Canada's Next Census of Population

The next census of Canada will be
taken under the date of June 1st, 1911,
and will embrace the subjects of popu-
lation, mortality, agriculture, manu-
factures, minerals, fisheries and dairy
products.

Population will be recorded under
the heads of residence and personal
descriptions; citizenship, nationality
and religion; profession, occupation
and trade or means of living; wage-
earnings and insurance; education and
language spoken, and infirmities.

Every person living on 1st June will
be entered on the schedule of popu-
lation by name, as member of a
family, institution or household, to-
gether with place of habitation, sex,
relationship to head of a family or
household, and whether single, mar-
ried, widowed, divorced or legally
separated. The month of birth, year
of birth and age at last birthday will
also be recorded.

Entries will be made for each person
to show the country or place of birth,
year of immigration to Canada if born
elsewhere, year of naturalization if
formerly an alien, and also racial or
tribal origin, nationality and reli-
gion. Every person of alien birth
who has become a naturalized citizen
is a Canadian by nationality; and
every British subject with residence in
Canada, as well as every native of
Canada who has acquired citizenship
by birth or naturalization, is also a
Canadian by nationality. But there
is no Canadian by racial or tribal
origin, unless the Indians are so count-
ed.

Every person having an occupation
or trade will be entered for it, but if
employed in the census year at some
other occupation for part or whole
time he will be so recorded also. If
the person is working on own account,
the entry will be so made. An entry
is also required to be made showing
where the person is employed, as on
farm, in woollen mill, at foundry shop,
in drug store, etc.

Wage-earners are entered to show
the number of weeks employed in 1910
at chief occupation or trade; at other
than chief occupation if any; the hours
of working time per week at chief
occupation, or at other occupation if
any; the total earnings in 1910 at chief
occupation; the total earnings at other
than chief occupation; and rate per
hour when employed by the hour.

Entries are required to be made for
each person showing the amount of
insurance held at date of the census
upon life, as well as against accident
or sickness, together with the cost of
such insurance of the census year.

Under the heading of education and
language records will be taken for
every person of five years of age and
over showing the number of months
at school in 1910, and if the person can
read and write, and the language
commonly spoken by each person.
The cost of education in 1910 for per-
sons over 16 years of age at College,
Convent or University is also called
for.

The last question on the schedule of
Population relates to infirmities. It
calls for a record of each person
having an infirmity. If blind, deaf
and dumb, crazy or lunatic, idiotic or
silly, a record thereof will be made in
the proper column, and the age at
which the infirmity appeared is re-
quired to be specified.

A failing tiny nerve—no larger than
the finest silken thread—takes from
the Heart its impulse, its power, its
regularity. The Stomach also has its
hidden, or inside nerve. It was Dr.
Shoop who first told us it was wrong
to drug a weak and failing Stomach,
Heart or Kidneys. His prescription—
Dr. Shoop's Restorative—is directed
straight for the cause of these ailments
—these weak and faltering inside
nerves. This, no doubt clearly explains
why the Restorative has of late grown
so rapidly in popularity. Druggists
say that those who test the Restorative
even for a few days soon become fully
convinced of its wonderful merit. Any-
way, don't drug the organ. Treating
the cause of sickness is the only sens-
ible and successful way. Sold by W.
Sanderson.

THREE-FOURTHS OF A MILLION

Number of People Attending Canadian National
Exhibition in 1909.

The attendance at the Canadian
National Exhibition last year was
752,520 people. This year with Britain's
best military band, airships, an entire-
ly novel spectacle, the Naval Review
at Spithead, and a bigger and more
varied bill of fireworks than ever
before, as well as enlarged and im-
proved grounds and new buildings,
and more exhibits, it is believed that
the million mark will be hit at last.

and cherry handles, 60c and 65c each.

THE DELINEATOR FOR AUGUST.

The Delineator's August number
contains a great deal about beautiful
women. In the new editorial depart-
ment, "Conversazione," which has
quickly gained an immense audience,
Ermau J. Ridgway mingles grave and
gay philosophy so deftly that all who
read must stop to think, even while
they smile. When he talks of the
prettiest woman he ever saw Mr.
Ridgway recalls youthful memories
that establish a universal kinship and
then he reveals a new significance in
every day things.

"Getting Pretty Quick," by Gelett
Burgess, is a striking article, which
deals with a beauty quite different
from that considered editorially by Mr.
Ridgway. The writer gives an account
of the sufferings endured by a foolish
woman willing to be actually skinned
alive in order that she might appear
young. William E. Borah, United
States senator for Idaho, tells "Why I
Am for Suffrage for Women," J.
Horace McFarland describes the work
of civic improvement in Harrisburg,
Pa., and Adachi Kinnoy offers
reasons "Why Japanese Women Make
the Best Wives."

The fiction of the month includes
"A Priest in Spite of Himself," by
Rudyard Kipling, "The Young Man
Wings," by Mary Raymond Shipman
Andrews; "Fresh Air for Grandpa,"
by Louise Closser Hale, and Mary
Stewart Cutting's serial, "The Unfore-
seen."

The Man's Magazine Page appears
for the second time in The Delineator
and it is a distinct humorous success.
No more unique idea than this has
ever been exploited by a periodical.
Everyone will laugh at the drawing
"If Apollo Came to Atlantic City," by
Albert Levering, and at the follow-
ing illuminating contributions: "How
to be Handsome," by Charles Battell
Loomis; "Ode to a Dish-Pan," by Oscar
Llewellyn; "Good Games for Men," by
James L. Ford; "The Legal Liabilities
of the Best Man," by H. L. Mencken
and "The Man Who Makes His Own
Clothes," by Gelett Burgess.

Nothing in the way of a Cough is
quite so annoying as a tickling, teasing,
wheezing, bronchial Cough. The
quickest relief comes perhaps from a
prescription known to Druggists every-
where as Dr. Shoop's Cough Remedy.
And besides, it is so thoroughly harm-
less that mothers give it with perfect
safety even to the youngest babes.
The tender leaves of a simple mountain
shrub, give to Dr. Shoop's Cough
Remedy its remarkable curative effect.
It is truly a most certain and trust-
worthy prescription. Sold by W. A.
Sanderson.

THE CHEESE OR BUTTER MAKER

The cheese or butter maker is an im-
portant factor in this country's pro-
gress. Upon him largely depends the
quality of the Canadian dairy products,
which are bringing into the Dominion
many millions of dollars every year.
This is no slight responsibility. When
a naker assumes control of a cheese
factory or creamery he assumes a
responsibility that is very heavy as
compared with that of which others
assume who are much better paid for
their services. The burden, however,
is gradually lessening. A saner view
prevails, as to the responsibility rest-
ing upon the maker. It used to be
that the maker was held responsible
for quality no matter what the con-
dition of the milk patrons supplied
him with, and many a one has finish-
ed the season's business worse off than
when he began because of the dockage
for bad cheese, through no fault of
his. While conditions in this respect
have improved, the maker's respon-
sibility is still no small matter. The
demand for higher quality grows with
all, and to keep up with it is no light
task. We in Canada claim, and right-
ly so, to know considerable about the
art of cheese-making. Yet the business
is of such a nature that no one country
nor any one body of men can boast
of having exhausted all that there is
to be learned about the art of convert-
ing milk into the finest quality of
cheese or butter. The maker must be
ever on the alert to keep abreast of the
times, and as he grows old in the
business should receive greater re-
cognition, financial and otherwise,
from those dependent upon his skillful
and intelligent handling of their
business.—Canadian Farm.

Don't Risk even a penny—until health returns.
And I mean just exactly that.
I am the one physician who says to the sick, "I
will, out of my own pocket, pay for your medi-
cine if it fails to bring you help!"
And for 20 years Dr. Shoop's medicines have

Get Health

been used and recommended in every city and
hamlet in America. They are positively stand-
ard in every community—and everywhere.
Then why pay the cash, and at your risk, for
other unwarranted and uncertain medicines?
Thousands upon thousands have in the past
successfully used Dr. Shoop's Restorative.
When the Stomach or the Heart or the Kidneys
nerves fail, these medicines quickly Dr.
Shoop's Restorative will restore them to
bring them back to health again. But best of all,
they positively take no money risk whatever.
They know that when health fails to return Dr.
Shoop will himself gladly pay the druggist for
that test. And for that test a full 30 day treat-
ment is freely granted.
But write me first for an order.
This will save delay and disappointment.
All druggists sell Dr. Shoop's Restorative and
Dr. Shoop's Rheumatic Remedy, but all are not
authorized to give the 30 day test. So please—for I have appointed
an honest and responsible druggist in almost
every community, everywhere, to issue my "no
help, no pay," medicines to the sick.
Tell me also which book you need.
The books below will surely open up new and
helpful ideas to those who are not well. Besides
you are perfectly free to consult me just as you
would your home physician. My advice
and the book below are yours—and without cost.
Perhaps a word or two from me will clear up
some serious ailment. I have helped thousands
upon thousands by my private prescription or
personal advice plan. My best effort is surely
worth your simple request. So write now while
you have it fresh in mind, for tomorrow never
comes. Dr. Shoop, Box 12, Racine, Wis.
