

MOTHERS SHOULD WATCH CLOSELY

DISEASED KIDNEYS THE CAUSE OF BED-WETTING.

Wellesley young man, permanently cured by Dodd's Kidney Pills, gives the public the benefit of his experience.

Wellesley, Ont., Nov. 7. (Special).—That all diseases of the bladder from bed-wetting to Gravel are the direct results of Kidney Disease, has been proved again and again by Dodd's Kidney Pills. They cure the Kidneys and the Bladder diseases speedily disappear. One of the latest proofs comes in the experience of Mr. George Strelbel the well-known harness-maker of this place.

"I was troubled with bed-wetting for many years," Mr. Strelbel says. "The doctor could not give me relief and no one knows how I suffered. I tried many medicines, till in January, 1905, reading the experiences of others led me to use Dodd's Kidney Pills. Nine boxes cured me so completely that I have never been troubled since."

Mothers should learn that when their children are addicted to bed-wetting it is time to look to the cause. The Kidneys are the cause. Cure the Kidneys by using Dodd's Kidney Pills, and not only stop the bed-wetting, but ward off serious and dangerous diseases in after life.

TOUGH ON THE DOG.

An example of household economy in the present era of high prices, the following bit should serve as a model to all wives tending to be extravagant. Provided the family got enough to eat at each meal, there should have been no complaint from any one, with the possible exception of the butcher and the dog.

"Mary."
"Ma'am?"
"What about that ham bone I brought home the other day? Can't you cut a few scraps of meat from it for dinner this evening?"
"I cut off all the meat I could night before last for dinner."
"Well, then, you might boil it this evening. We'll have soup."
"Yes, ma'am. And what do you want me to do with it then?"
"Tomorrow morning you might see if you can't get enough marrow out of it to grease the griddle for pancakes."
"Yes, ma'am."
"And, Mary, after that you may give it to the dog."

SELFISHNESS OF BACHELORS.

Young Men Prefer Fine Clothes to a Wife.

Some outspoken remarks concerning selfish bachelors were made by the Rev. Dr. Hemphill, of Tipperary, at the conference of the Church of Ireland at Belfast recently.

A woman of the farming class, he said, remarked to him the other day that the population was running very thin. He wondered what had come over the young men that they preferred patent leather boots and spats and a fortnight's "swelling" at the seaside, with a game of billiards every evening, to the joys of family life.

Their wages would not allow both the fine clothes and a wife. They chose the clothes, and let some sweet girl pine out her life in maidenhood. They were wretched fellows who did not know in what true happiness consisted. Better the love of a sweet and pure wife than all the silk socks and gaudy waistcoats in the world.

"Come back," said Dr. Hemphill, "to the simple life. Learn that true joy consists in woman's gentle love. This dreary bachelorhood is destroying yours by making you selfish and destroying hers by robbing her of the husband and children God intended for her."

He knew that things were dear, and that people expected more for luxury than their parents had, but those expectations must be discouraged. "For God's sake," he concluded, "pitch away your tobacco, annual outing, your fine clothes, your club, and whatever else makes an inroad on your in-

A Pill That is Prized—There have been many pills put upon the market and passed upon public attention, but none has endured so long or met with so much favor as Parmelee Vegetable Pills. Widespread use of them has attested their great value, and they need no further advertisement than this. Having firmly established themselves in public esteem, they now rank without a peer in the list of standard vegetable preparations.

CURED IN ONE MONTH.

If every woman, who has Kidney or Bladder trouble, could go to Davisville, Ont., and talk to Mrs. A. Simpson, they would do just as she did—take Gin Pills and cure themselves.

"Within a couple of days I received great relief, and after taking one box was completely cured." Mrs. A. Simpson. Write National Drug & Chemical Co., (Dept. W. L.) Toronto, for free sample. 50 cents a box. 6 boxes for \$2.50 at all dealers.

CHEESE IMPROVES WITH AGE

Newspapers report that in the Alpine regions of the Swiss cantons of Vaud and Valais cheese makers will keep their products for years. They assert that cheese improves with age. At Les Ormonts, in the canton of Vaud, it is customary to make special cheeses for certain family feasts. They are tagged with explanatory labels and eaten several years later at other feasts or even at funerals. Often such cheeses are bequeathed from one generation to another as family souvenirs. Recently at Les Ormonts in a concealed shelter there was discovered a cheese dating from 1785. It was as hard as a rock and had to be cut with a saw. It is reported to have tasted good.

WEAR PAPER ATTIRE.

Paper clothes are worn by the Japanese troops, who found them very serviceable and much warmer than those of cloth. Paper dressing gowns, bath robes, and similar articles of attire are now being turned out by the carload in England, France, Germany and other European countries. The paper whereof they are made is of the "blotting" variety, and after being treated by a new process is dyed in various colors or printed with a pretty floral design.

It is Known Everywhere.—There is not a city, town or hamlet in Canada where Dr. Thomas' Electric Oil is not known—wherever introduced it made a foothold for itself and maintained it. Some merchants may suggest some other remedy as equally beneficial. Such recommendations should be received with doubt. There is only one Electric Oil, and that is Dr. Thomas'. Take nothing else.
