

IT IS NEWS WORTH GIVING TO THE WORLD

HOW RAVAGES OF KIDNEY DISEASE ARE CHECKED IN QUEBEC.

Mrs. Julien Painchaud, for seven years a sufferer, finds quick relief and complete cure in Dodd's Kidney Pills.

Whitworth, Temiscouata Co., Que., Jan. 27 (Special).—With the coming of winter the ravages of Kidney Disease are again felt in this province, and the fact that a sure cure is vouched for in this village is news worth giving to the world. Mrs. Julien Painchaud is the person cured and she states without hesitation that she found her cure in Dodd's Kidney Pills.

"For seven years my heart and kidneys bothered me," Mrs. Painchaud states, "I was always tired and nervous. I could not sleep. My limbs were heavy and I had a dragging sensation across the loins. My eyes had dark circles under them and were puffed and swollen. I was so ill I could hardly drag myself around to do my housework."

"A neighbor advised me to try Dodd's Kidney Pills, and I found relief in the first box. Six boxes made me perfectly well."

If you have any two of Mrs. Painchaud's symptoms your kidneys are diseased. Cure them and guard against serious, if not fatal results by using Dodd's Kidney Pills.

COOK WAS MISUNDERSTOOD.

Present of Hams to Prime Minister Cause of Cook's Discharge.

The Chinese newspapers are shaking their heads (they have no longer any pigtails) over the doings of their new Prime Minister, M. Lon Tseng Chiang. For he has just dismissed his cook, the heaven-born, all-powerful mayor of the palace, M. Yu. For M. Yu is more than a cook—he belongs to the nobility, and when the Marquis Li Hung Chang tried to engage a European cook in his place M. Yu appealed to the Empress, and defeated the Marquis. That was some time ago and M. Yu has been increasing in importance since then. He possesses a big house in the street of Minichengpor in Pekin, a restaurant in the Zoological Garden at Pekin, and another establishment. He naturally imagined that his services would be highly valued by the new Prime Minister, and in order to smooth the way he sent a present of his best hams to the minister. His surprise was great when his present was returned and he himself was dismissed. The Pekin newspapers cannot understand a minister acting in this way. The old rule was the more presents the better.

HANDS COVERED WITH PIMPLES

Itched So Kept from Sleeping. Passed the Nights Scratching. Cuticura Soap and Cuticura Ointment Stopped the Itching at Once and Entirely Cured.

69 3rd Ave., Ville Emard, Montreal, Que.—"My trouble started with small pimples on my hands, which itched so that it kept me from sleeping, and I passed the nights scratching it. I did not know what to do with myself. I became so discouraged that I did not have the heart to do my work. My hands were all covered with little watery pimples. For three weeks I had my hands done up to keep them from touching the bed, for I tossed and scratched so that I made them all bloody on the bed-board. I had suffered for three years like this when I saw an advertisement for Cuticura Soap and Cuticura Ointment. I decided to send for samples of them.

"As soon as I received them, I applied the Cuticura Ointment and washed my hands with Cuticura Soap at night before going to bed. This stopped the itching at once. I continued to use them, using not quite two boxes of Cuticura Ointment with the Cuticura Soap, and I was entirely cured. My husband had a burn on one of his hands. He anointed it two nights with Cuticura Ointment and has not felt it since. We have great confidence in Cuticura Soap and Ointment, and I assure you I shall tell all who suffer with the same disease about them." (Signed) Mrs. Roger Hebert, Dec. 28, 1911.

Cuticura Soap and Cuticura Ointment are sold by druggists and dealers everywhere. For a liberal free sample of each, with 32-p. book, send post card to Potter Drug & Chem. Corp., Dept. 31D, Boston, U. S. A.

LORD KITCHENER IN EGYPT.

Will Cover the County With a System of Main Roads.

Lord Kitchener is carrying out an extensive scheme of road making in Egypt. Some time ago he ordered a road to be made between Cairo and Alexandria, and now it is announced that he is studying a plan for covering the country with a complete series of main roads. These will be undertaken by the Government itself, while minor thoroughfares will be laid by the Provincial Councils. Apart from the military standpoint, such a system of roads will be of immense commercial value, as it will open up districts neglected through lack of communications; it will further develop others that are at present dependent solely either on the river or the railway for transport, and it will give the country an additional attraction in the eyes of the tourist, who at present can rarely get off the beaten track or obtain any other view of Egyptian life than that to be had from the train window or steamer deck. As things stand to-day tourists can motor from Alexandria to Cairo, the road being practically finished. Indeed, so near completion is it, and so much is expected to be made of it, that the automobile clubs have obtained permission from the Ministry of Public Works to erect indication and danger signposts all along the route. The day may not be far distant when tourists may be able to motor from the landing stage at Alexandria to the First Cataract—about 600 miles.

RID YOUR FEET OF SORE CORNS

Quite easy now to extract any kind of a corn—just apply Putnam's Corn Extractor—it works wonders, stops the pain quickly, the thick tissue is softened, and healing goes right to the heart of the corn. In a few hours the hard core is loosened and separated from the toe. Out comes the corn. Toe is left smooth—not a mark left. Use only Putnam's Painless Corn Extractor, recommended by druggists and sold in 25c. bottles.

"When one comes to live as long as I have," says Sir George Birdwood, who has just celebrated his eightieth birthday, "any fear of death has vanished."

The publisher of the best Farmer's paper in the Maritime Provinces in writing to us states:

"I would say that I do not know of a medicine that has stood the test of time like MINARD'S LINIMENT. It has been an unfailing remedy in our household ever since I can remember, and has outlived dozens of would-be competitors and imitators."

Naval officers are not often called upon to perform such a delicate task as that set out in a circular which emanates from the French Ministry of Marine. It runs thus:

M. Ruyter Warfusse has bequeathed to the town of Toulon a legacy destined to promote marriage between an orphan girl of good character and a sailor of proved sobriety, the former to be selected by the Mayor of Toulon and the latter by the senior Captain of the squadron of vessels now anchored at Toulon. Would-be candidates for the legacy must send a statement of their qualifications accompanied by documentary evidence to this office not later than December 25.

The couple selected must, according to the terms of the will, be married on the forthcoming feast of the Epiphany and undertake to have at least four children.

Left Shoes for German Pupils.

Amongst the items of news contained in the monthly reports on the primary schools of the German Empire is the following: In one district the local authorities have decided to provide the children with felt shoes to be worn during school hours. This is at Pollwitz, near Glogau. The medical officer had made several complaints as to the general inefficiency of the footwear of the children, and had pointed out that it meant that the children had often to sit through the day in winter with their feet thoroughly wet. With the equipment of felt shoes the authorities have given orders that the other shoes shall be properly dried during the lesson time.

Chapped Hands AND Cold Sores

Are your hands chapped, cracked or sore? Have you "cold cracks" which open and bleed when the skin is drawn tight? Have you a cold sore, frost bite, chilblains, or a "raw" place, which at times makes it agony for you to go about your household duties? If so, Zam-Buk will give you relief, and will heal the frost-damaged skin. Anoint the sore places at night, Zam-Buk's rich healing essences will sink into the wounds, end the smarting, and will heal quickly.

Mrs. Yellen, of Portland, says: "My hands were so sore and cracked that it was agony to put them near water. When I did so they would smart and burn as if I had scalded them. I seemed quite unable to get relief from anything I put on them until I tried Zam-Buk, and it succeeded when all else had failed. It closed the big cracks, gave me ease, soothed the inflammation, and in a very short time healed my hands."

Zam-Buk also cures chafing, rashes, winter eczema, piles, ulcers, festering sores, sore heads and backs, abscesses, pimples, ring-worms, etc., cuts, burns, bruises, scalds, sprains. Of all druggists and stores, or post free from the Zam-Buk Co., Toronto. Price 50c a box.
