

## PROOF FOR WOMEN WHO STILL SUFFER

THAT THEY CAN FIND RELIEF IN DODD'S KIDNEY PILLS.

Mrs. Lois McKay suffered from Pains in the Back, Side and in the region of the Heart — Dodd's Kidney Pills cured her.

Tiverton, Digby Co., N. S., Dec. 18 (Special).—Every day seems to bring a message of cheer for the weak, run-down women of Canada. To-day's message comes from Mrs. Lois McKay, a well-known resident of this place. She, like others, has found new life in Dodd's Kidney Pills.

"Before I used Dodd's Kidney Pills," Mrs. McKay states, "I suffered with a bad pain in my back and side, pains in my bowels, and sharp, cutting pains around the heart.

"I was always tired. Sometimes when I sat down I could hardly get up out of the chair. But thanks to Dodd's Kidney Pills, my pain is all gone and my back is well. I have proven for myself that Dodd's Kidney Pills are good." Female trouble is nearly always caused by diseased kidneys. The position of the female organs and the kidneys shows how one is dependent on the other. That's why weak women find new life in Dodd's Kidney Pills. They always cure diseased kidneys.

### WHAT MANY MEN KNOW.

Same old overcoat;  
Have to suffice;  
Expected a new one;  
Haven't the price.

Funny looking, ain't it?  
No wonder you smile;  
Out at the elbows—  
Way out of style.

Seven years old!  
Cross my heart!  
Expect to wear it  
Till it falls apart.

Bade it good-bye  
Late last May;  
Told my wife  
To give it away.

She knew better.  
Now I'm glad.  
On the level,  
Does it look bad?

### RASH MAN.

Mrs. Newlywed—I can hire a good cook for \$20 a month, dear. That's not so much!  
Mr. Newlywed—No, dear, but just think how much more we would eat.

### A CHANGE.

"They used to advise a boy to lay a solid foundation."  
"And nowadays?"  
"Nowadays, the thing is to put up a good front."

## Baby's Rash Became a Mass of Humor

Parents Decided He Could Not Be Cured. "Cuticura" Soon Made His Skin Perfectly Clear.

A Toronto man, Mr. Robert Mann, of 7564 Queen St. East, says: "Our boy was born in Toronto on Oct. 13, 1908, and when three months old a slight rash appeared on his cheeks. What appeared to be a water blister would form. When it broke, matter would run out, starting new blisters until his entire face, head and shoulders were a mass of sores and you could not see a particle of clear skin. We did not know what to do for him and tried about every advertised remedy without avail, indeed some of them only added to his suffering and one in particular, the Remedy almost put the infant into convulsions. The family doctor prescribed for him. This did not do any good, so we took him to a hospital. He was treated as an out-patient twice a week and he got worse, if anything. We then called in another doctor and inside of a week the boy was so all appearances cured and the doctor said his work was done. But the very next day it broke out as bad as ever.

"We decided that it could not be cured and must run its course and so we just kept his arms bandaged to his side to prevent his tearing his flesh. The Cuticura Remedies were recommended. We started using them in May, 1909, and soon the cure was complete. Cuticura made his skin perfectly clear and he is entirely free from the skin disease." (Signed) Robert Mann, May 3, 1910.  
In another letter, dated June 29, 1911, he adds: "My boy has never had any more trouble since using Cuticura."

For more than a generation Cuticura Soap and Ointment have afforded the most successful treatment for skin and scalp troubles of infants, children and adults. A single set is often sufficient. Although sold by druggists and dealers throughout the world, a liberal sample of each, with 32-p. book on the skin, will be sent free, on application to Potter Drug & Chem. Corp., 53 Columbus Ave., Boston, U. S. A.

### "WATER ELEPHANTS."

The scientific world is still discussing the reported discovery of a new mammal in the Congo State, a mammal known to the natives as the "water elephant." M. Le Petit, of the Paris Museum of Natural History, recently reported that he saw five of these animals plunging into the water on the northern shore of Lake Leopold the Second. He stated that they appeared to have shorter bodies, smaller ears, and relatively longer necks than ordinary elephants, and apparently were not possessed of trunk. He estimated their height at about six feet. It has been pointed out that the description of the water elephant accords almost exactly with Dr. Andrews' restoration of the palaeomastodon, a creature which dwelt in the Fayoum in the lower tertiary age.

### RATS AND THE PLAGUE.

The under-secretary for India estimates that during the last 15 years 7,500,000 deaths from plague have occurred in that country, and yet, although it has been scientifically shown that this terrible disease is conveyed to human beings by rat fleas, there are actually districts where religious opposition exists to rat-killing and inoculation. The greatest difficulty is met in overcoming "prejudice and ignorance, habit and apathy." Great numbers of people not only continue to live in houses that are not rat-proof, but they treat the rat almost as a domestic animal, and refuse to trap or kill it. Wherever sanitary rules can be enforced, the ravages of the plague are arrested. It has been excluded from the jails and from the native army.

### A MOTHER'S PRAISE OF BABY'S OWN TABLETS

Mrs. Allen Mason, Carleton, N. B., writes: "I have used Baby's Own Tablets ever since I have had children and that is going on fifteen years. I have always found them entirely satisfactory for all the ailments of little ones and feel that I cannot praise them too highly." Mrs. Mason's praise is just that of thousands of mothers who consider Baby's Own Tablets the only safe and sure remedy to keep in the house for their little ones. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

### TAKING HIS MEDICINE.

Visitor—So you've had three dogs, eleven cows and two horses killed by autos so far this year. Why don't you put in a complaint?  
Farmer—Never! I'm willing to take my medicine. I was one of the yaps that kept hollering for good roads.

For years Mother Graves' Worm Exterminator has ranked as the most effective preparation manufactured, and it always maintains its reputation.

And one touch of fashion makes a lot of women look like freaks.

#### DO FISHES TALK?

In any other land than that from which the sun refuses to retire at midnight accounts of boatloads of men listening to the private conversations of fishes under water would smack too much of the adventures of "Alice in Wonderland" to be taken seriously. Nevertheless, the fishermen along the Norwegian coasts are just such eavesdroppers. Every fishing vessel is now equipped with a telephone, to which it attached a microphone designed to augment submarine sounds. These sounds, collected by an electrical apparatus, communicate by means of a copper wire with the receiver of the telephone installed on the boat. By listening in the ordinary way, receiver at ear, the fisherman can tell precisely the moment when the fish began to collect. It is said that there is a considerable difference in the sounds made by the various fish as they congregate. The cod utters a guttural grunt and the herring has a whistling intonation which is said to be rather musical.

### CHEATING THE CUSTOMS.

Here is an ingenious Customs fraud, which has been going on unperceived for nearly two years. Customs officers, examining the cart of a man who has crossed the Italian-Swiss frontier three times a week for the past fifteen months, discovered that the axles of the wheels contained watches. Altogether 400 watches were found and confiscated.

"What on earth's the matter? Cut yourself while shaving?"  
"No-o. I should say that I shaved myself while cutting."

### ODD SIGNS.

Placard at a moving-picture show: "Young children must have parents."

In a barber's shop window: "During alterations patrons will be shaved in the back."

Sign in a store: "Empty boxes—suitable for Christmas gifts."

In a tailor's shop: "We dye for others, why not let us dye for you?"

In a clothing store: "These pants will look better on your legs than on our hands."

A silversmith has a place next door to a restaurant. The former having put up a placard, "Jewellery of all kinds plated," the restaurateur followed with this: "Oysters and Little Neck clams plated."

A Cure for Fever and Ague.—Disturbance of the stomach and liver always precede attacks of fever and ague, showing derangement of the digestive organs and deterioration in the quality of the blood. In these ailments Parmelee's Vegetable Pills have been found most effective, abating the fever and subduing the ague in a few days. There are many who are subject to these distressing disturbances and to these there is no better preparation procurable as a means of relief.

### TOO TRUE.

She—"There is one State, at least, where women can do the bossing without the ballot."

He—"Which one might that be, pray?"

She—"The state of matrimony."

### MERELY SOUND.

"Do you consider him a man of sound sense?"

"Well, yes—modified a bit."

"Modified? What do you mean?"

"Just strike out the sense and you'll have my opinion of him."

It will Prevent Ulcerated Throat.—At the first symptoms of sore throat, which presages ulceration and inflammation, take a spoonful of Dr. Thomas' Electric Oil. Add a little sugar to it to make it palatable. It will allay the irritation and prevent the ulceration and swelling that are so painful. Those who are periodically subject to quinsy have thus made themselves immune to attack.

"Fine feathers make thin pocket books," so a married man says.

### Minard's Liniment Cures Distemper.

She—"They say that an apple a day will keep the doctor away."  
He—"Why stop there? An onion a day will keep everybody away!"

It is a Liver Pill.—Many of the ailments that man has to contend with have their origin in a disordered liver, which is a delicate organ, peculiarly susceptible to the disturbances that come from irregular habits or lack of care in eating and drinking. This accumulator now pressed on the attention for the great many liver ailments of sufferers. Of these there is none superior to Parmelee's Vegetable Pills. Their operation though gentle is effective, and the most delicate can use them.

Silence is often the best argument.

### Minard's Liniment Cures Cargot In Cows.

She was a lady visitor to the prison, kindly and well meaning, and as she chatted with a burglar who had been sentenced to six months' imprisonment she thought she detected signs of reform in him. "And now," she said, "have you any plans for the future, on the expiration of your sentence?" "Oh, yes, ma'am," he said, hopefully. "I've got the plans of two banks and a postoffice."

### SMUG.

Braggs—What is the meaning of the word smug?  
Waggs—it means a man who is fat and glad of it.

To discern and deal immediately with causes and overcome them, rather than to battle with effects after the disease has secured a lodgment, is the chief aim of the medical man, and Bickle's Anti-Consumptive Syrup is the result of patient study along this particular line. At the first appearance of a cold the Syrup will be found a most efficient remedy, arresting development and speedily healing the affected parts, so that the ailment disappears.
