

# SHE LEARNED FROM HER LITTLE GIRL

## DAME BOUCHARD FOUND RELIEF IN DODD'S KIDNEY PILLS.

They cured her Daughter's Kidney Disease and she tried them herself, with the result that her backache and heart trouble are gone.

Jonquieres, Chicoutimi Co., Que., Apr. 17 (Special).—Encouraged to use Dodd's Kidney Pills by the fact that they completely cured her little girl of kidney disease, Dame Jos. Bouchard of this village, is satisfied she has at last found permanent relief from the heart trouble and backache that have troubled her for so long.

"Yes," Dame Bouchard says, in an interview, "I am happy to tell you Dodd's Kidney Pills have made me well. They completely cured my little girl, twelve years old, of kidney disease, so I made up my mind to try them for my backache and heart trouble. I have taken twelve boxes and feel sure that they will completely cure me."

Dodd's Kidney Pills are doing a great work in this neighborhood. They have yet to find a case of kidney disease they cannot cure. Whether the disease takes the form of Backache, Lumbago, Rheumatism, Urinary Trouble or Bright's Disease, it is all the same to Dodd's Kidney Pills. They always cure it.

Tim—"Shure, the doctor says I've got tobacco heart." Sandy—"Ye're safe then, Tim. If it's anything like so strong as the tobacco ye smoke ut'll shtand anything."

Bickle's Anti-Consumptive Syrup needs no recommendation. To all who are familiar with it, it speaks for itself. Years of use in the treatment of colds and coughs and all affections of the throat has unquestionably established its place among the very best medicines for such diseases. If you give it a trial you will not regret it. You will find it 25 cents well invested.

Mr. Bilkins (fiercely)—"I owe you a grudge, Mr. Wilkins—a grudge, sir; remember that!" Mr. Wilkins (coolly)—"Oh, that's nothing! I shan't be alarmed, for I never knew you to pay anything you owed!"

For your own sake, don't wait until it happens. It may be a headache, toothache, earache, or some painful accident. Hamlin's Wizard Oil will cure it. Get a bottle now.

Raw beef bones should never be thrown away, for if broken into small pieces they will make some excellent stock.

Cheapest of all Oils.—Considering the curative qualities of Dr. Thomas' Electric Oil it is the cheapest of all preparations offered to the public. It is to be found in every drug store in Canada from coast to coast and all country merchants keep it for sale. So, being easily procurable and extremely moderate in price, no one should be without a bottle of it.

### COMPENSATION.

Mr. and Mrs. Smith were both growing very plump; every effort to reduce their weight had proved fruitless, and their discontent with their failure was pathetic.

"It is too bad!" said a mutual friend to a sympathetic physician. "The Smiths are so fond of each other and used to be so graceful and slender when they were first married!"

"Ah, well!" replied the physician. "Think how much more they are to each other now!"

"Edward, I'm ashamed of you. Bottom of a class of twenty-three younger boys! Disgraceful!" "But mother, it might have been worse." "Worse, indeed! How could it possibly have been worse?" "There might have been more boys in the class."

Mr. Misfit (savagely)—"Before I married you, was there any doddering idiot gone on you?" Mrs. Misfit—"There was one." Mr. Misfit—"I wish to goodness you'd married him!" Mrs. Misfit—"I did!"

**Shiloh's Cure** quickly stops coughs, cures colds, heals the throat and lungs. 25 cents.

### SHOPPING IN BURMA.

Requires An Effort to Get the Shop Women to Show the Goods.

You may walk through the muddy old markets of Rangoon for hours at a time or through the brand new bazaar at Mandalay without any of the salespeople taking the slightest notice of you as a possible purchaser of their wares, says Blackwood's Magazine. The dear little ladies sit cross-legged upon long tables in front of the high cupboards containing their goods. They are placidly smoking or chatting or painting their faces or braiding their hair. They are not attending to business in the least.

If the European is conspicuously dressed or presents a figure which the Burman, with his finely trained sense of humor, considers at all ridiculous then a gay ripple of laughter passes along the stalls, and then, indeed, the would-be customer is noticed; but otherwise the tourist is an object of no interest whatever.

It requires a great effort to get a Burmese shop woman (they are nearly all women) to show you her silks, and when at last she has spread her merchandise broadcast upon the table and you are reveling in the illusion that you are living in the middle of a rainbow, with a chance of holding fast to some of its colors, she will ask her price (which is seldom more than one rupee too much) and will stick to it like glue.

She is an indolent lady in many ways who loves a quiet life, and she has determined that her most profitable course is not to haggle in the market place. So you may make up your mind that bargaining and persuasion are useless arts to practice in Burma, however valuable they may be elsewhere.

### HOW THIN FOLKS CAN GET FLESHY.

New Accidental Discovery Gives Startling Results—Puts Flesh on Thin People and Rounds Out Imperfect Figures.

#### Simple Prescription Given.

For women—and men, too, for that matter—who can never appear stylish with anything they wear, because of abnormal thinness and angularity, this remarkable prescription is destined to solve the problem. As a beauty maker for the figure it is simply wonderful while it adds brightness to the eyes, and color to the cheeks and lips. It requires no particular dieting, but acts as an aid to nature by its peculiar action on the nerves and blood supply. The blood and nerves distribute over the body all the nourishment or flesh building elements obtained from the food. The trouble with thin people has always been that they do not absorb or retain enough of the fleshy matter to make them gain in weight even to a normal extent; but this new discovery of blending certain harmless drugs is a revelation to science, and hundreds have gained from ten to forty pounds in a few weeks. There is no danger of becoming too fat. When you get the right weight then stop using.

The general health and strength is greatly improved in anyone from the age of sixteen to sixty. Women soon get plump, with well rounded arms and full bust, and men become straight, strong-looking and healthy.

In a half pint bottle get three ounces of essence of pepsin and three ounces of compound essence of cod-liver oil and stand two hours. Then add one ounce tincture cadomene compound (not cadomene). Take a teaspoonful before and after meals, and weigh before beginning.

Dumley—"I'm sure if you accepted me I'd make you a good husband." Miss Brightly—"That's out of the question, but I'm sure I'd make you a good husband if I accepted you."

Sleeplessness.—Sleep is the great restorer and to be deprived of it is vital loss. Whatever may be the cause of it, indigestion, nervous derangement or mental worry, try a course of Parmelee's Vegetable Pills. By regulating the action of the stomach whereby the troubles lie, they will restore normal conditions and healthful sleep will follow. They exert a sedative force upon the nerves and where there is unrest they bring rest.

Fortune-teller—"Your future husband will be tall, have dark complexion, and be very wealthy." The Caller—"Now, tell me another thing. How can I get rid of my present husband?"

Minard's Liniment Cures Dandruff.

"I made my husband cross this afternoon," said Mrs. Caller. "How was that?" queried Mrs. Homer. "He was on the opposite side of the street, and I beckoned him to come over," explained the other.

### WORDS OF WISDOM.

A judge who is never worth criticism is probably never worth anything at all.

The bad writing of signatures is affectation of the worst form.

Beware of that terrible expression, "I keep myself to myself." A self is not worth much if it is kept to itself.

The busier a man is, the better able is he to throw his energy into other work.

A very little originality goes a long way.

In our busy present we are apt to forget our past and those who helped to make it for us.

It is easier to give a direct negative answer than a plausible evasive one.

The man who dodges the problems of life often has a better time than the man who tries to solve them.

One of the greatest mischiefs of the present day is the spirit of go-as-you-please which prevails.

Mistress—"And why did you leave your last situation?" Applicant—"I was discharged, ma'am." Mistress—"Discharged. Then I'm afraid you won't suit me. What were you discharged for?" Applicant—"For doing well, ma'am." Mistress—"Why, what do you mean? Where was your last place?" Applicant—"In the hospital!"

### THE MULES OF CHINA.

North China is noted for rearing the best mules in the Middle Kingdom. In Peking one will see mules quite as good in every respect as the Missouri and Kentucky product. The finest are employed by Chinese officials and other wealthy men to draw their "Peking carts." These Peking carts have been until recently the only vehicle used by the Chinese to correspond with pleasure carriages in this country. Now the more progressive of the wealthy Chinese are beginning to use modern carriages. The latter, however, can only be used in city streets. The country roads are worse than any dirt road that can be found in this country and no carriage built could make a journey over them without breaking down.

A Safe Pill for Sufferers.—There are pills that violently purge and fill the stomach and intestines with pain. Parmelee's Vegetable Pills are mild and effective. They are purely vegetable, no mineral purgative entering into their composition and their effect is soothing and beneficial. Try them and be convinced. Thousands can attest their great curative qualities because thousands owe their health and strength to timely use of this most excellent medicine.

"Are you feeling very ill?" asked the doctor. "Let me see your tongue, please." "What's the use, doctor?" replied the patient. "No tongue can tell how bad I feel."

### PRACTICAL AIDS.

Griddle Cakes.—All batter cakes are better baked on an ungreased griddle, as they rise and keep their shape, and do not follow the grease. You will be rid of the disagreeable smoke and the odor of burning fat. Your griddle need not necessarily be of soapstone. If you have an old griddle and clean it thoroughly, being sure to remove all burned fat or batter, it can be used in the above way. Two tablespoonfuls of melted butter is a great improvement to all batter cakes.

Old Gloves.—They cover your nail buffer nicely, and give a higher polish than the chamois skin. The ends of the old long glove make a fine jewelry bag by sewing a deep hem at the top. And draw a narrow ribbon in so as to close and open when needed.
