

**WORDS OF CAUTION
TO YOUNG MOTHERS**

Mothers must keep guard over the health of their little ones during the summer months. Summer is an anxious time for all mothers, but more especially for young mothers. It is then that stomach and bowel troubles come almost without warning, and often before the mother realizes there is any danger, the little one may be beyond aid. The mother must take strict caution to keep her little one's stomach sweet and pure and his bowels moving regularly. No other medicine can do this so quickly and thoroughly as Baby's Own Tablets. The Tablets should always be kept in the house. An occasional dose will keep baby well or if illness comes on suddenly the Tablets will quickly remove the cause and make baby well and happy. Sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

WE ENVY ADAM.

Whatever trouble Adam had No man could make him sore By saying, when he told a jest, "I've heard that joke before."

Regarded as one of the most potent compounds ever introduced with which to combat all summer complaints and inflammation of the bowels, Dr. J. D. Kellogg's Dysentery Cordial has won for itself a reputation that no other cordial for the purpose can aspire to. For young or old suffering from these complaints it is the best medicine that can be procured.

AN INFANT INDUSTRY.

"What's this?" demanded the customs officer, pointing to a package at the bottom of the trunk. "That is a foreign book entitled 'Fcliteness,'" answered the man who had just landed. "I guess I'll have to charge you a duty on it," rejoined the inspector. "It competes with a small and struggling industry in this country."

Wire Wounds

My mare, a very valuable one, was badly bruised and cut by being caught in a wire fence. Some of the wounds would not heal, although I tried many different medicines. Dr. Bell advised me to use MINARD'S LINIMENT diluted at first, then stronger as the sores began to look better, until after three weeks, the sores have healed, and best of all, the hair is growing well, and is NOT WHITE as is most always the case in horse wounds. F. M. DOUCET. Weymouth.

THE TEST CASE.

"Say, paw," queried little Sylvester Snodgrass, "what's a test case?" "A test case, my son," replied Snodgrass, sr., "is a case brought in court to decide whether there's enough in it to justify the lawyers in working up similar cases."

PUBLIC INSTITUTIONS have found Painkiller very useful. There is nothing equal to it in all cases of bowel troubles. Avoid substitutes, there is but one "Painkiller"—Perry Davis'—25c. and 50c.

Even those who think twice before they speak are apt to have another think coming after they have spoken.

Minard's Liniment Cures Distemper.

There is always room at the top and in a Masonic lodge a man has to work up to it by degrees.

"Man is Filled With Misery."—This is not true of all men. The well, sound of lung, clear of eye, alert and buoyant with health, are not miserable, whatever may be their social condition. To be well is to be happy, and we can all be well by getting and keeping our bodies in a healthful state. Dr. Thomas' Electric Oil will help all to do this.

A NATURAL WONDER.

"Had I known that I was expected to speak to-night," says the after-dinner orator, "I should have prepared myself for the occasion." He then goes right ahead and talks while the other speakers sit and glare at the table, for about an hour.

After the dinner one of the audience takes him off to one side and asks:

"Say, old man, do you mind telling me how long you would have talked if you had known you were to be on the programme?"

Kind words are often wasted where a swift kick would have been more effective.

ATTACKED BY AN EAGLE.

Fight of a Scotch Gamekeeper and His Dog With a Bird.

Nature faking is an art unknown in Scotland, wherefore this story about a golden eagle that attacked and wounded a gamekeeper may be accepted as true. James Fraser, a gamekeeper on an estate near Turcattle, Lochiel, was walking in Glen Laragan, near Fort William. A grouse, apparently pursued, alighted between him and his dog, and immediately afterward a magnificent specimen of the golden eagle rose and soared away. Fraser a couple of hours later took shelter from the rain near the same spot, when the eagle swooped upon him and fixed its talons in his leg.

His dog promptly attacked the eagle, and a fight ensued between dog and bird. The eagle, however, was handicapped by its hold on the keeper's ankle, and ultimately was killed, though the dog was badly mauled in the fight.

It was then found that so firmly had the eagle fixed its talons into the keeper's ankle that the bird's leg had to be severed before the release could be obtained. The claws are being kept as a memento.

SEE THAT YOU GET THE REAL THING.—Unscrupulous makers are putting up a counterfeit of "The D. & L." Menthol Plaster. The genuine is made by Davis & Lawrence Co.

ON THE INSTALMENT PLAN.

"How much are eggs now?" "Two dollars down, and a dollar a month until the dozen is paid for."

Minard's Liniment Cures Cargat in Cows.

THEN HE BARKED.

"Aw, I suppose you don't keep puppy biscuits in this benighted village?"

"Oh, yes, sir. In a bag, or eat 'em 'ere, sir?"

The destruction of the house fly is a public duty. Almost all Boards of Health are now carrying on a crusade against it. A bulletin recently issued by the Dominion Government states that no house fly is free from disease germs. Use Wilson's Fly Pads freely and persistently, and do your share towards exterminating this menace to the public health.

We wonder what Eve fussed about before Adam learned to smoke.

It is easier for some men to become famous than it is for them to earn a living.

An Easy Pill to Take.—Some persons have repugnance to pills because of their nauseating taste. Parmelee's Vegetable Pills are so prepared as to make them agreeable to the most fastidious. The most delicate can take them without feeling the revulsion that follows the taking of ordinary pills. This is one reason for the popularity of these celebrated pills, but the main reason is their high tonical quality as a medicine for the stomach.

SET HIM THINKING.

"I always feel, after I have spent an hour or two in your company," he said, "that I am a better man."

"It is very good of you to say so," she replied. "Don't hesitate to come often."

Mr. Mew (who dislikes the beast)—"Yes; I left a can of condensed milk on the table, with the can-opener beside it."

CARRIES GOOD LUCK!

Considerable importance is attached to a talisman possessed by Princess Mary, one of the daughters of King George. It is an ancient Egyptian stone, found a few years ago in one of the Pyramids. It was bought by the Princess Royal when in Cairo, and on her return home she gave it to her little niece, who wears it constantly. It is attached to a fine chain of Indian gold, and it is said that on two occasions when Princess Mary forgot to wear it misfortune has befallen her. On the first occasion she fell from her pony in Windsor Park and bruised her shoulder, and on the second she lost her purse while out with the governess in the West End.

The Bowels Must Act Healthily.—In most ailments the first care of the medical man is to see that the bowels are open and fully performing their functions. Parmelee's Vegetable Pills are so compounded that certain ingredients in them act on the bowels solely and they are the very best medicine available to produce healthy action of the bowels. Indeed, there is no other specific so serviceable in keeping the digestive organs in healthful action.

WOULDN'T IT BAKE YOU?

First Jester—"Did you ever hear a cake speak?" Second Likewise—"No, but I've heard a tart remark."

Don't experiment with unsatisfactory substitutes. Wilson's Fly Pads are the best fly killers made and will kill many times more flies than any other article.

YOUNG AMERICA.

"My boy, shall I tell you a fairy story?" "No; I don't believe in fairies, urcle. What do you know about microbes?"

HANDS UP.

Eleanor, aged six, had been going to school only a few weeks. She had learned to raise her hand if she wanted anything. One day she put this into effect when she was sent to the chicken-house to get the eggs.

Just as she reached the chicken-house door her mother heard her say, "All you chickens that have laid an egg, raise your hands."
