BLOOD DISEASES CURED

He was surprised at how the sores healed—“I took your New Method Treatment for a serious blood disease with which I had been infested for twelve years. I had consulted a score of physicians taken all kinds of blood medicine, visited Hot Springs and other mineral water resorts, but only got temporary relief. They would help me for a time, but after discontinuing the medicines the symptoms would break out again—running sores, blotches, rheumatic pains, looseness of the hair, swelling of the glands, palms of the hands scaling, itching of the skin, dyspeptic stomach, etc. I had given up in despair when a friend advised me to consult you, as you had cured him of a similar disease 8 years ago. I had no hope, but took his advice. In three weeks' time the sores commenced to heal up and I became encouraged. I continued the New Method Treatment for four months and at the end of that time every symptom had disappeared. I was cured 7 years ago and no signs of any disease since. My boy, three years old, is sound and healthy. I certainly can recommend your treatment with all my heart. You can refer any person to me privately, but you can use this testimonial as you wish.”
