

Victoria Square.

The Victoria Square Branch of the Women's Institute held their supplementary meeting at the home of Mrs. N. O. Hagerman, Richmond Hill, on Thursday, June 6, when a large gathering heard the excellent addresses by Dr. Jennie Smillie, Dr. Risdon and Mrs. Phillips, all of Toronto. Solos were given by Miss Trench and Miss Wright, and readings by Miss J. Scott and Mrs. Currie. At the close of the meeting the following address was read by Mrs. Jennings to Mrs. Scott, retiring president:—

Dear Mrs. Scott,—We, the women of the Victoria Square Institute, wish to show our appreciation of your devotion to your duties as President during the past five years. We knew that many times it has been by great personal sacrifice that you were able to be present, yet only twice have you been absent during your term of office. We feel that it is owing to your wise guidance and to your grasp of what an Institute should be to help and uplift the women of our country that we have had so many splendid meetings. We hope that we will continue to have your bright, sympathetic presence with us in our meetings. Please accept these flowers as a symbol of the fragrant memory you leave with us of your presidency.

Flowers presented by Carol Langstaff. Mrs. Scott, although taken by surprise, made a very feeling and appropriate reply.

FARM PROFITS

May be largely increased by knowing the exact condition of the farmer's market, and by learning of the best method in farm practice. This is precisely the sort of information the Farmers' Weekly Sun gives in every issue. It has no equal as a Farmer's Business Paper. Good farmers rely on it. For price see our clubbing offer.

At the Chi-Namel Store

**Monday and Tuesday Next
June 24 & 25**

We have the sales agency for the line of all-purpose varnish, which is so far ahead of any varnish that has ever been sold in this community, that we particularly desire an early opportunity to show its good points to some member of every household in our business district.

What we want you to know about this wonderful varnish is something that cannot be told; but we can show you in a very few minutes that you get more for your money every time by using Chi-Namel Varnish for floors, wood-work, furniture, or anything about the house on which varnish is used.

This varnish is furnished in the natural color and also in a full variety of colors. It can be hammered and boiled and otherwise abused without showing any signs of abuse. Any amateur can apply it to large surfaces and get just as smooth a finish as a professional finisher—no laps, no brush marks, no blotches to make a patchy appearance.

You will thank us for this invitation after you have come to know all about it.

Other features we want to show you are the Chi-Namel Ready-to-Use Graining Process, by which you can cover all blemishes in your old floors and make them any color you wish, and also produce the grain of oak or other woods.

We will gladly explain all these features at our store if you give us the opportunity.

150,000 Free Homesteads
ALONG THE LINE OF THE CANADIAN NORTHERN RAILWAY IN Manitoba, Saskatchewan and Alberta.

The Government has thrown open for entry 150,000 Free Homesteads—160 acres each—along the lines of the Canadian Northern Railway in Manitoba, Saskatchewan and Alberta. At least 35,000 of these are within a radius of 20 miles of operated lines of the Company, while the balance will be served by Branches now under construction or projected.

Alberta, the Province already noteworthy for its fertile lands and salubrious climate—takes first place in the total of homesteads offering. But the Wonderful Wheat Lands of Saskatchewan are well represented in the free Farms which have been thrown open for entry. Manitoba—the oldest settled of the three—holds out a large number.

Manitoba, 21,800 Saskatchewan, 48,080 Alberta, 74,000

Western Canada is so big that practically every farming condition is met with in the combined total. There is open prairie, the bluff country, which needs some clearing, and also the rolling land where loam and climate are admirably adapted to the needs of mixed farming. The atmosphere—Clear, Dry and Invigorating—makes this land the best land to live in.

The best Homesteads are rapidly being taken up, and intending settlers will be well advised to make their selection without delay.

Write for a free booklet giving the location and a description of the land being offered. A copy will be mailed to anyone making application to R. L. Fairbairn, Asst. General Passenger Agent, Canadian Northern Building, Toronto, Ont.
