**DODD'S KIDNEY PILLS CURED MR. F. McAULIFFE'S LUMBAGO.**

**Lachute Man, After Fourteen Years Suffering, Finds Health and Strength in an Old Reliable Kidney Remedy.**

Lachute, Que., April 18 (Special)—After fourteen years of suffering, which started from pleurisy, followed by dropsical swellings, and culminated in Lumbago, and confined him to his bed, Malachi F. McAuliffe, a well-known resident of this place, has entirely recovered his health, and he says without hesitation, "I am sure I owe it entirely to Dodd's Kidney Pills."

"I was laid up with Pleurisy, which affected my kidneys," Mr. McAuliffe continues. "I suffered a great deal of pain, especially in my back. I was also terribly troubled with dropsical swellings, and finally, after many attempts to get rid of my trouble, I found myself compelled to give up and was confined to my bed with Lumbago. I tried many medicines but they failed to do me any good. Then I turned to Dodd's Kidney Pills, and after taking one box I felt greatly relieved. I took several more boxes and found myself completely cured."

Dodd's Kidney Pills always cure any and all forms of Kidney Disease.

**LONG LIFE ASSURED.**

Visitor—"You must have a remarkably efficient Board of Health in this town?"

Shrewd native—"You are right about that, I can tell you."

"Composed of scientists, I presume?"

"No, sir. Scientists are too theoretical."

"Physicians, perhaps?"

"Not much. We don't allow doctors on our Board of Health—no, sir—nor undertakers, either."

"H'm! What sort of men have you chosen, then?"

"Life insurance agents."

**Nip Disease in the Bud.**—It is difficult to eradicate a disease after it has become seated, therefore it is wise to take any ailment in its initial stages and by such remedies as are sufficient, stop it in its course. Cold is the commonest complaint of man, and when neglected leads to serious results. Dr. Thomas' Electric Oil will cure the severest cold or most violent cough.

**EARLY USE OF IRON.**

**Reason for Believing It Originated in Central Europe.**

The iron age is commonly believed to have begun in Africa or Asia. The latest investigations prove that it was not worked in Egypt until the ninth century before the Christian era, or in Libya until 450 B. C., that the Semites adopted its use still later, and that it has been known in Uganda only with the last five or six centuries. In China iron is mentioned in 400 B. C. Bronze weapons were employed in China until 100 A. D., and in Japan until 700 A. D.

According to a Mr. Ridgeway, who has investigated this subject, the metallurgy of iron must have originated in central Europe, especially in Noricum, which approximately represented modern Austria and Bavaria. Only at Hallstatt and in Bosnia and Transylvania, from which countries the Achaeans and Dorians are supposed to have migrated to Greece, are found evidences of a gradual introduction of iron, at first as an ornament applied to the bronze, which it ultimately displaced. Everywhere else iron was introduced suddenly, a fact which implies a foreign origin.

Meteoritic iron was known in Egypt in remote antiquity, but no doubt it was worked as flints were worked, by cutting or chipping, and was not smelted. In other words, it was the metallurgy, not the knowledge of iron, that originated in central Europe.

Fullcash obeys; and the whisperer, whose name is Sikes, ambles gently downstairs and out of the back door with his booty.

**BABY BADLY BURNED.**

The young daughter of Mrs. T. S. Dougall, 523 Flora Avenue, Winnipeg, was arranging some of her doll's washing on a clothes rack, when she fell, and her hand came in contact with the hot stove. She sustained a serious burn, and her screams brought her mother quickly to the spot.

"I sent to the druggist for the best remedy he had for burns," she says, "and he sent back a box of Zam-Buk. He said that there was nothing to equal it. I applied this, and it soothed the pain so quickly that the child laughed through her tears. I bound up the hand in Zam-Buk, and each day applied Zam-Buk frequently and liberally, until the burn was quite cured."

"I would recommend all mothers to keep Zam-Buk in the home." All druggists and stores sell Zam-Buk at fifty cents box. Post free from Zam-Buk Co., Toronto, for price. Refuse all imitations.

**ALL DEPENDED.**

At the courts a case concerning motor-driving was being heard, when the chauffeur declared that when driving at forty miles an hour he could, if necessary, pull up in eight or ten feet.

"H'm!" said the judge. Then the next witness—an expert—gave his evidence.

Said his Lordship: "A motor-car were travelling at forty miles an hour, and the brakes could be put on in such a manner as to stop it within ten or twelve feet, where would the driver go?"

"Depends very much on the sort of life he'd been living," said the expert.
