

SAVED HERSELF YEARS OF PAIN

IF SHE HAD USED DODD'S
KIDNEY PILLS FIRST.

Mrs. McRae suffered for over two years, then two boxes of Dodd's Kidney Pills made a new woman of her.

Previl, Gaspe Co., Que., Oct. 23 (Special)—That she might have escaped two years and seven months of suffering had she tried Dodd's Kidney Pills in the first place is the firm conviction of Mrs. John McRae, an old and respected resident of this place. And this is the reason she gives for believing so:

"For two years and seven months I was a sufferer from Kidney Disease brought on by a strain and a cold. My eyes were puffed and swollen, my muscles cramped and I suffered from neuralgia and Rheumatism. My back ached and I had pains in my joints.

"For two years I was under the doctor's care, but he never seemed to do me any lasting good. Two boxes of Dodd's Kidney Pills made a new woman of me."

To save yourself suffering cure your Kidneys at the first sign of trouble. Dodd's Kidney Pills are the one sure cure.

NOT COMPLAINING.

"Horse sick?" asked the man in the buggy.

"Yep," replied the man with a spring-wagon.

"Hard luck, ain't it!"

"Oh, I dunno. It's getting so medicine is cheaper than hay!"

Diphtheria, Quinsy and Tonsillitis begin with sore throat. How much better to cure a sore throat in a day or two than to be in bed for weeks with Diphtheria. Just keep Hamlin's Wizard Oil in the house.

Laughter at the family table beats all the dyspepsia tablets in the world as a promoter of digestion.

A Remedy for Earache.—To have the earache is to endure torture. The ear is a delicate organ and few care to deal with it, considering it work for a doctor. Dr. Thomas' Electric Oil offers a simple remedy. A few drops upon a piece of lint or medicated cotton and placed in the ear will work wonders in relieving pain.

"My husband has never spoken a cross word to me." "You lucky woman! How long have you been married?" "Nearly two weeks!"

Hope for the Chronic Dyspeptic.—Through lack of consideration of the body's needs many persons allow disorders of the digestive apparatus to endure until they become chronic, filling days and nights with suffering. To these a course of Parmelee's Vegetable Pills is recommended as a sure and speedy way to regain health. These pills are specially compounded to combat dyspepsia and the many ills that follow in its train, and they are successful always.

There is plenty of room at the top. This is due to the fact that most people want to get in on the ground floor.

UNCLE JERRY.

"Far as I am concerned," said Uncle Jerry Peebles, "you girls can go around with your arms bare—clear up to the vaccination mark—if that's where the mark is nowadays—but if you've got arms that look like Esau's, as some of 'em do, you ort to wear long sleeves for your own sakes."

AN IMPROVED PILLOW.

When Beds Were at a Premium at An Irish Hotel.

Sleeping on a mat under the moon in a cannibal country is a pale adventure compared with a lodge in an old-time Irish inn at the height of the tourist season. A certain Master of the Galway Hunt, says a contributor to Cornhill, arrived at a small inn where all the beds were already taken.

A kitchen table was requisitioned, a heterogeneous collection of bedclothes was arranged upon it,—into the exact nature of which it was perhaps not well to inquire too closely, as it seemed to be composed of contributions from the wardrobes of the hotel help,—and the sportsman turned in.

The pillow was an odd-shaped substance, emitting a faint and strangely familiar odor; but the Master of the Galway Blazers was too weary to concern himself over such trifles, and he slept as soundly on his makeshift couch as if it had been a canopied bed of state.

He was awakened in the morning by a gentle fumbling at the wrappings beside his head, and started up to see a gleaming knife suspended above his head.

"I'm sorry to be disturbin' ye, sir," said an apologetic voice, "but sure th' house was out iv pillows intirely, an' we put th' side iv bacon undher y'r honor's head. I was just contrivin' to get a few rashers off for th' quality's breakfast without disturbin' ye, whin y'r honor woke up."

Mrs. Finefeather—Are you taking your husband abroad this year?
Mrs. Bonton—No. I decided last year when he insisted upon speaking of the Venetian gondolas as canal boats that the real charm of Europe is lost upon him.

Second Diner—I don't. All I know is that it's chicken I'm paying for.

A NEW INVENTION.

The attention of our readers is called to an advertisement, in another column, of the Aladdin Mantle Lamp, which burns ordinary coal oil and gives a more brilliant light than either gas or electricity. It is another triumph for modern inventive genius that must be seen to be fully appreciated.

DENMARK'S HARVEST.

According to all reports, the harvest in 1911 in Denmark will surpass all records since 1868. Not in 43 years have weather, labor and other conditions proven so auspicious to the farmer, and hereafter when the agriculturist wishes to point to an ideal harvest, he will refer to 1911. There is only one discordant note, that of the turnip and grass growers, who have suffered on account of the long drought. It was feared that labor would be scarce, but the employment agencies did their work so well that no shortage was felt and, with the exception of the large farms, harvest was completed within three weeks.

And the more you are willing to do for your friends the less time you will have to do things for yourself.

LOSE THEIR FREEDOM.

"All men are born free and equal," said the philosopher,
"I know," said the matter-of-fact person. "But some of 'em get married afterwards."

Revive the Jaded Condition.—When energy flags and the cares of business become irksome; when the whole system is out of sorts and there is general depression, try Parmelee's Vegetable Pills. They will regulate the action of a deranged stomach and a disordered liver, and make you feel like a new man. No one need suffer a day from debilitated digestion when so simple and effective a pill can be got at any drug store.

PERFECT AFTER MARRIAGE.

Mrs. Jawback—John, you're a perfect fool!
Mr. Jawback—I knew something like that would happen when marriage made you and me one.

Some persons have periodical attacks of Canadian cholera, dysentery or diarrhoea, and have to use great precautions to avoid the disease. Change of water, cooking, and green fruit, is sure to bring on the attacks. To such persons we would recommend Dr. J. D. Kellogg's Dysentery Cordial as being the best medicine in the market for all summer complaints. If a few drops are taken in water when the symptoms are noticed no further trouble will be experienced.

And musingly I gaze upon it,
I choke my pride, and then decide
'Twill do with a new collar on it.

HUNTING CANNIBALS.

University Expedition Will Visit a South Sea Island.

An expedition has set out from Oxford University with its objective a cannibal isle in the South seas, where it expects to spend a year in studying the habits of the natives.

The party of scientists is headed by David Jenness, the anthropological expert of Balliol college. The explorers will locate on Good-enough Island, which is situated in the extreme southeasterly corner of British New Guinea. Little is known of the interior of this island, but it has been asserted that cannibalism is practiced there on an extensive scale.

Occasionally a government official pays a visit to the isle, but, being unwilling to provide the natives with a banquet, wisely confines his investigations to the coast line. For this reason the interior remains unexplored. One or two attempts have been made to map the inland, but the explorers have never returned.

Goodenough Island, which is of volcanic formation, is believed to be the highest island of its size in the world. It is 40 miles long and 30 miles across, and its highest mountain extends 8,000 feet above sea level.

Only the uninformed endure the agony of corns. The knowing ones apply Holloway's Corn Cure and get relief.

A man doesn't have to know much to know how little he knows. Minard's Liniment for sale everywhere.
