

# INDIA ACCLAIMS THE KING

## State Entry to Delhi Made Amidst Magnificent Surroundings.

A despatch from Delhi, says: George V., King of England and Emperor of India, and the Queen Empress made their State entry into the city on Thursday amidst magnificent spectacular surroundings and were cheered by thousands of natives. The most gorgeous part of the procession, which was several miles long, was made up of ruling princes, clad in shimmering silks, wearing priceless jewels and mounted on horses caparisoned with gold and silver trimmings. The Emperor rode alone on a magnificent charger and the Empress followed immediately behind in a State carriage drawn by six horses. The Sovereigns were delighted with the welcome accorded them.

The route to the camp was lined alternately by British and Indian regiments, under the command of Lieut.-General Sir J. Willcocks and General Sir E. G. Barrow. In providing guards of honor and escorts, native troops were also given an equal share with the British soldiers.

The King-Emperor and Queen-Empress were received on the elaborately decorated platform by the Viceroy and Vicereine, the Governors and heads of provinces, the commander-in-chief, and a number of high military and civil officials. After a series of presentations, their Majesties proceeded to a pavilion within a wall of the fort, where 150 ruling chiefs were introduced. Then began the great procession to the camp four miles away. Throughout India a holiday had been declared, and hordes of natives had gathered. They formed a striking background to the gorgeously uniformed procession, which was headed by Lancers with bands playing. Then came General Peyton, the herald, in silk and gold tabard emblazoned with the Royal coat-of-arms, and sixteen British and native trumpeters mounted on black chargers. Next followed the native escort of the Viceroy, in scarlet and gold, preceding the Imperial Cadet Corps, composed entirely of

princes and their sons. Their Majesties' and the Viceroy's suits succeeded.

As their Majesties approached, the command to present arms was passed along the line of troops. European spectators took off their hats, and the natives bent deep towards the ground. The King, the Queen, and the Viceroy bowed right and left in acknowledgment.

The body guard of Indian princes, who followed immediately after, outshone in splendor all that had passed. In strict order of precedence came 150 maharajahs, rajahs, nawabs, and other chieftains. The column was closed by a band of savage-looking Afghan and Pathan chiefs, mounted on wild ponies, and a detachment of natives and British troops. Their Majesties and the Viceregal party then repaired to their camp, of which Circuit House, built by Lord Curzon in 1903, is the centre.

The Emperor's tent does not differ greatly in appearance from the others. Internally, however, it is palatial. Great canvas halls stand near by for official receptions and banquets.

About a quarter of a million persons have taken up their quarters in the canvas city, which is broken up by green lawns, polo grounds, fountains and avenues of trees.

### CHURCH PARADE.

King George and Queen Mary attended in state the great church parade services held in the open-air military Durbar camp on Sunday morning. The congregation included 8,000 troops. Lord Hardinge, the Viceroy, Lady Hardinge, and the wives and families of officials and officers were present. Their Majesties were wildly cheered when they arrived escorted by the Inniskillen Dragoons. A score of Bishops and hundreds of clergymen took part in the services. The Bishop of Lahore preached a powerful sermon on loyalty, emphasizing the love borne for the Indian people by their Majesties.

### THE CHRISTMAS STAMP.

Archdeacon Cody Head of the Stamp Campaigning Committee.

At a meeting of the committee in Toronto, Archdeacon Cody was elected Chairman, and the work on behalf of the Free Hospital for Consumptives in Muskoka was commenced at once.

\$11,000 was realized last year—a sufficient sum to care for forty free patients. It is hoped to largely increase the amount for this life-saving work.

The cut above is the design of the 1911 stamps, though the original is in three colors.

The stamp does not carry any mail—that is, it does not pay postage—but if you place it on your letter with the regular stamp it conveys the message of your good will and assistance.

Buy these stamps and help. They are one cent each. Write for them to Secretary-Treasurer Muskoka Free Hospital, 347 King St. W., Toronto.

# THE DYNAMITERS' RING

## The United States Government Is After the "Inner Circle."

A despatch from Los Angeles, Cal., says: Post-office inspectors are to take charge of the probing of the dynamiters' ring by the Federal Government. The reason for this is the fact, it is said, that the postal laws make possible the preparation of a stronger case than those governing interstate commerce. The use of the mails in plotting crime, which is a violation of the postal laws, will lay the foundation for the proceedings planned. The Federal probe into the dynamiting outrages which are alleged by the National Erectors' Association and the National Manufacturers' Association to have been the

result of an "inner circle" within the ranks of organized labor promises to overshadow even the original McNamara cases within a few days.

McManigal's story is carefully guarded by the Burns men, and declared to be a chronological story of travel from one side of the country to another, leaving behind a trail of explosions. While some of McManigal's story has been told, the details, the Burns and Federal detectives say, will electrify the public. Meanwhile 500 secret service men have been placed at the disposal of Oscar Lawlor, special deputy attorney-general. Lawlor expects the indictment of a dozen San Francisco labor leaders.
