F. L. BENEDICT & CO. Montreal

Katharine's Interest.

Katharine is two and a half years old. Her father came home one afternoon, after working three days and three nights at high pressure, with almost no sleep. He lay down with the feeling that he did not want to wake up for a week. Half an hour later, from the depths of his dreams, he heard a small, clear voice, "Father!"

The sleeper stirred, and turned his head on the pillow.

"Father! father!"

He stirred again, and moaned.

"Father! father!"

He struggled and resisted and floundered, and finally raised his eyelids like a man lifting heavy weights. He saw Katharine smiling divinely beside his couch.

"Father! father!"

"What is it, daughter?"

"Father, are you having a nice nap?"

Itching and Burning on Face and Throat

Sores Disfigured So He Dreaded to Appear in Public. No Rest Night or Day. Cuticura Ointment Cured.

"Six months ago my face and throat all broke out and turned into a running sore. I did not bother about it at first, but in one week's time the disease had spread so rapidly over my face and throat and the burning itching sores became so painful that I began to seek relief in different medicines, but none seemed to give me any relief. The sores disfigured my face to such an extent that I dreaded to appear in public.

"I suffered terribly and could get no rest night or day. At last a friend advised me to try the Cuticura Remedies. I had about given up hope, but thought I would have one more try, and so I used a little Cuticura Ointment, and it helped me from the start. I continued using it and in six weeks' time was completely cured, and can say I would advise anyone suffering from skin disease to use Cuticura Ointment, as it is the best healing balm in the world." (Signed) Roscoe Good, Seven Persons, Alta., Feb. 13, 1911.

FOUND RELIEF ONLY FROM CUTICURA SOAP AND OINTMENT

"My little girl when only a few weeks old broke out on the top of her head and it became a solid scab. Then her cheeks became raw and sore and after trying different remedies found relief only from using Cuticura Soap and Ointment. It lasted six months or more, but after a thorough treatment with the Cuticura Soap and Ointment never had any return." (Signed) Mrs. W. S. Owen, Yaddin College, N. C., May 26, 1911.

For more than a generation Cuticura Soap and Ointment have afforded the most successful treatment for skin and scalp troubles of infants, children and adults. A single cake of Cuticura Soap and box of Cuticura Ointment are often sufficient. Although sold by druggists and dealers throughout the world, a liberal sample of each, with 32-p. book on the skin, will be sent free, on application to Potter Drug & Chem. Corp., 54 Columbus Ave., Boston, U. S. A.

SIR THOMAS' WIT.

Sir Thomas Shaughnessy, the C. P. R. president, is somewhat noted for his quaint wit. On one occasion a pompous young man with very high notions of his own importance, consulted him in regard to choosing a vocation for life. He said, "Sir Thomas, as you have been a very successful man, I am sure you are capable of giving excellent advice to a young man just starting in life. What business would you advise me to engage in?" "Shoemaking," was the senti-

Sir Thomas Shaughnessy.

ous reply. The young man gazed at him in blank amazement for several seconds, but seeing that he was apparently in deep earnest, he inquired his reason for recommending such a humble occupation.

Without a smile Sir Thomas replied: "Shoemaking is a good business, a very good business, and it will always remain a good business as long as babies are born bare-footed."

A Well-Known Man.

Minard's Liniment Co., Limited.
Dear Sirs,—I can recommend your MINARD'S LINIMENT for Rheumatism and Sprains, as I have used it for both with excellent results.

Yours truly,
T. B. LAVERS,
St. John.

Post-offices were not established in England until the seventeenth century.

Sweet and palatable, Mother Graves' Worm Exterminator is acceptable to children, and it does its work surely and promptly.

Two's company—unless they are husband and wife.

Minard's Liniment Cures Burns, Etc.

Foolish Question.

Prospective Purchaser—Is there a mortgage on the place?
Real Estate Agent—Certainly. Didn't you observe the garage?

Pills That Have Benefited Thousands.—Known far and near as a sure remedy in the treatment of indigestion and all derangements of the stomach, liver and kidneys, Parmelee's Vegetable Pills have brought relief to thousands when other specifics have failed. Innumerable testimonials can be produced to establish the truth of this assertion. Once tried they will be found superior to all other pills in the treatment of the ailments for which they are prescribed.

RUSSIA'S HUNTING BAG.

The hunting season in Russia has come to an end, and the following particulars, says a St. Petersburg correspondent, relate to the booty, which has far surpassed that of the preceding year. The largest number of animals killed are squirrels, which head the list with 4,525,300 victims. The most sought-after fur is, of course, black sable, of which 12,250 were caught. Last year a clear profit of 2,500,000 francs was made on sables, which fetched as much as 1,000 francs apiece. The remainder of the "bag" was composed of 200,000 ermine, 1,500 brown bears, 180,000 skunk, 100 blue foxes and 16,500 grey wolves.

Signs of Matrimony.

"Are those two in front of us husband and wife?"
"I don't think so."
"What makes you think they are not?"
"Because when they met he raised his hat to her and then took her bundles to carry for her."

GUARD BABY FROM COLDS

The mother can guard her little ones from colds during the damp, cold fall days by the use of Baby's Own Tablets. The Tablets act as a gentle laxative, keeping the bowels working freely and the stomach sweet—that is the secret of preventing colds. The Tablets will not only prevent or banish colds, but will cure constipation, indigestion, expel worms and make teething easy. They are sold under the guarantee of a government analyst to contain no harmful drugs and may safely be given to the newborn babe. Sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

POISON IN ABSINTHE.

Thyion the Deadly Agent in France's Favorite Intoxicant.

The principal poison in absinthe is a vegetable substance known as thyion. It is found in wormwood, which is used in making absinthe. France is the largest consumer of absinthe, taking more than all the rest of Europe. The consumption has been steadily increasing, so that in 1911 over 1,000,000 gallons of absinthe were used in France.

For some years French legislators have been trying to find a way to limit or stop the sale of absinthe. The government receives from the sale of this drink \$100,000,000 a year and the communes about \$5,000,000.

Aside from the question of the largest interests and revenues affected, certain social questions are involved. Thus M. Caillaux pointed out that "a wave from the depths" is to be feared if all the absinthe drinkers of France—chiefly recruited from the lower classes—are to be deprived of their favorite liquor.

For these reasons the government has abandoned the idea of a complete interdiction of the sale of absinthe. The latest proposition, and one that may be adopted, is to prohibit the distillers from using wormwood or any plant containing thyion, but then we should have absinthe that is not absinthe.

Limited.

"Going to give your daughter a big wedding?"
"No. We're only going to ask those we're sure will send presents."

We have no hesitation in saying that Dr. J. D. Kellogg's Dysentery Cordial is without doubt the best medicine ever introduced for dysentery, diarrhoea, cholera and all summer complaints, sea sickness, etc. It promptly gives relief and never fails to effect a positive cure. Mothers should sever be without a bottle when their children are teething.

A woman is generally older than she thinks she looks.

Minard's Liniment Cures Dandruff.

Changed.

Mrs. Nagg—"Before I married you I didn't know you were so grouchy."
Nagg—"I wasn't."

Won Fame on its Merits.—The unbounded popularity that Dr. Thomas' Electric Oil enjoys is not attributable to any elaborate advertising, for it has not been so advertised, but is entirely due to the merits of this Oil as a medicine. In every city, town and hamlet in the country it is sought after solely because of its good qualities.

He Knew.

Teacher—Tommy, you are too great an idler. Do you know what becomes of people who won't work?
Tommy—Yessum. They gets supported by the rest of the family.
It isn't until a man asks a favor that he discovers some of his friends are merely acquaintances.

ED. 4 ISSUE 43-12

HOUSES MADE OF PORCELAIN.

Mr. W. Hales Turner, a Staffordshire (England) inventor, proposes to build houses of sheets of porcelain, panelled and welded on a steel framework. "You would get a house," said Mr. Turner, "that would be damp-proof and absolutely sanitary. The walls, being non-porous, would not retain dirt or disease germs. No matter how careless or dirty the previous tenant has been, a bucketful of water and some soap will make the place as sweet and clean as a polished dinner plate. Wall decorations as desired could be glazed into the porcelain, and if a man got tired of the style of his frieze or dado he could get it changed any time as the parts would be all standardized. If you emigrated you could pack your house up and take it away with you."

HAD BAD SORE FOUR YEARS

Zam-Buk Has Healed It!

Mrs. Wilson, 110 Wickson Ave., Toronto, says: "About four years ago a sore spot appeared on the right side of my face. This spot increased in size until it became about half an inch in diameter and very painful. I went to a doctor, but the ointment he gave me did not have any good effect. The sore continued to discharge freely, and was most painful. I had it cauterized, tried poultices, and all kinds of salves, but it was no good, and I continued to suffer from it for four years!

"A sample of Zam-Buk was one day given to me, and I used it. Although the quantity was so small, it seemed to do me some good, so I purchased a further supply.

"Each box did me more and more good, and, to my delight, before I had been using Zam-Buk three weeks, I saw that it was going to heal the sore. In less than a month it was healed!

"I know a lady in the east of the city, whose husband suffered for years with an open sore on his leg. On my recommendation, Zam-Buk was tried in that case. The other day when I saw her, she told me that it had healed the sore completely.

Zam-Buk is a sure cure for eczema, piles, abscesses, ulcers, scalp sores, ringworm, cuts, burns, scalds, bruises, and all skin injuries and diseases. 50c. box, all druggists' and stores, or post free from Zam-Buk Co., Toronto, for price. In case of skin disease use also Zam-Buk Soap, 25c. tablet.

"The time will come," thundered the suffragist orator, "when women will get a man's wages!"
"Yes," sadly muttered a man on the rear seat, "next Saturday night!"

A Pill That is Prized.—There have been many pills put upon the market and pressed upon public attention, but none has endured so long or met with so much favor as Permelee's Vegetable Pills. Widespread use of them has attested their great value, and they need no further advertisement than this. Having firmly established themselves in public esteem, they now rank without a peer in the list of standard vegetable preparations.

Next to getting the man she wants, a girl enjoys getting the man some other girl wants.

Minard's Liniment Relieves Neuralgia.

No death sentences were passed during 1911 in the colony of Gambia, a British Crown Colony in West Africa, which has a population exceeding 145,000.

There may be other corn cures, but Holloway's Corn Cure stands at the head of the list so far as results are concerned.

It is folly to suppose that all things come to those who wait for something to turn up.

Minard's Liniment for sale everywhere.

Hobson's Choice.

An Eastern man, who was on a business trip through the West, stopped at the small hotel in a country town one day. He entered the dining-room and was shown to a table by a waiter.

"Will you have some pork and beans, sir?" asked the waiter, as he brought the customary glass of water.

"No, I don't care for them," answered the man. "I never eat pork and beans."

"Dinner is over, then, sir," said the waiter, as he moved away.

Half the labor employed at the present time in connection with the Panama Canal is supplied by British subjects.
