

**"THE FORT GARRY" HOTEL,
WINNIPEG.**

Adjacent to the ruins of that historic monument "Old Fort Garry," memorable in the early history of Canada's now Western metropolis is being erected "The Fort Garry," truly representative of greater Winnipeg—a magnificent edifice—to rank with the world's finest hotels, embodying in its construction the most advanced, scientific and architectural ideals. Located in the very heart of the city, to which all lines of traffic converge, it is readily accessible to the railroads and electric car lines and within a radius of a few minutes' walk will place one among the largest and most pretentious of the great stores in the center of the shopping districts, or enable one to reach the great new terminal station of the Grand Trunk Pacific.

"The Fort Garry" to be constructed by the Grand Trunk Pacific will be built of the finest of Canadian granite and buff lime stone, in the style of the old French Chateaux of Normandy and Pousaine and will rear its stately heights to fourteen stories. The building is to have approximately three hundred and fifty sleeping chambers and will be richly furnished in faultless taste. All its bedrooms are to be equipped with every approved modern appointment. Nothing that would in any way contribute to the comfort and welfare of its guests has been overlooked in the preparation of the plans and interior arrangements.

The main entrance of the hotel faces on Winnipeg's most beautiful thoroughfare, "Broadway," and opens upon a spacious and imposing rotunda, which will suggest in its decoration and refinement the cheer and comfort provided within its walls, and from which one may enter the spacious dining, tea rooms

and cafe. The central feature of the main floor is the circular tea room of impressive and beautiful design, unbroken by column, lofty in height, and finely lighted by broad windows and circular domed ceiling.

The ball room, banquet hall and foyer have been located on the seventh floor. These rooms are of the richest of the public rooms, and have been so arranged with separate kitchen service, reception and dressing rooms, so as to in no way interfere with the privileges of the guests of the hotel. The ball room is designed in the Louis Quatorze period, and will be beyond all question one of the most striking of its kind in Canada.

The building, as a whole, will form a fine example of what modern science can do in the elimination of fire risk. Every girder, beam and rafter is to be of non-expansive steel, every partition of terra cotta, every floor of marble tile or cement, and the stairways of iron. It is to be absolutely fireproof, and while every precaution has been taken to insure absolute protection to life and property, an equal measure of attention has been devoted to its sanitation and the safeguarding of health.

The bathrooms are to be models of sanitation and simplicity and are to be equipped with porcelain fittings and finished in exquisite tile work. They are of comfortable size, and so placed as to be in direct communication with every bedchamber in the hotel.

There is not to be a dark or uninviting chamber in the entire building, and comfort and spaciousness have not been sacrificed to secure a maximum of accommodation. Large closets have been provided in every bedchamber, and in the suites there are commodious clothes presses equipped throughout with every modern device.

Sir Max Aitken is reported to be directing a merger of the several St. Lawrence power companies into a hundred-million-dollar combination.

Rev. Dr. Workman was awarded by Mr. Justice Weir \$3,500 damages

against the Board of Governors of the Wesleyan Theological College for dismissal from his professorship on alleged grounds of heterodoxy. A riveter named Lougheed was severely injured at Belleville by the barrel of an air gun blowing off

WINTER BRINGS WOE.

**50,000,000 Bushels of Grain Still
Unthreshed in Northwest.**

A despatch from Winnipeg says: Further details of the North-West Grain Dealers' Association report on the crop situation tend to make the outlook not only for this year, but also for next year, anything but bright. The report says that only 70 per cent. of the grain has yet been threshed, and about 50,000,000 bushels (estimated) remain in the stack with no immediate prospect of seeing a separator. The setting in of a thaw would almost ruin it, or at least reduce it several grades. The report is not hopeful of the grain threshed, saying that 60 per cent. of it is four or under. Of the 50,000,000 bushels remaining in the West, half will be needed for seed and feed. The prospect is darkened by the announcement that very little Fall plowing has been done, owing to the sudden setting in of Winter, and that means delay in the Spring.

THE PLAGUE IN INDIA.

**Over Six Thousand Deaths Were
Recorded Last Week.**

A despatch from London says: Latest reports from Bombay tell of serious plague conditions. The last weekly report accounts for 6,667 deaths from the plague throughout India, 4,700 of which were in the Presidency of Bombay itself. Reports from all the southern districts indicate that the plague is increasing rapidly.

COFFEE HEART

**As Dangerous as the Tobacco or
Whiskey Heart.**

"Coffee heart" is common to many coffee users and is liable to send the owner to his or her long home if the drug is persisted in. You can run 30 or 40 yards and find out if your heart is troubled. A lady who was once a victim of the "coffee heart" writes from Oregon:

"I have been a habitual user of coffee all my life and have suffered very much in recent years from ailments which I became satisfied were directly due to the poison in the beverage, such as torpid liver and indigestion, which in turn made my complexion blotchy and muddy. "Then my heart became affected. It would beat most rapidly just after I drank my coffee, and go below normal as the coffee effect wore off. Sometimes my pulse would go as high as 137 beats to the minute. My family were greatly alarmed at my condition and at last mother persuaded me to begin the use of Postum.

"I gave up coffee entirely and absolutely, and made Postum my sole table beverage. This was 6 months ago, and all my ills, the indigestion, inactive liver and rickety heart action, have passed away, and my complexion has become clear and natural. The improvement set in very soon after I made the change, just as soon as the coffee poison had time to work out of my system.

"My husband has also been greatly benefited by the use of Postum, and we find that a simple breakfast with Postum, is as satisfying and more strengthening than the old heavier meal we used to have with coffee."

Name given by Postum Co., Battle Creek, Mich.

"There's a reason," and it is explained in the little book, "The Road to Wellville," in pkgs.

Ever read the above letter? A new one appears from time to time. They are genuine, true and full of human interest.

ONTARIO'S SUBSIDY GROWS.

**Payment by Federal Government
Will Increase Next Year.**

A despatch from Toronto says: Ontario's subsidy from the Federal Government will be increased by \$270,000 as a result of the growth of population shown by the recent census. As the population now exceeds 2,500,000, however, the rate of payment will be reduced from 80 cents to 60 cents a head. Until 1907 the subsidy was paid at the rate of 80 cents a head on the basis of the population in 1861. At the Provincial Conference of 1907, however, it was arranged that the subsidy should always be calculated upon the population as indicated by the last previous census. Until the present it has been paid on the number of people in Ontario in 1901. The increased subsidy will be paid for the first time next year.

A Michigan Central special train ran 211 miles from Welland to Windsor, in 172½ minutes.

The King and Queen left Plymouth on Saturday afternoon for the Durbar at Delhi.

PRICES OF FARM PRODUCTS

**REPORTS FROM THE LEADING
TRADE CENTRES OF
AMERICA.**

**Makes a Bad Cough Vanish
Quickly--or Money Back**

**The Quickest, Surest Cough Remedy
You Ever Used. Family Supply for
50c. Saves You \$2.**

You have never used anything which takes hold of a bad cough and conquers it so quickly as Pinex Cough Syrup. Gives almost instant relief and usually stops the most obstinate, deep-seated cough in 24 hours. Guaranteed to give prompt and positive results even in croup and whooping cough.

Pinex is a special and highly concentrated compound of Norway White Pine extract, rich in gualacol and other healing pine elements. A 50-cent bottle makes 16 ounces—a family supply—of the best cough remedy that money can buy, at a saving of \$3. Simply mix with home-made sugar syrup or strained honey, in a 16-oz. bottle, and it is ready for use. Easily prepared in 5 minutes—directions in package.

Children like Pinex Cough Syrup—it tastes good, and is a prompt, safe remedy for old or young. Stimulates the appetite and is slightly laxative—both good features. A handy household medicine for hoarseness, asthma, bronchitis, etc., and unusually effective for incipient lung troubles. Used in more homes in the U. S. and Canada than any other cough remedy.

Pinex has often been imitated, but never successfully, for nothing else will produce the same results. The genuine is guaranteed to give absolute satisfaction or money refunded. Certificate of guarantee is wrapped in each package. Your druggist has Pinex or will gladly get it for you. If not, send to The Pinex Co., Toronto, Ont.

\$6 to \$6.25, while good medium cattle brought from \$5.35 to \$5.90. Common to medium mixed cattle ranged from \$4.50 to \$5.25. Export bulls were firm at \$5 to \$5.50, with butcher bulls equally strong from \$2.80 to \$5.50. Fat cows brought from \$4.75 to \$5.50, and lighter cows from \$3 to \$4.50. Canners were a better sale at \$2 to \$2.75. There was also a good demand for heavy feeders, while sold strong at \$4.50 to \$5.25. Choice stockers were a good sale at \$4.25 to \$4.75. Lambs and sheep were practically unchanged. Hogs were 15 to 25c higher at \$6.25 to \$6.75, f.o.b.

PEAT AS FUEL.

**Canadian Pacific Railway May
Take Over Government Lands.**

A despatch from Ottawa says: The Canadian Pacific Railway Company has opened negotiations with the Mines Branch of the Government to purchase its entire peat plant at Alfred, Ontario. The company desires to continue the industry on commercial lines, and supply the City of Montreal in particular with peat fuel. It regards the success of the Government experiments as incontrovertible proof that peat production in Canada has now become a commercial enterprise of much importance.

CLOSE SEASON ABOLISHED.

**Whitefish May be Caught in Lake
Erie During November.**

A despatch from Ottawa says: An order-in-Council has been passed abolishing the close season for whitefish during the month of November in the waters of Lake Erie off the counties of Norfolk and Elgin.

The Rayo Lamp

**The Lamp That
Saves The Eyes**

Children naturally never think of possible strain on their eyesight when poring over a fascinating book. It is up to you to see they do not ruin their young eyes these long evenings by reading under a poor light.

The Rayo Lamp is an insurance against eye troubles, alike for young and old.

The Rayo is a low-priced lamp, but it is constructed on the soundest scientific principles, and there is not a better lamp made at any price. It is easy on the eye because its light is so soft and white and widely diffused. And a Rayo Lamp never flickers.

Easily lighted without removing shade or chimney; easy to clean and rewick. Solid brass throughout, with handsome nickel finish; also in many other styles and finishes.

Ask your dealer to show you his line of Rayo lamps; or write for descriptive circular to any agency of

The Queen City Oil Company, Limited
