BIG FIRE AT TORONTO.

Quarter of a Million Loss in a Down-Town Blaze.

A despatch from Toronto says: A fire which broke out at 7.45 o'clock on Friday evening in the Allen building, 103-107 Simcoe street, gutted the top two stories which were occupied by the R. D. Fairbairn Co., Limited, as stock-rooms. Serious damage by water was done to the lower floors, occupied by the Allen Manufacturing Company, Limited, and the Swiss, Laundry. The loss is estimated at \$250,000. Three firemen were injured when a high pressure hose broke away from the men who were holding it as the water was being turned on. William H. Hawkes was thrown against the aerial truck and had his back badly bruised. John Roach, who was holding the hose, was hurt about the head. Edward Courtney, who was in charge of a low pressure stream, was struck by a flying nozzle and had his leg broken.

TWO MEN KILLED.

C. N. R. Construction Gang Drills Into Old Charge.

A despatch from Port Arthur says: Two Finns, John Ranto and O. Henderson, were killed and five others injured at the Canadian Northern Railway construction works on Tuesday, four miles north of Nepigon, by drilling into an un-

MINERS VOTE FOR A STRIKE-Unless They Receive a Fixed Minimum Wage.

A despatch from London, says: The recent ballot taken by the coal miners of Great Britain, the result of which was officially declared on Thursday afternoon, was overwhelmingly in favor of a strike for a fixed minimum wage. The actual figures were: For a strike, 945,901: against a strike, 115,051. Notices to quit work will doubtless promptly be hanced in by the miners and this will bring about a national stoprage of coal-mining on March 1. The intervening weeks, however, give plenty of time for negotiations between the employers and the workers, and efforts for mediation may be expected to avert what would otherwise prove a national

FIELD CROP COMPETITIONS. List of Prize-Winners Announced at Ottawa.

A despatch from Ottawa says: The prize winners in the Ontario standing field crop competitions were announced on Wednesday. They are:— Oats—First prize, Geo. Brown, Millbrook; second, George Boyce, Merivale; third, W. G. Wilson, Woodville. Barley—First, S. E. Bonisteel, Frankford; 2nd, D. I. Ross, Frankford. SURPRISED DOCTOR

Illustrating the Effect of Food.

The remarkable adaptability of Grape-Nuts food to stomachs so disordered that they will reject everything else, is illustrated by the

case of a woman in Racine, Wis.
"Two years ago," she says, "I
was attacked by a stomach trouble so serious that for a long time I could not take much of any sort of food. Even the various kinds prescribed by the doctor produced most acute pain.
"We then got some Grape-Nuts

food, and you can imagine my surprise and delight when I found that I could eat it with a relish and without the slightest distress.

"When the doctor heard of it he

told me to take several small portions each day, because he feared I would grow tired of it as I had of

all other food. "But to his surprise, (and that of everybody else), I did not tire of Grape-Nuts, and became better day by day, till, after some weeks, my stomach entirely recovered and I was able to eat anything my ap-

"My nerves, which had become so weakened that I feared I would become insane, were also restored by the Grape-Nuts food in connection with Postum, which has become our table beverage. I appreciate most gratefully and thankfully the Montreal, Jan. 23.—Oats — Canadian good that your food preparations A despatch from Kemmerer, Wyowestern, No. 2, 471-2 to 48c; do, No. 3, have done me, and shall be glad to ming, says: Fifteen miners were answer any letters inquiring as to reporte

CANNOT CHECK DISEASE.

Pneumonic Plague Killed Thousands in China.

A despatch from Manila says The report of the international plague conference, which was held at Mukden, Manchuria, last year, was issued here on Saturday. The conference was convened at the request of the Chinese Government and eleven countries were represented by delegates. The report was prepared by Dr. Richard Pear-son Strong, of the Philippines Bureau of Science. It consists of 500 pages and gives data and announces conclusions, which, it is believed, will be of invaluable aid to the scientific world in regard to the pneumonic plague, about which little has heretofore been known. This disease killed 50,000 persons in Manchuria and Northern China last year and some of the best phy sicians in the world seemed to be unable to do anything to check its spread. Several of the prominent doctors who went to Manchuria at the time succumbed to the disease.

Owen Sound ratepayers will be asked to vote on a million and a

HE STUTTERS.
