CHANGING HANDS.

Farms along Yonge street continue to change hands. A few days ago Mr. D. W. Clubine sold his farm of 100 acres at Elgin Mills to E. Lefevrier and J. C. Hayes of Toronto for nearly \$12,000. We understand the purchasers purpose laying out the farm into small lots, to be used for gardening purposes. Mr. Clubine has since selling his farm, bought from Mr. John Klinek, lot 32, con. 2, Markham, containing 115 acres, for \$7,000. On this farm there is a large orchard, brick-clad house and good bank barn.

INSPECTING THEIR LANDS.

The score of business men from Ontario, including Mr. H. A. Nicholls of this place, and Mr. J. M. Walton of Aurora, who left here Tuesday of last week to inspect their land near Edmonton, and make arrangements for colonization, seem to be well satisfied with their prospects. They have allowed themselves to be interviewed by reporters, and have freely expressed themselves on reciprocity and other questions. We copy part of an article from the St. Paul Dispatch of April 20, as follows:—

"Travelling in a private car from Toronto to Calgary and Edmonton, Alberta, twenty-five bankers, capitalists and real estate men of Ontario stopped for the day in St. Paul, praised the city, discussed reciprocity, told of a big colonization project, which is the principal object of their trip, and did some sight-seeing.

"The party represents an Ontario company which owns approximately 150,000 acres in Alberta, on which the company intends to colonize young men from Eastern Ontario. The trip is being made to inspect the lands and make arrangements for the advance guard of the colonists, who will start for the West in a few weeks.

"The party was headed by T. A. Neely of Meaford, Ontario, and included C. H. Hartman of Clarksburg; J. M. Walton, Aurora; A. H. Godfrey, all bankers; and Homer Ried, H. A. Nicholls of Richmond Hill, H. A. Ried, B.A., and Warner E. Broley, capitalists and real estate men. All are strong for reciprocity. They declare the colonization project is, to a certain extent, based upon the probable adoption of the reciprocity agreement.

"The ratification of the reciprocity agreement," said J. M. Walton, "means much to Western Canada, and in fact to the entire country. We figure, however, that it is the Western country which will draw the best from the passage of the pact. We have gained control of this large tract of land in Alberta at a comparatively low price.

"A reciprocity treaty between Canada and the United States will mean that lands in Canada will appreciate. Already the Hudson Bay Company has added \$5 an acre to the price of its lands. That is a criterion, and I venture to say that with the adoption of the pact lands all over the country will advance in price. It is our intention to send out to Alberta the young men of Eastern Canada who are looking for a start in life. There are hundreds available and we have made certain we can find enough to start a good sized agricultural colony. We expect the movement will begin within a few weeks."

"C. H. Hartman also spoke favorably for reciprocity," &c., &c.

ARBOR DAY.

In compliance with the wishes of a number of ratepayers, and at the request of the Ratepayers' Association, Reeve Pugsley has proclaimed Friday, the 5th day of May, as a public holiday, said day to be called Arbor Day, for the purpose of giving the citizens an opportunity to plant shade trees, and also to do any other work that may seem advisable with the object of beautifying and adding to the attractiveness of the village. It is to be hoped that all our citizens will try and keep the 5th of May for the purpose for which it is intended.

THE SCHOOL EXHIBIT.

The directors of the Richmond Hill Agricultural Society are anxious to interest all young people in the School Children's Section at the next Fair on Victoria Day, and the Prize List this year will be of special importance to them. To stimulate activity on part of teachers and senior pupils in writing the Board has arranged to provide a Three Months' Scholarship in the leading Business College in Canada as a Special Prize for the best specimen exhibited.

MITE BOXES IN AID OF MUSKOKA FREE HOSPITAL FOR CONSUMPTIVES.

We commend this "Canada's Greatest Charity" to all our readers.

Falling Hair

Mrs. Jas. Harris of Wappella, Sask., says:—

"I have found Parisian Sage to be the best scalp and hair tonic and dressing I have ever used. My hair had been coming out in combs full and was very dry and brittle and the scalp was always itching and full of dandruff. I have used two bottles of Parisian Sage and it has stopped my hair from falling, the itching and dandruff have disappeared and my hair is fine and soft and glossy. I would not be without this fine Hair Tonic for many times the price."

For women, men or children Parisian Sage is without any doubt the finest preparation for the hair. Daintily perfumed, it is free from grease or stickiness and ought to be where every member of the family could use it daily. Large bottle 50 cents, at all druggists, or from the proprietors, The Giroux Mfg. Co., Fort Erie, Ont., postpaid. The girl with the Auburn hair is on every package. Sold and guaranteed by W. A. Sanderson.

RECIPROCITY DISCUSSION.

The Mechanics' Hall, Aurora, which seats 500 people, was well filled Saturday evening when the question of the proposed Reciprocity agreement with the United States was under discussion. The chair was occupied by Mr. Baldwin, mayor of the town. The speakers were T. C. Robinette, K.C.; N. W. Rowell, K.C.; Mayor Pearson of Newmarket, Thomas Vance and J. G. Allen. All the speakers were enthusiastic in support of the pact, and although opposition speakers were invited to address the meeting none responded. The following telegram was read from Senator Arch. Campbell, who was unavoidably absent:—

"Regret impossible to attend meeting to-night as intended. Strongly support proposed reciprocity with United States. It will open free most valuable markets right at our doors for fishermen, farmers, lumbermen, fruit and dairy products, which will greatly increase the prosperity of the people. It should be supported by every true Canadian."

Before closing, the following resolution, moved by L. L. Hartman, and seconded by James Hill, was carried:—

"This meeting, being a representative gathering of the electors of North York, Liberal and Conservative, desires to express the opinion that it has been clearly demonstrated that the reciprocity agreement about to be entered into with the United States will be of incalculable benefit to all sections of the community.

"Believing such to be true, we hereby express strongly our approval of the agreement, and we hope that the influences which have been brought to bear against the passing of the measure in the House of Commons will early be withdrawn."

A phone communication from himself this week announces a certain fulfilment of his engagement in Richmond Hill.
