

NA-DRU-CO LAXATIVES

are best for nursing mothers because they do not affect the rest of the system. Mild but sure. 25c. a box at your druggist's.

NATIONAL DRUG AND CHEMICAL CO. OF CANADA, LIMITED. 163

ONE WAY TO PACK A TRUNK.

Can Economize in Space as Well as Pennies.

A woman who is constantly travelling and yet who finds it most necessary to economize in space as well as in pennies, has found the following plan for packing her one trunk a most excellent one. At the bottom of the trunk she has a partition made large enough to carry one large or two small hats. This is strongly made, so that it cannot easily be broken. At the side of the partition she places a wooden box filled with sawdust, in which are her bottles of medicine. Here, too, she lays her shoes, each pair carefully rolled in linen covers. On one set of shoes she puts her pair of rubbers, and inside the shoes she places her boxes of pills or powders which would not go into the box of medicine.

Then she has six or eight pieces of heavy cardboard cut to exactly fit the trunk. These she covers with linen or chintz, so that they look exactly like large envelopes, with straps or strings to fasten down the flaps. In these huge envelopes she pins her dresses, shirt-waists, etc. Two or three dresses can usually be put in each envelope. Everything is kept absolutely flat, and nothing can be pushed to one end of the trunk when it is stood on end.

At the top of the trunk is a shallow tray, in which she puts her laces, ribbons, veils, and gloves, etc. The underwear is rolled and placed around the edges of the trunk, or is folded flat and laid between the envelopes.

TRAINING EAGLES FOR WAR.

Think They May be Induced to Attack Airships.

Some officers of Nice, according to a French newspaper, have been training six eagles to attack aeroplanes and dirigible balloons.

Although many attempts have been made to construct a gun for destroying aeroplanes, the problem has not yet been solved. These officers therefore chose eagles as capable of attaining the necessary speed and height in the air, and began by habituating them to the noise of motors and firearms.

Then, by fastening choice morsels of food on small balloons and frame work representing an aeroplane, they have trained the birds to throw themselves fiercely in such objects and tear them as they tear their prey.

Given the powers of the eagle's

WOULD SCREAM FOR HOURS WITH ECZEMA

Baby Dreadful Sufferer. Could Not Keep Him from Scratching. Every Joint Affected. Used Cuticura Soap and Ointment and He Is Well,

"Enclosed find my son's photo and I feel by writing these few lines to you I am only doing my duty, as my son was a dreadful sufferer from eczema. At the age of two weeks he began to get covered with red spots on his legs and groins, which mother thought was red gum or thrush; but day by day it grew worse until every joint and crevice were affected and baby started screaming for hours day and night, such a thing as sleep was out of the question. I took him to two of Sydney's leading doctors; one said it was one of the worst cases he had seen, the other did not think it so serious; one ordered ointment for rubbing in, the other a dusting powder. I followed their prescriptions for over four months and still baby kept getting worse. I could not keep him from scratching so great was his agony.

"When he was five months old I tried the Cuticura Remedies and I am very thankful to say my baby is to-day free from all his suffering. His groins were bleeding when I started and other parts affected were the lower part of his body, under the knees, arms, in armpits, eyebrows and neck; but after twice using Cuticura Ointment I began to see a difference and by the time I had used one tin, along with the bathing with Cuticura Soap, baby was nearly cured. I still kept on using the Cuticura Soap and Ointment, and now, thank goodness, he is quite well and, although he is now ten months old, has not had any further return of the trouble." (Signed) Mrs. G. Martin, 2 Knight St., Erekineville, Sydney, N.S.W., Mar. 31, 1911. Cuticura Soap and Ointment are sold throughout the world, but a liberal sample of each, with a 32-page book on the care and treatment of the skin and hair will be sent free on application to Potter Drug & Chem. Corp., 60 Columbus Ave., Boston, U.S.A.

beak and claws, it seems likely that an eagle could be counted on to wreck an aeroplane or tear open a dirigible, but, as Gaulois points out, a practical test would be difficult to apply.

THE NAPOLEON HAT.

Almost every season brings forward some millinery creation on the order of the Napoleon hat, a type which is most becoming to some piquant faces. This little French shape shows nothing but a single handsome feather mount in brilliant colorings.

SAVE THE CHILDREN.

Mothers who keep a box of Baby's Own Tablets in the house may feel that the lives of their little ones are reasonable safe during the hot weather. Stomach troubles, cholera infantum and diarrhoea carry off thousands of little ones every summer, in most cases because the mother does not have a safe medicine at hand to give promptly. Baby's Own Tablets cure these troubles, or if given occasionally to the well child will prevent their coming on. The Tablets are guaranteed by a government analyst to be absolutely harmless, even to the newborn babe. They are especially good in the summer because they regulate the bowels and keep the stomach sweet and pure. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

NOW-A-DAYS.

"Do you think he really loves her?" "Why, he's marrying her, isn't he?" "Yes, but now-a-days that's no longer any proof."

It Eases Pain.—Ask any druggist or dealer in medicines what is the most popular of the medicinal oils for pains in the joints, in the muscles or nerves, or for neuralgia and rheumatism, and he will tell you that Dr. Thomas' Electric Oil is in greater demand than any other. The reason for this is that it possesses greater healing qualities than any other oil.

Hope is the advance agent of resignation.

Minard's Liniment Cures Colds, Etc.

It's easier for a man to make money if he isn't on speaking terms with his conscience.

Clean Stomach, Clear Mind.—The stomach is the workshop of the vital functions and when it gets out of order the whole system clogs in sympathy. The spirits flag, the mind droops and work becomes impossible. The first care should be to restore healthful action of the stomach and the best preparation for that purpose is Parmelee's Vegetable Pills. General use for years has won them a leading place in medicine. A trial will attest their value.

ARSENIC IN VEGETABLES.

Arsenic has been found as a normal constituent in man and animals, and now Drs. Jadin and Astrug, two French biologists, show that it may be derived from edible plants and fruits. They examined thirty-nine vegetable substances, and obtained arsenic from all, the quantities ranging from 0.25 part per million in almonds and beans. Other vegetable matters, containing arsenic are the common cabbage, the turnip, the potato, cultivated mushrooms, black truffles, Japanese rice, red haricots, grey peas, split peas, lentils, artichokes, salsify, chicory, lettuce, spinach, green peas, celery, carrots, water-cress, cauliflower, wild asparagus, hazelnuts, filberts, chestnuts, apples, pears, oranges, pineapples, and bananas.

FACT AND FANCY.

Some men are overfrequent visitors to the theatre because at home they never get a show.

Every hour 4,000 human beings die.

A pound of sheep's wool will produce one yard of cloth.

When some men tell you they are self-made, you hardly know whether they are bragging or apologizing.

The oldest national flag in the world is that of Denmark, which dates from 1219.

There is no record of any man ever having starved because he kept his mouth shut.

INSECT STINGS AND SUMMER SORES.

Insect bites and stings, blistered feet and sunburn! These three things, or any one of them, may spoil some days of your vacation, or make your work a bore! Zam-Buk is the remedy you need! It takes the "burn" out of these red, inflamed patches where the sun has got home on you; it eases bad mosquito bites, and it soothes and heals blistered feet and hands.

In the hot weather young babies suffer greatly from heat spots and chafed places. Here, again, Zam-Buk will give almost instant ease!

For cuts, burns, and more serious skin diseases, such as eczema, blood-poisoning, etc., and for piles, Zam-Buk is absolutely without an equal. All druggists and stores 50c. box or Zam-Buk Co., Toronto.

HE'S MARRIED NOW.

"Blingley, why does Oldboy refuse to speak to you? You used to be good friends." "Yes, when we were bachelors; but he's married now." "And what difference does that make?" "Well, the fact is, I made him a handsome wedding present of a book, and he hasn't spoken to me since." "What was the book?" "Paradise Lost."

The Pill That Leads Them All.—Pills are the most portable and compact of all medicines, and when easy to take are the most acceptable of preparations. But they must attest their power to be popular. As Parmelee's Vegetable Pills are the most popular of all pills they must fully meet all requirements. Accurately compounded and composed of ingredients proven to be effective in regulating the digestive organs, there is no surer medicine to be had anywhere.

It takes a silly woman to trust a man who couldn't get credit for a 3-cent head of cabbage at the corner grocery.

Minard's Liniment Cures Distemper.

Both men and women want to conceal their age, and for much the same reason. Men wish to appear older than they are in order to rule sooner, and women wish to appear younger than they are in order to rule longer.

Cholera morbus, cramps and kindred complaints annually make their appearance at the same time as the hot weather, green fruit, cucumbers, melons, etc., and many persons are debarred from eating these tempting things, but they need not abstain if they have Dr. J. D. Kellogg's Dysentery Cordial and take a few drops in water. It cures the cramps and cholera in a remarkable manner and is sure to check every disturbance of the bowels.

He—"I think your family name is a very fine one." She—"Do you? I get dreadfully tired of it!"

Minard's Liniment Cures Diphtheria.

DISTINCTION.

Mistress (engaging servant)—"I hope you have nice print dresses, and I expect you always to wear caps."

Mary—"Yes, mum, I'm very particular to wear caps. I shouldn't like to be taken for one of the family, mum!"

TWO FAMOUS BANDS.

Coming from England for the Canadian National Exhibition.

Two famous bands from England will make the musical attractions at the Canadian National Exhibition this year something long to be remembered. The Scots Guards Band from Buckingham Palace, the third of this famous brigade of bands brought across the ocean by the Exhibition people, will alternate with the Besses o' Th' Barn, which all lovers of band music recognize as Britain's best brass band. Two such musical attractions have never before been brought together on the continent.

SUPREME TEST.

"Is she fond of children?" "Very. She'll even rent her houses to people who have them."

Worms cause fretfulness and rob the infant of sleep, the great nourisher. Mother Graves' Worm Exterminator will clear the stomach and intestines and restore healthfulness.

CURIOUS.

Little Girl—"Are you the trained nurse mother said was coming?" Nurse—"Yes, dear, I am the trained nurse." Little Girl—"Let's see you do some tricks."

Digby, N. S.
Minard's Liniment Co., Limited.
Gentlemen,—Last August my horse was badly cut in eleven places by a barbed wire fence. Three of the cuts, (small ones) healed soon, but the others became foul and rotten, and though I tried many kinds of medicine they had no beneficial result. At last a doctor advised me to use MINARD'S LINIMENT and in four weeks' time every sore was healed and the hair has grown over each one in fine condition. The Liniment is certainly wonderful in its working.

Get Them From Your Grocer

Trade supplied by John W. Bickle & Greening, Hamilton.

The female house fly lays from 120 to 150 eggs at a time, and these mature in two weeks. Under favorable conditions the descendants of a single pair will number millions in three months. Therefore all housekeepers should commence using
WILSON'S FLY PADS
early in the season, and thus cut off a large proportion of the summer crop.
