours of acute agony.” All mothers should note this case. Zam-Buk is a sure cure for blood-poisoning, festering cuts, scratches from barbed wire, bruises, eczema, rashes, tetter, salt rheum, face sores, ulcers, piles, bad leg, varicose veins, and all skin injuries and diseases. Also a box, all druggists and stores or post-free from Zam-Buk Co., Toronto, for price. Send to stamp for postage of free trial box. Refuse all imitations.
