Prof. Day, of the Guelph Agricultural College, says: "Protein is concerned in the formation of flesh, muscle, blood, milk, etc." One ton of Dried Brewers' Grains contains as much protein as 1½ tons of Bran or 1½ tons of Oats, and costs less than one ton of either. Price Bros., the big dairymen of Etindale, just bought a car load. They know. Feed Dried Brewers' Grains and see your milk-flow increase and cattle improve. A valuable feed cheap. JUNE ROD AND GUN.

The most interesting portion of the fine story of the trip to Hudson's Bay via the Albany River by W. J. Malone appears in the June issue of Rod and Gun in Canada, published by W. J. Taylor, Limited, Woodstock, Ontario. The trip was quite an adventurous one and is written in a spirit of thorough appreciation of the beauties and allurements of the wild and of the advantages enjoyed by one able to do so far from the beaten track. The interest is deepened by Mr. Malone's treatment of the theme and the fine illustrations accompanying the narrative. As maskinonge fishing opens in the middle of the month, two papers dealing with maskinonge fishing in the Kawartha Lakes and in the St. Lawrence are most appropriate. The vacationist will turn to Summer Holidays and Where to Spend Them, while many lovers of firearms will read Comparing 12, 16 and 20 Bore Guns by F. H. Conover and note the illustrations with the interest born of enthusiasm. A paper on Game Law Violators who commit offences in one Province and escape punishment by going to another, raises a question that will have to be settled sooner or later, and which, in the interests of the game, should be settled without undue delay.

CORONATION PORTRAITS.

Kl. & George V. and Queen Mary.

The Liberal has made arrangements by which our readers can secure most beautiful Coronation portraits of Their Majesties King George and Queen Mary. They are by the celebrated "Langbein" of London, and copyrighted. The Family Herald and Weekly Star of Montreal has secured the Canadian rights, and are now offering these portraits free of charge to all who subscribe to that great weekly for the balance of 1911 at fifty cents. We will include The Liberal with The Family Herald and Weekly Star for the same period for fifty cents to new subscribers, and each subscriber will receive the Coronation pictures. The two portraits are on the one sheet, size about 18 x 15 inches, a most convenient size for framing. They are acknowledged by competent judges to be the best portraits of Their Majesties in existence, and will become historical, growing in value year after year.

The small sum of \$1.00 will bring you both papers until January 1, 1912, and the Coronation portraits. The latter alone could not be bought for the price.

ALL GOOD THINGS

must win upon their merits. The International Dictionary has won a greater distinction upon its merits and is in more general use than any other work of its kind in the English language.

A. H. Sayce, LL.D., D.D., of Oxford University, England, has recently said of it: "It is indeed a marvelous work; it is difficult to conceive of a dictionary more exhaustive and complete. Everything is in it—not only what we might expect to find in such a work, but also what few of us would ever have thought of looking for. A supplement to the new edition has brought it fully up to date. I have been looking through the latter with a feeling of astonishment at its completeness, and the amount of labor that has been put into it."

THE GRAND PRIZE
