BLAND—CLUBINE.
A very pretty wedding took place at the home of Mr. and Mrs. W. F. A. Clubine, 515 Church St., Toronto, on the 81st ult., when their eldest daughter, Flossie Irene, was united in marriage to William T. Bland. The bride, who was given away by her father, looked charming dressed in silk crepe chenille with spangle net and pearl trimmings. She carried a bouquet of maiden hair ferns, bridal roses and lilies of the valley, and was assisted by her sister, Pearl, who looked pretty in pink flowered voile carrying a pink bouquet, and wearing the gift of the groom, a three-pearl ring, while her sister Verna played Mendelssohn's wedding march. The groom took his place by the altar, surrounded by palms, ferns and marguerites. He was assisted by P. N. Clubine, brother of the bride, wearing the gift of the groom, a pearl tie pin. The Rev. Dr. Hazelwood performed the ceremony in the presence of immediate relatives and friends. While the register was being signed Mr. Melville Davy sang "Oh Promise Me," assisted by Miss Whale, after which the guests repaired to the dining room, where a dainty dejeuner was served, the tables being decorated with ferns and pink carnations. After the good things were partaken of the happy couple left amid showers of confetti and best wishes in a taxicab for the station, taking train for Buffalo and other American cities. The bride was the recipient of many pretty and useful presents.—Com.

The old fashioned way of dosing a weak stomach, or stimulating the Heart or Kidneys is all wrong. Dr. Shoop first pointed out this error. This is why his prescription—Dr. Shoop's Restorative—is directed entirely to the cause of these ailments—the weak inside or controlling nerves. It isn't so difficult, says Dr. Shoop, to strengthen a weak Stomach, Heart or Kidneys, if one goes at it correctly. Each inside organ has its controlling or inside nerve. When these nerves fail, then those organs must surely falter. These vital truths are leading druggists everywhere to dispense and recommend Dr. Shoop's Restorative. Test it a few days and see! Improvement will promptly and surely follow. Sold by W. A. Sanderson.

A DIRECTORY OF BREEDERS OF PURE BRED STOCK.
The Branch of the Live Stock Commissioner at Ottawa has issued a revised edition of the Directory of breeders of pure bred live stock in Canada. According to the preface page the work is a compilation of information received through correspondence from breeders in all the provinces in regard to the size of their breeding herds, and the number of males and females of the several breeds they have for sale. The Directory is prepared to assist persons in locating herds, studs and flocks in their respective neighborhoods, or in distant provinces from which pure bred animals may be procured. It is stated in the Directory that copies will be sent to ranchmen, stock breeders, secretaries of farmers' institutes, agricultural societies, live stock associations, and others who may apply for them.

Rheumatic poisons are quickly and surely driven out of the blood with Dr. Shoop's Rheumatic Remedy—liquid or tablet form. Dr. Shoop's booklet on Rheumatism plainly and interestingly tells just how this is done. Tell some sufferer of this book, or better still, write Dr. Shoop, Racine, Wis., for the book and free test samples. Send no money. Just join with Dr. Shoop and give some sufferer a pleasant surprise. Sold by W. A. Sanderson.

WEEKLY HOME PAPER.
The Weekly Globe and Canada Farmer with its illustrated magazine section has few equals. There are several features which are worthy of mention. Under the heading of the Farmers' Club great interest is taken in all that pertains to the farm and rural affairs. Other interesting sections are the Household Page, the Home Health Club, the Public School column, the Sunday School column, &c. The editorial page is always interesting, and the magazine section is a welcome weekly visitor.

Elgin Mills.
The funeral of the late Jas. Newton, senior member of the Newton Tanning Company, was very largely attended last Saturday afternoon. Many old friends from Toronto, Aurora, Newmarket, and other places, who had long been associated with him socially, and along business lines, were present to show their last mark of respect to one who had been well known and highly esteemed for many years.
Last Thursday Principal Scott of the Normal School, Toronto, called on Mr. R. W. Munro, the teacher of our school, No. 4, Markham, and 21, Vaughan, and made arrangements to send a number of student teachers out the following week. The object is to allow the students the opportunity to get experience in teaching in ungraded schools. Three or four student teachers may now be found in every Public school along Yonge street, between Toronto and Jefferson.
The young men of this section of the country, who take pride in a natty suit, are learning that it is not necessary to go to the city for up-to-date clothing. Naughton Bros. are agents for "Hobbelin" tailoring, and the garments turned out by these experts may be depended upon every time.
The boom in farm property is extending as far north from Toronto as Elgin Mills. Some of the farmers in this section have recently received good offers, but they do not seem anxious to sell.
Mr. Wm. Robinson is improving his farm property by a neat wire fence along Yonge street. This will add greatly to its appearance.

THE DELINEATOR FOR MAY.
An article of vital interest to every woman is "The Day of the Woman," by Professor Charles Zueblin, in THE DELINEATOR for May. It goes to the bottom of the phase of life which sends a woman into the commercial world, and advances some new ideas that are worth turning over many times. "The New Housekeeping," after pointing out that many of the present-day wife's cooking utensils were used in the prehistoric ages, outlines all that is new in the kitchen. "The Widow of an American Diplomatist" goes to Rome in this issue with her bright charm and way of seeing things. Rupert Hughes has a splendid article on "What Every body Ought to Know About Music." The fiction is by Annie Hamilton Donnell, Kate Jordan, Mary Stewart Cutting and Theodosia Garrison, which is enough to be said for any magazine. The three fashion authorities, Clara E. Simcox, Edouard La Fontaine and Helen Berkeley-Lloyd, outline the very latest in the world ruled by Dame Fashion. The Delineator for May is both entertaining and helpful.

If Sick
Don't risk even one single penny!
And I will tell you why I say this. It is because every package of Dr. Shoop's medicine is absolutely free if it fails. No one need risk even one single penny. Just think what this means to the suffering sick!
No risk, no expense, nothing whatever unless health first returns. For 30 full days, and without the risk of a single penny, you can use either of my two famous remedies—Dr. Shoop's Restorative or Dr. Shoop's Rheumatic Remedy.
Then why take any chance whatever?
Why purchase any medicine whose maker dare not back it just as I do by this remarkable offer?
And besides, I am no stranger to you. My "No Pain" pain has made Dr. Shoop's Restorative a household name in every drug store in the land. The doctor said, "We take no chance who ever here."
For twenty years Dr. Shoop's medicines have become thoroughly standardized all over America. And I have admitted honest and responsible druggists in every city and village every selected drug store available. My medicines with the sick—and the entire risk is mine alone.
But write me first for an order.
I have an agent in almost every community—but all druggists are not authorized to grant the 30 day test.
So drop me a line, please—and thus save all disappointments and delays.
Besides, you are free to consult me by letter as you would your home physician. Do so freely below are yours—and without cost. Perhaps a word or two from me will clear up some serious ailment. I have helped thousands upon thousands by my private prescription or personal advice plan.
Besides, the books will open up new and helpful ideas to you. They tell of my 30 years experience at the bedside in homes and in Hospitals. All phases of sickness and relief are told of here. They tell of a "new idea" inside nerve no larger than a silken thread that gives to the Heart its impulse. How the Stomach and Kidney each have their inside or power nerve. How these organs surely falter when these controlling or master nerves begin to fail. How Dr. Shoop's Restorative goes directly to these falling nerves and rebuilds, and restores the lost zone and power. It can surely help you—if it is within the power of medicine to do so. My best effort is surely worth your simple request. So write now, while it is fresh in mind, for tomorrow never comes. Dr. Shoop, Box 12, Racine, Wis.
