

NOTHING LIKE THEM FOR A SORE BACK

DODD'S KIDNEY PILLS STILL DOING GREAT WORK.

Mrs. T. G. Alexander, of Hawthorne, after twelve years' suffering, tells the public what they are doing for her.

Hawthorne, Ont., Dec. 11 (Special).—"There is nothing like Dodd's Kidney Pills for a sore back." That is the statement of Mrs. T. G. Alexander of this place, and all her neighbors agree that she should know. "I suffered for twelve years from a pain in my back, Rheumatism and Heart Disease," Mrs. Alexander continues. "I was always tired and nervous and my sleep was broken and unrefreshing. Since taking Dodd's Kidney Pills I am feeling so much better that I feel I must say a good word for them."

No matter how long you have suffered Dodd's Kidney Pills cannot fail to help you if your trouble is of the kidneys. If you use Dodd's Kidney Pills early the cure will be quick. If your trouble is of long standing it will take them longer to cure you. But they always cure. People from all parts of Canada who have been cured are telling about it in the newspapers almost every day.

REST CURE FOR TRAMPS.

Loafers and Lunatics in Denmark Have Special Treatment.

About eighteen months ago the Government of Denmark, acquired the Island of Llyoe, of 1,000 acres, and placed Prof. Kellers, the well-known psychological expert, in charge. There were sent to him for treatment a number of professional tramps and lunatics from the State workhouses and asylums. Prof. Kellers has for some time been a persistent advocate of the out-of-door treatment of lunacy. His chief contention is that fresh air tones up the nervous system, while the varied natural objects are calculated to arrest the attention of the patients and dissipate the more distressing symptoms of monomania oftentimes prevalent. The authorities, however, preferred to effect a compromise, relegating to the new sanitarium many of the criminal lunatics hitherto held in practically solitary durance. A peculiarity of the system is that under the comprehensive classification adopted by the authorities men of the more degenerative class, both as regards crime and vice, are removed to Llyoe for treatment. The method of "cure" of confirmed laziness is somewhat Spartan. Either the men must settle down to regular habits of work—chiefly of a rural character—or the "rest cure" is pushed home to its logical result—they are forced to lie in bed for a term varying from a day to three

or four days. By that time the ennui become simply unbearable, and the men are glad to escape from the torture of sheer inactivity.

JAPANESE DENTISTS.

Extract Teeth With Their Fingers at a Great Rate.

Japanese native dentists conduct their business in a manner which would undoubtedly cause any European practitioner to open his eyes in amazement. The victim is seated on the ground. The dentist bends over him and forces his left hand between the patient's jaws in such a manner that the mouth cannot possibly be closed. Then he grasps the doomed tooth between the thumb and forefinger of the right hand and with one deft wrench removes it and throw it upon the ground.

So great is the skill of these native dentists that many of them are able to remove six or seven teeth per minute. Indeed, their skill is hardly to be wondered at when one considers the course of preparatory training they are obliged to undergo.

A number of holes are bored in a stout plank and this is fixed firmly to the ground. In the holes are driven wooden pegs and the would-be dentist has to extract them with his fingers without dislodging the board. This process is repeated with a board of pine wood and finally with one of oak, and it is only when he has succeeded in extracting the pegs from the oak plank that the Japanese considers himself qualified to practice upon his fellow men.—Pearson's Weekly.

COLD SORES AND ULCERS ARE HEALED BY ZAM-BUK.

Cold sores, chapped hands, ulcers and winter eczema are common troubles just now, and for all these Zam-Buk will be found the surest and quickest remedy. Sometimes cold sores arise from chilblains on the toes or fingers, and in the former case, where colored socks are worn, there is a danger of blood-poisoning from the dye. Zam-Buk being so powerfully antiseptic removes the danger as soon as applied.

Mr. W. J. Halliday, of Ash Grove, Ont., says: "I had my little finger frozen, and it cracked at the first joint, causing a bad sore, which discharged freely and would not heal. The pain was very bad, and the whole of my hand became swollen. A friend advised me to try Zam-Buk, and in a very short time it healed the sore."

Miss Lillie May, of Stoney Creek, Ont., says: "A few weeks since, several nasty, disfiguring cold sores suddenly broke out on my lips, which became much swollen. I tried Zam-Buk, and after a few applications of this balm, every sore was healed."

Zam-Buk will also be found a sure cure for eczema, blood-poison, varicose sores, piles, scalp sores, ring-worm, inflamed patches, babies' eruptions and chapped places, cuts, burns, bruises, and skin injuries generally. All druggists and stores sell at 50c. box, or post free from Zam-Buk Co., Toronto, upon receipt of price. Refuse harmful imitations and substitutes.

Use also Zam-Buk Soap, 25c. tablet. Best for baby's tender skin!

EXCLUSIVE POOR FARM.

Providence, R.I., Has One Which is Valued at \$1,000,000.

Providence, Rhode Island, enjoys the use of the most valuable poor farm owned by any municipality in the world, all because Ebenezer Knight Dexter in 1824 made a bequest leaving a big, stone-strewn meadow and several parcels of land for that purpose. To-day the property is valued at no less than \$1,000,000, and is in the centre of one of the most fashionable residence districts of Providence. But while this is a poor farm, it is a very exclusive one, to say the least. By the terms of a very rigid and iron-clad will, none can be admitted or assisted except those who once owned and paid taxes upon real estate in Providence or whose father or mother was a real estate taxpayer in that city. No other Rhode Islanders and no person from any other part of the United States or from any foreign country may knock at the portal to obtain admittance and secure shelter and food.

The Dexter Asylum is more than self-supporting. With a limited attendance, so to speak, it is said that the interest on investment or income is enough to furnish every inmate a trip to Europe each winter, with accommodations at the best summer hotels in the summer. During the hard times in Providence, when there was a great need of work for poor people, an old clause in the Dexter will providing for a stone wall built around the place was taken advantage of, and many poor people were given work.

The first trial for breach of promise was held in the reign of Queen Elizabeth.

A Cure for Rheumatism.—A painful and persistent form of rheumatism is caused by impurities in the blood, the result of defective action of the liver and kidneys. The blood becomes tainted by the introduction of uric acid, which causes much pain in the tissues and in the joints. Parmelee's Vegetable Pills are known to have effected many remarkable cures, and their use is strongly recommended. A trial of them will convince anyone of their value.

PHILOSOPHER.

"My! you wanted fried potatoes, didn't you?" said the careless waitress, as the customer in the restaurant finished his meal and rose to leave.

"That's all right," answered the patient man. "I've wanted so many things all my life that I didn't get. I'm used to it."
