

ONE WOMAN'S STATEMENT

TELLS HER SUFFERING SISTERS TO USE DODD'S KIDNEY PILLS.

They Proved a Blessing to Her When Her Pains and Weakness Were Almost More Than She Could Bear.

St. George, Man., May 30 (Special).—Hoping to save her sister women in the West from pains and aches which come at the critical times in a woman's life, Mrs. Arsene Vinet of this place has given the following statement for publication:—

"I have brought up a large family and have always enjoyed good health until the last two years. I am fifty-four years of age and at the critical time of life that comes to every woman, I had pains in my right hip and shoulder. I could not lie down two minutes at a time without suffering the greatest agony. Sometimes I awakened with a feeling as if one had laid a piece of ice on my head. Another time it would be a burning pain under the left shoulder.

"I took many medicines but could get no relief, till reading of cures of similar cases to my own by Dodd's Kidney Pills, led me to try them. They did wonders for me.

"I want all women to know what Dodd's Kidney Pills did for me."

Dodd's Kidney Pills cure the kidneys. The woman who has sound kidneys is safeguarded against nine-tenths of the suffering that makes life a burden to the women of Canada.

CLASSIFIED.

"What do you think of Mr. Sporter?"

"He's so nice to everyone I don't think he can be a gentleman."

Minard's Liniment Co., Limited.

Gents,—I have used your Minard's Liniment in my family and also in my stables for years and consider it the best medicine obtainable.

Yours truly, ALFRED ROCHAY, Proprietor Roston Pond Hotel and Livery Stables.

"Were you ever in Cork?" asked Mike. "No," replied Patrick, "but I've seen a lot of draw'n's of it."

Are your corns harder to remove than those that others have had? Have they not had the same kind? Have they not been cured by using Holloway's Corn Cure? Try a bottle.

Beggar—"Say, mister, would you give a pore feller a quarter ter save his life?" Stranger—"I should say not. I'm an undertaker."

A LONG RECORD OF SUCCESS in curing all sorts of cuts, burns and bruises, as well as all bowel complaints, is held by "Painkiller"—over 60 years. Avoid imitations, there is but one "Painkiller"—Werry Davis, 25c. and 50c.

It isn't difficult to love your neighbor's money as your own.

Keep Minard's Liniment in the house.

Gentleman (in railway train)—"How did this accident happen?" Guard—"Someone pulled the cord and stopped the train and the boat express ran into us. It will take five hours to clear the line for us to go ahead." Gentleman—"Five hours? Great Scot! I was to be married to-day." Guard (a married man, sternly)—"Look here, are you the chap who stopped the train?"

"A TRASHY TRINKET."

Pearl Necklace Worth \$15,000 Found in Button Box.

A member of a well-known aristocratic French family, while stopping for a few days at a hotel in the Rue de la Paix, Paris, discovered that her \$15,000 pearl necklace had disappeared from her room. A messenger boy was suspected. He admitted his guilt, but said that he had given the necklace to his mother. The latter, when questioned, expressed astonishment that so much trouble should be taken for a "trashy little trinket," and said she had given it to her daughter-in-law. The younger woman also seemed surprised that the "string of glass beads" should interest the police. She had given them to her little daughter, who, finding the necklace too large, had taken about half the beads off. These were found in a box containing an assortment of buttons, hooks and eyes, etc. The owner of the necklace was so pleased with its recovery that she would not prosecute the family, but the boy has been discharged.

WHITE LUNGS AND BLACK.

In the museum connected with the Edinburgh university is an exhibit that is a striking object lesson of the value of fresh air. A professor has secured the lungs of an Eskimo, a Londoner and a coal miner. He has had them preserved by chemical process and they are now side by side in a glass case. The Eskimo's lungs are pure white, the Londoner's lungs are a dirty brown and the coal miner's lungs are jet black. The Eskimo had kept his lungs clean not because he knew more about breathing than the Londoner or the coal miner, but because he lived in a land of snow fields and spent his time in the open air.

The healthy glow disappearing from the cheek and moaning and restlessness at night are sure symptoms of worms in children. Do not fail to get a bottle of Mother Graves' Worm Exterminator; it is an effectual medicine.

WHEN JACK EXPANDS.

"Jack? Why, he's one of the best boys under the sun."

"Yes, but you ought to see him when the stars are out."

DEAF, LISTEN!

You have used Horns, Trumpets and other Mechanical Devices in the hope of being able to hear, but always found the expected satisfaction was spelled "Disappointment." If you write to Ernest Pratt, 468 Yonge Street, Toronto, you will learn some good news. Do it to-day—better still—do it now!

And more married men would make fools of themselves if their wives would let them.

A Medical Need Supplied.—When a medicine is found that not only acts upon the stomach, but is so composed that certain ingredients of it pass unaltered through the stomach to find action in the bowels, then there is available a purgative and a cleanser of great effectiveness. Parmelee's Vegetable Pills are of this character and are best of all pills. During the years that they have been in use they have established themselves as no other pill has done.

RICH SAM'S SON.

Sam, the son of a wealthy man, was a great favorite with all who knew him, but he heartily detested business. A merchant had engaged him as bookkeeper at a high salary. Nevertheless, Sam got into the habit of reaching the office later and later, until finally he got there about two in the afternoon. When this state of affairs had gone on for a week the merchant remonstrated. "But, my dear sir," returned Sam, "how can I come earlier? I don't get my breakfast until one."

"But get your breakfast earlier."

"How can I? I don't get up till twelve."

"Then get up earlier."

"How can I," pleaded Sam, "when I don't go to bed until daylight?" In the face of such convincing argument there was nothing to be said. "If you'd assume a more genial manner you'd get along better in business," remarked a wife to her husband. "Rot!" rejoined the man. "I tried the genial tack once, and everybody I met wanted to borrow money!"

It takes a flea to make a dog toe the scratch.

DON'T DRUG CHILDREN.

When you give your child a so-called "soothing" medicine you are not curing its sickness. You are merely drugging it into temporary insensibility. The so-called soothing medicines contain opiates, and an overdose may kill the child. When you give little ones Baby's Own Tablets you have the guarantee of a government analyst that this medicine is safe. And you have the word of thousands of grateful mothers that this medicine will promptly cure all minor ailments of childhood. Mrs. Alphonse Roy, Scott Junction, Que., says: "My little one was weak and sickly and used to cry day and night, but since giving him Baby's Own Tablets he has thrived splendidly, and is as good-natured and happy as I could wish." Sold by all medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

DANGEROUS.

Convalescent Patient—"I owe my life to my physician and when he comes I am going to tell him so."

Friend—"Better wait until some other day."

C. P.—"Why so?"

Friend—"Well, he is out collecting all that is owing to him to-day and he might take it."

GOOD NEWS FOR THE DEAF.

A celebrated New York Aurist has been selected to demonstrate to deaf people that deafness is a disease and can be rapidly and easily cured in your own home.

He proposes to prove this fact by sending to any person having trouble with their ears a trial treatment of his new method absolutely free. We advise all people who have trouble with their ears to immediately address Dr. Edward Gardner, Suite 914, No. 49 West Thirty-third street, New York City, and we wish to assure them that they will receive by return mail, absolutely free, a "Trial Treatment."

Mrs. Dearborn—"You say that is Mrs. Burke-Martin?" Mrs. Wabash—"Yes; Burke was her name and Martin was her husband's name." Mrs. Dearborn—"But why does she use the hyphen between the names?" Mrs. Wabash—"To show she is separated from her husband."

The change of dietary that comes with spring and summer has the effect in weak stomachs of setting up inflammation, resulting in dysentery and cholera morbus. The abnormal condition will continue if not attended to and will cause an exhaustive drain on the system. The best available medicine is Dr. J. D. Kellogg's Dysentery Cordial. It clears the stomach and bowels of irritants, counteracts the inflammation and restores the organs to healthy action.

Sagebrush Sam—"Yer say Bill aied of a lame arm. How could that be?" Cactus Charlie—"Why, yer see, his arm wuz so stiff that he couldn't draw his gun quick, an' the other feller got the drop on him."

Minard's Liniment used by Physicians.

"What did the poet mean when he called his country 'the land of the free and the home of the brave'?" "He was probably referring to bachelors and married men," said old Mr. Smithers, sadly.

CURED HER KIDNEYS.

Mrs. John Pettigrew, of Central Economy, N.S., was practically helpless from rheumatism.

She could not stoop, and her limbs ached so that it was torture for her to be up and around the house.

As Mrs. Pettigrew put it, "I was all crippled up. I saw Gin Pills advertised and sent for some, and after taking only two boxes, am a different woman. Gin Pills are the only things that helped me, and I cannot say too much for them."

If you have that dreadful pain in the back—if you are tortured with rheumatism—get Gin Pills at once.

HIS ALTERNATIVE.

Even at the tender age of four little Bennie was considering his future occupation. "Mamma," he said, "when I'm a man, I'm going to have a waggon and drive around collecting ashes."

"Why, Bennie," exclaimed his mother in horror, "mamma doesn't want her little boy to be an ashman."

"Well, then," replied Bennie with a very self-sacrificing air, "I suppose I could collect wills."

"It's easy for a man to write a long love letter to a woman—if he isn't married to her."

MONTREAL AND QUEBEC.

A veritable edition de luxe among railroad pamphlets has been issued by the Grand Trunk Railway System to proclaim amongst tourists the glories of the cities of Montreal and Quebec. The brochure is beautifully printed and generally arranged in the artistic style of earlier days, when the ornamentation of a volume was regarded as an important incident to its presentation of reading matter. It gives an interesting description of the two most interesting cities in Canada, with many illustrations from photographs. Sent free to any address. Apply to Mr. J. D. McDonald, District Passenger Agent, Union Station, Toronto, Ont.

IN THE SUBURES.

"Are you trying to raise any money on your place this year?"

"Yes, indeed."

"What is it?"

"The mortgage."

Pills for Nervous Troubles.—The stomach is the centre of the nervous system, and when the stomach suspends healthy action the result is manifest in disturbances of the nerves. If allowed to persist, nervous debility, a dangerous ailment, may ensue. The first consideration is to restore the stomach to proper action, and there is no readier remedy for this than Parmelee's Vegetable Pills. Thousands can attest the virtue of these pills in curing nervous disorders.

A RELIC OF BARBERISM.

Father—"What is that red-and-white striped pole over in the corner of your room?"

Senior—"Oh, that's a relic of barbarism."

TRADING on a good name and deceiving the public is what the imitators of the well-known "The D. & L. Menthol Plaster" are doing. Don't be fooled, insist on the genuine. "The D. & L."

HIS CHOICE.

"Well, Johnnie, I hear you go to school now."

"Yes."

"What part of it do you like the best?"

"Comin' home."

Ask for Minard's and take no other.

"Say, old man," began Borroughs, "lend me your ear for a while, will you?" "My friend," replied Wise, shrewdly suspecting a touch, "I'd gladly lend you both of them; then I wouldn't be able to hear you ask me to lend you anything."

The World is Full of Pain.—The aches and pains that afflict humanity are many and constant, arising from a multitude of indistinguishable causes, but in the main owing to man's negligence in taking care of his health. Dr. Thomas' Electric Oil was the outcome of a universal cry for some specific which would speedily relieve pain, and it has filled its mission to a remarkable degree.

MAKING PROGRESS.

Weigler—"How is your son, the young surgeon, getting on?"

Gauster—"First rate. He's improving every day. He recently operated on his tenth patient and the man lived for nearly twenty hours."

She—"How far can your ancestry be traced?" He—"Well, when my grandfather resigned his position as cashier of a country bank, they traced him as far as China, but he got away."
