

## THE TWO BY-LAWS.

Doubtless the two by-laws now being advertised in this paper will be read carefully by the voters of this municipality. One of the by-laws proposes to raise \$5,000 for the purpose of supplying our village with electric lighting. The other by-law is to allow ratepayers the opportunity to repeal Local Option passed six years ago. The sum asked for electric lighting may to some people seem large, yet if our town is to grow and keep pace with other places we must be prepared to pay a little higher rate of taxation.

Regarding local option we believe the great majority of our men and women voters will on the first day of January cast their votes to "leave well enough alone." The citizens of Richmond Hill are more sober and more orderly than any other place of equal size in the Province having licensed bars, and from a financial standpoint the only man that would make more money by the change would be the man who sold the grog. We submit without fear of contradiction that no man of any standing in Richmond Hill will venture to state either through the press or on a public platform that he can name a family here who has suffered on account of the closed bar, during the past six years. It would be easy to name many families that suffered the previous six years owing to the intemperate use of intoxicants by the head of the household.

Sir James Whitney's Government was returned to power Monday by a slightly reduced majority. A full report of the elections is given on an inside page.

## VAUGHAN COUNCIL.

The above Council met at the Township Hall on the 5th of December. Minutes of the previous regular meeting and also the special meeting were read and confirmed.

Sheep claims were ordered to be paid to Mr. Henry Rumble and Mr. Arthur Boyle.

The Treasurer was also authorized to pay to Mr. John A. Smelser \$10, he having sustained a severe loss by fire.

A large number of general, road, and statute labor accounts were passed, and the Council adjourned to meet again at the Clerk's office, Maple, on Friday, 15th inst. at 1 o'clock.

## Thornhill.

A Smoker and Progressive Euchre in connection with the Thornhill Curling Club was held at Hughes' Hall last evening. About 75 were present. The first prize, a handsome pipe, was won by Mr. B. Ainsworth, the booby prize by Mr. H. Hopper.

The Presbyterian Christmas Tree and Entertainment will be held in Victoria Hall, on Wednesday, Dec. 20. Tea will be served from 5 to 7.30 p.m., after which an entertainment of dialogues, recitations, solos and drills, will be given. There will also be brief addresses by a number of clergymen. Everybody will be made welcome.

## WATER FROM WHITCHURCH.

At a largely attended meeting of the Ratepayers' Association of the Town of North Toronto, a unanimous resolution was carried favoring a scheme to get their water supply from the springs at Lemonville. A very lucid exposition of the scheme was given by Mr. E. A. James, engineer of the Town. The cost is estimated at about \$500,000, but North Toronto hopes to make a profit by supplying Richmond Hill and other municipalities with the water which is of superior quality.

## WHY THE SALOON SHOULD LIVE?

1. Because of its moral uplift in the community. (?)
2. Because of its purifying effect on politics. (?)
3. Because it is such a law-abiding institution. (?)
4. Because its patrons get so much value for their money. (?)
5. Because drinking helps one to get a good job and keep it. (?)
6. Because it makes business—for the courts and the county agent. (?)
7. Because drunkards—the saloon's finished product—make such good husbands and loving fathers. (?)
8. Because saloons always make cities safer and better places for boys and girls to grow up in. (?)
9. Because all right-minded fathers and mothers pray that their boys may become saloon-keepers. (?)

## CANADA'S CHRISTMAS STAMP

The Campaign for 1911 is on, and Needy Consumptives all over Canada are Rejoicing.

As Archbishop Cody expressed it at a meeting of the Citizens' Christmas Stamp Committee in Toronto, a few days ago, the Christmas Stamp, now issued each year in aid of the Muskoka Free Hospital for Consumptives, has become one of the institutions of the country.

Three years ago the movement was set on foot in Canada by the National Sanitarium Association, following the idea that first originated in Denmark, which was a year later taken up in the United States, and quickly spread to Canada.

The idea itself is very simple, though the results show how true it is that "great oaks from little acorns grow." \$11,000.00 being realized from the sale of stamps in 1910, a sum sufficient to care for forty patients at the Muskoka Free Hospital for Consumptives. This year it is hoped that \$25,000.00 may be realized to assist in this great life saving work which is ever becoming more urgent.

The cut in the corner of this article shows the design of the stamp for 1911, though the original is in three colors.

This stamp does not carry any mail. One wants to remember this, though, as it has been epigrammatically expressed, any mail will carry it. The idea is for everyone to use this stamp in their correspondence between now and the end of the year. This plan will serve the two fold purpose of helping to realize the \$25,000.00 for the aid of needy consumptives, and will besides possess an educational value that can hardly be overestimated.

The stamps are on sale to-day in book stores, drug stores, and elsewhere in a most every town and city in Canada. Clergymen, Public School teachers, Sunday School teachers, Bible Class workers, Daughters of the Empire, and organizations of many different kinds are assisting in the work of spreading the sale of this little stamp. Each stamp costs only one cent, so that it becomes possible for everyone to have some part in this great battle against consumption.

We have every pleasure in urging our readers to make much use of this little messenger of healing for the next thirty days.

## GIFT OF A DYING TOT

Savings of a Little Child Dying of Tubercular Trouble Goes to Help the Consumptive Poor

How true it is in many different walks of life that "a little child shall lead them." We have been shown a copy of a letter written by a lady of St. John, N. B., who only a month ago lost her little child, a girl of nine years, of tubercular trouble. The mother's own words tell the story better than it can be told in any other way. She writes to the Secretary of the Muskoka Free Hospital for Consumptives at Gravenhurst in these words: "While my loved one was ill, I one night opened some literature from you at her bedside. She asked me what it was. I told her it was a paper asking for subscriptions to the Muskoka Free Hospital for Consumptives, and showed her the pictures in the pamphlet. She asked if she could not give what she had in her little savings bank. I told her 'Yes'—to give it to the doctor and he would send it. But she was too sick when he came again, so I am enclosing an express order for the amount I found in the bank, viz., \$1.79, a small subscription, but trust you will receive it in the spirit in which it was given."

The letter is typical of many that are being constantly received at the head office of the Muskoka Hospital, 347 King St. W., Toronto. These come from all parts of Canada, for patients are received from anywhere in the Dominion.

At the present time there are 156 patients in residence in the Muskoka Free Hospital, 128 of whom are unable to pay a single cent, and the other 28 only nominal sums—much less than actual cost of maintenance. During the nine years that the Muskoka Free Hospital for Consumptives has been opened, not a single patient has ever been refused admission because unable to pay.

Confined to His Home for Weeks.

"Heavy work, severe straining and evil habits in youth brought on Varicose Veins. When I worked hard the aching would become severe and I was often laid up for a week at a time. My family physician told me an operation was my only hope—but I dreaded it. I tried several specialists, but soon found out all they wanted was my money. I commenced to look upon all doctors as little better than rogues. One day my boss asked me why I was not working so much and I told him my condition. He advised me to consult Drs. Kennedy & Kennedy, as he had taken treatment from them himself and knew they were square and skilful. I wrote them and got THE NEW METHOD TREATMENT. My progress was somewhat slow and during the first month's treatment I was somewhat discouraged. However, I continued treatment for three months longer and I was rewarded with a complete cure. I could only earn \$12 a week in a machine shop before treatment, now I am earning \$21 and never lose a day. I wish all sufferers knew of your valuable treatment."

## MEANING OF THE CROSS

This cross (in red) has been adopted in Canada and all over America as the emblem under which the Crusade against Consumption is carried on.

Every reader knows of the ravages of this disease; how, too often, the bread-winner of the family falls a victim, or the young man or young woman, with a promise of a happy and useful life, is stricken down.

This modern Crusade, like the one of old, is a winning fight. The death rate from Consumption in this province shows a decrease of over 25% in the past few years.

Nearly 6000 of these poor sufferers have been cared for in our Consumptive Homes in Muskoka and near Weston. To-day we have 300 patients under treatment—patients who, if they had the money, could not through fear of contagion gain admittance into other hospitals.

In the Muskoka Free Hospital alone we are now caring for 156 patients. 128 of these cannot pay a single cent for the cost of their maintenance, 15 pay 70c. per day, 1 pays 57c. per day, 12 pay 50c. or less per day.

Our Trustees, having faith in the generous-hearted people of Canada, have continued to carry on this work during the past year.

Money to pay doctors, food, nursing and caring of these sick ones, is urgently needed. Will your readers help and have the joy of sharing in a work that has the promise of the Master's reward?
