

STILL SINGING THEIR PRAISES

DODD'S KIDNEY PILLS DOING GREAT WORK IN SAS- KATCHEWAN.

Mrs. Emel Carlson tell how quickly and completely they cured her Kidney Trouble.

Colonsay, Sask., Nov. 14 (Special)—No remedy has done as much for the wheat growers of Saskatchewan as Dodd's Kidney Pills. They occupy a place in the family medicine chest on nearly every farm, and every day brings fresh evidence of the great work they are doing. One of the latest to sing their praises in this neighborhood is Mrs. Emel Carlson. Here is what she is telling her many friends:

"For about two years I was sorely troubled with Kidney Disease brought on by a strain. My heart bothered me. My sleep was broken and unrefreshing and I was always tired and nervous. The least exertion would cause me to perspire freely, and my perspiration had an unpleasant odor.

"Three boxes of Dodd's Kidney Pills cured me. They are certainly the best medicine I ever used." If you have any of Mrs. Carlson's symptoms your kidneys are wrong. Make them right with Dodd's Kidney Pills.

"That horse of yours looks terribly run down." "Yep," replied Uncle Si Simlin. "Why do you keep him?" "Well, it's a kind of comfort to have him around. As long as I've got him, I feel that there ain't much danger of my bein' cheated in a hoss trade."

Bickle's Anti-Consumptive Syrup is agreeable to the taste, and is a certain relief for irritation of the throat that causes hacking coughs. If used according to directions it will break the most persistent cold, and restore the air passages to their normal healthy condition. There is no need to recommend it to those familiar with it, but to those who seek a sure remedy and are in doubt what to use, the advice is—try Bickle's Syrup.

"Now, Tommy," said the teacher, "you may give me an example of a coincidence." "Why—er—" said Tommy, with some hesitation, "why—er—why—me fadder and me modder was both married on de same day."

Minard's Liniment Cures Carget in Cows.

"How uneasy that young man appears." "Yes. I don't know whether he's afraid they're going to call on him for a speech or whether he's just breaking in his winter flannels."

Nearly all children are subject to worms, and many are born with them. Spare them suffering by using Mother Graves' Worm Exterminator, the best remedy of the kind that can be had.

Many a person with an eye for the beautiful has an ear for ugly gossip.

We Must Go from heated rooms to the cold outdoor air, and the change sets us coughing. Curing winter colds is not hard if you take Allen's Lung Balm. A neglected cold is troublesome and dangerous.

The temperature of a child's sick room should never be below 60 degrees nor above 65. Hang the thermometer behind the child's bed and out of the draught.

To remove ink stains apply a paste of salt and lemon juice to the stained part of the cloth. Leave it for an hour or two, and if necessary repeat the application.

But you can't be sued for non-payment of a debt of gratitude.

HOW WORRY KILLS.

Constant Reiteration of Ideas Breaks Down Brain Cells.

Modern science has brought to light nothing more curiously interesting than that worry will kill. More remarkable still it has been able to determine from recent discoveries just how worry does kill.

Briefly, says The Journal of Physiological Therapeutics, it amounts to this—Worry injures beyond repair certain cells of the brain, and the brain being the nutritive centre of the body, the other organs become gradually injured, and when some diseases of these organs or a combination of them arises death finally ensues.

Worry, to make the theory still stronger, is an irritant at certain points, which produces little harm if it comes at intervals or irregularly. Occasional worryment the brain can cope with, but the iteration and the reiteration of one idea of a disquieting sort the cells of the brain are not proof against.

It is as if the skull were laid bare and the surface of the brain struck lightly with a hammer every few seconds with mechanical precision, with never a sign of a stop or the failure of a stroke. Just in this way does the annoying idea, the maddening thought that will not be done away with, strike or fall upon certain nerve cells, never ceasing, diminishing the vitality of the delicate organisms that are so minute that they can be seen only under the microscope.

Shiloh's Cure

quickly stops coughs, cures colds, heals the throat and lungs. . . . 25 cents.

MEAT DISHES.

Roast Beef with Creole Sauce.—Take a piece of shoulder, chuck, or rump. Put three tablespoonfuls of flour on top of meat and half fill pan with hot water. Cut onion and one or two tomatoes in one end of roaster. When meat is half cooked, turn. Bake in a moderate oven. Meat will be tender and gravy delicious.

Steak—Take round, shoulder or chuck steak. Fry quickly until slightly brown on each side. Remove from skillet and season. Make a flour and water gravy and return meat to skillet. Put skillet on back of stove and allow meat to simmer in the gravy from thirty to forty-five minutes.

No Reasonable Man expects to cure a neglected cold in a day. But time and Allen's Lung Balm will overcome the cold and stave off consumption. Cough will cease and lungs be sound as a new dollar.

If you would retain a friend, do things his way instead of yours.

Why suffer from corns when they can be painlessly routed out by using Holloway's Corn Cure.

"Are you going to throw rice after the bride and bridegroom?" "I should say not," replied the thrifty friend. "If we have any groceries to toss away we'll box 'em up and send 'em around when they start housekeeping."

Only a fool lets people take him in after he has found them out.

Minard's Liniment Cures Distemper.

Belle—Why on earth do you always burst into tears when you're at a wedding? Nell—I don't know. I suppose it's to make up for my irresistible impulse to giggle at funerals.

Mr. Harry E. Brittain, who visited Fort George last summer and what he calls "Now B. C.," which is the country being developed by the building of the Grand Trunk Pacific, has returned to England and is now telling the people over there about those wonderful fertile valleys which are calling settlers from the four corners of the earth.

PIE.

Carrot Pie.—One cupful cooked carrots mashed fine, one-half cupful of sugar, two eggs, one pint of milk, two tablespoonfuls of molasses, one-half teaspoonful of ginger, one-half teaspoonful of cinnamon. Bake in one crust. It is better than pumpkin pie.

Cream Cheese Pie.—Mash a cream cheese. Add two beaten eggs and a half cup of white sugar. Mix all together and pour this filling in a pie plate lined with ordinary pie crust. Lay on the cream strips of the dough, lengthwise and crosswise, and set in a moderate oven.

There are lots of people who would rather butt in than get there any other way.

HIS PLEASURE.

Dear old Mrs. Todd's was told by her favorite nephew, who had been mountaineering during the holidays, that he was much struck by the magnificent gorges he had encountered.

"You are just like you used to be when a boy," sniffed the dear old lady; "always thinking of your inside."

Trial is Inexpensive.—To those who suffer from dyspepsia, indigestion, rheumatism or any ailment arising from derangement of the digestive system, a trial of Parmelee's Vegetable Pills is recommended. The trial will be inexpensive and the result will be another customer for this excellent medicine. So effective is their action that many cures can certainly be traced to their use where other pills have proved ineffective.

ONE ON PA.

"My son," said Harker, as he pointed to the ivy in front of the cottage, "always be like the vine—climb."

The little boy was thoughtful. "I don't think I'd care to be like that vine," he responded seriously. "And why not, Tommy?" "Cause if I was I'd be a porch-climber."

Muscular Rheumatism Subdued.—When one is a sufferer from muscular rheumatism he cannot do better than to have the region rubbed with Dr. Thomas' Electric Oil. There is no oil that so speedily shows its effect in subduing pain. Let the rubbing be brisk and continue until ease is secured. There is more virtue in a bottle of it than can be fully estimated.

SOMETHING OF THAT NATURE

Miss Gushleigh—Didn't it seem to give you strange thoughts of the other world when you were up in the clouds, far removed from this mundane sphere?

Aeronaut—you bet it did, ma'am; I nearly froze to death!

Mr. Brittain, in company with Mr. Norton Griffiths, M.P., were piloted into the Fort George country by Premier McBride of British Columbia. Mr. Brittain, who used to be one of the publishers of the Sphere and Tattler, is a fluent writer and has contributed a column to the Daily Express of Oct. 14th, entitled "Golden British Columbia."

WHY WASTE HIS BREATH.

Teacher—Now, Tommy, suppose you had two apples and you gave another boy his choice of them. You would tell him to take the bigger one, wouldn't you?

Tommy—No, mum.
Teacher—Why?
Tommy—Cos 'twouldn't be necessary.

Shilled to the Bone? A teaspoonful of Painkiller in a cup of hot water sweetened will warm you and avert a cold. Avoid substitutes, there is but one "Painkiller"—Perry Davis—25c and 50c.

Instead of talking, some men would rather get married and listen.

Minard's Liniment Cures Diphtheria.

The world usually sides with the man who makes a noise like ready money.

Be Sure you get the kind you have always used. "The D & L" Menthol Plaster. For rheumatism, neuralgia, etc., nothing is better. Made only by Davis & Lawrence Company.

Some mothers are so boastful they manage to act uppish over the way their children have the measles.

Red, Weak, Weary, Watery Eyes, relieved By Murine Eye Remedy. "The D & L" Murine For Your Eye Troubles. You Will Like Murine. It Soothes. 50c A Doz. Your Druggists. Write For Eye Books. "See, Murine Eye Remedy Co., Toronto."

Mrs. Stubb—Why, John, the last family that occupied this house left some old jars in the pantry. Mr. Stubb—H'm; Maria, that is a good policy. Mrs. Stubb—What is a good policy? Mr. Stubb—Why, when you move leave your family jars behind you.

Send for free sample to Dept. W. L., National Drug & Chemical Co., Toronto.

The Rayo Lamp is a high grade lamp, sold at a low price. There are lamps that cost more, but there is no better lamp made at any price. Constructed of solid brass; nickel plated—easily kept clean; an ornament to any room in any house. There is nothing known to the art of lamp-making that can add to the value of the RAYO Lamp as a light-giving device. Every dealer everywhere. If not at yours, write for descriptive circular to the nearest agency of

IF ANYBODY SHOULD ASK.

Snookins—You seem to be on pretty good terms with old Grunden-dykes, I notice. What do you find about that old curmudgeon that's worth cultivating?

Jordle—His youngest daughter.

These Pills Cure Rheumatism.—To the many who suffer from rheumatism a trial of Parmelee's Vegetable Pills is recommended. They have pronounced action upon the liver and kidneys and by regulating the action of these organs act as an alternative in preventing the admixture of uric acid and blood that causes this painful disorder. They must be taken according to directions and used steadily and they will speedily give evidence of their beneficial effects.

FREE FIELD.

"It is easier to be good than great," remarked the moralizer. "Yes," rejoined the demoralizer, "one has less opposition."

MINARD'S LINIMENT CO., LIMITED.

GENT MEN—I have used MINARD'S LINIMENT on my vessel and in my family for years, and for the every day ills and accidents of life I consider it has no equal. I would not start on a voyage without it, if it cost a dollar a bottle.

CAPT. F. R. DESJARDIN, Schr. "Sterke," St. Andre, Kamouraska.

A RADIUM SAFE.

Radium, being incomparably more costly than gold,—its present price is quoted at \$3,000,000 an ounce, although no one is prepared to furnish so great a quantity of it,—naturally has to be carefully guarded, and a special safe for this most precious of metals has just been constructed for the British Radium Corporation. The safe-maker had, like Caesar at Alesia, to face his defenses both ways. To defy burglars' tools he had to have walls of steel, and to keep the radium emanations from escaping he had to construct an interior cage of lead, lead being practically the only metal not penetrable by the rays. Another difficulty to be overcome was the construction of a door that would prevent the loss of emanations when it was opened. Valves are fixed in the door, through which tubes of mercury can be passed for the collection and storage of the emanations.

"Sav. Mayme, did you ever have any turtle soup?" asked a raw-boned youth of the girl beside him. "No," admitted the maiden; "but," added she, with the conscious dignity of one who has not been lacking in social experience, "I've been where it was."

Shiloh's Cure

quickly stops coughs, cures colds, heals the throat and lungs. . . . 25 cents.

The National Life Advertisement

A few Life Insurance Agents make from \$10,000 to \$25,000 a year, though the average is from \$2,000 to \$5,000.

We still have a few good openings in town and rural sections for men who can produce business for the National Life.

We supply the training, the literature and an easy selling policy that satisfies the man insured.

Drop us a card to-day for particulars.
