ELEVEN WERE KILLED.

Two others were horribly injured, but it is expected they will recover. The dead are all Mexicans, except the engineer, G. S. Monaghan.

Toronto's estimated expenditure for the year is \$6,868,755.

FOUR AERONAUTS KILLED.

Their Balloon Fell in a Thunder Storm.

A despatch from Bitterfeld, Prussian Saxony, says: The balloon Deliusch, which ascended here on Saturday evening, fell to the earth near the village of Reichensachsen, about twenty miles northwest of Eisenach, in a thunderstorm. The crew, consisting of four men, were killed. The balloon passed over Eisenach at midnight and soon drifted into a thunderstorm. It is assumed that it was struck by lightning and that the gas exploded. The envelope was in tatters when found and the car wrecked.

An unlucky speculation with a legacy turned his head, and he declared Schofield was the cause of his ruin.

TWENTY MEN WERE BURIED

Shocking Accident on Ha Ha Bay Railway Near Alphonse, Quebec.

A despatch from Quebec says: News was received Thursday evening from St. Alphonse, Saguenay County, of a terrible accident which occurred on Thursday afternoon about five o'clock, on the line of the Ha-Ha Bay Railway, about three miles from St. Alphonse. It appears that while blasting in an earth dump, the man working the battery did not give the workmen sufficient time to get out of the way. The mine exploded with terrific force, burying some twenty men under a huge pile of earth and rock. Up to a late hour ten men

had been taken out, two of them dead and three seriously injured. The work of rescue is being pushed with much vigor.

The chief engineer, Mr. Ladistis Gagne, had just arrived on the spot when the explosion occurred, and he is buried in the debris. It is impossible to get the names of the men killed and injured, or those buried at the present writing, but it is said there were only nine French-Canadians working in the gang at the time of the explosion, the remainder of the men being foreigners.

Before taking his own life Hunter left a letter for the Coroner.

A wireless signal system is to be tested on the C. P. R.
