

**PRACTICAL FARM IMPROVEMENT.**

Practical articles by prize winning farmers, and many articles touching upon farm improvements, are features of the latest issue of that agricultural weekly published in Peterboro, Farm and Dairy. The issue which is dated May 5th, is the second annual Farm Improvement Number. It is well up to the unusually high standard that has been set for these special magazine numbers.

The leading article deals with a Canadian farm boy who has made an international reputation for himself in connection with agricultural college and experimental work in various states of the American Union. Farm sewage disposal is dealt with at length and is fully illustrated by Prof. Edwards of the Ontario Agricultural College. Subjects upon which a farmer needs special information at the present time such as silos, wells, tree planting and special crops, and many other subjects equally important, are dealt with in this Farm Improvement Number. An illustrated article on water systems in country homes, by George F. Snyder, Ridgeway, Ontario, is a feature of the Household Department.

The Farm Improvement Number sells for 10 cents per copy. It can be had free if included in a year's subscription which is only \$1.00. Subscriptions will be taken through this office. Start your subscription with this Special Farm Improvement Number.

If your Stomach, Heart or Kidneys are weak, try at least, a few doses only of Dr. Shoop's Restorative. In five or ten days only, the result will surprise you. A few cents will cover the cost. And here is why help comes so quickly. Dr. Shoop doesn't drug the Stomach, nor stimulate the Heart or Kidneys; Dr. Shoop's Restorative goes directly to the weak and failing nerves. Each organ has its own controlling nerve. When these nerves fail, the depending organs must of necessity falter. This plain, yet vital truth, clearly tells why Dr. Shoop's Restorative is so universally successful. Its success is leading druggists everywhere to give universal preference. A test will surely tell. Sold by W. A. Sanderson.

**FARM PROFITS**

May be largely increased by knowing the exact condition of the farmer's market, and by learning of the best method in farm practice. This is precisely the sort of information the Farmers' Weekly Sun gives in every issue. It has no equal as a Farmer's Business Paper. Good farmers rely on it. For price see our clubbing offer.

must win upon their merits. The International Dictionary has won a greater distinction upon its merits and is in more general use than any other work of its kind in the English language.

A. H. Sayce, LL.D., D.D., of Oxford University, England, has recently said of it: "It is indeed a marvelous work; it is difficult to conceive of a dictionary more exhaustive and complete. Everything is in it—not only what you might expect to find in such a work, but also what few of us would ever have thought of looking for. A supplement to the new edition has brought it fully up to date. I have been looking through it latterly with a feeling of astonishment at its completeness, and the amount of labor that has been put into it."
