

Is Your Back Full of Aches All Day Long?

That Stab-like Pain in the Back is Sure Indication of Kidney Trouble.

Mrs. Anna Rodriguez writes as follows from her home in Valencia: "For a long time I suffered with falling strength and nagging headaches. My condition grew steadily worse, my limbs became bloated and shaky, I was sallow and thin, felt rheumatic pains, dizziness and chills. I unfortunately didn't suspect my kidneys and was nearly dead when I discovered the true cause of my sufferings. I read to much about the wonderful health and strength that comes to all who use Dr. Hamilton's Pills that I felt sure they would help me. Such blessings of health and comfort I got from Dr. Hamilton's Pills I can't describe. They speedily put me right, and their steady use keeps me active, energetic, strong and happy. I strongly urge others to regulate and tone their system with Dr. Hamilton's Pills of Mandrake and Butternut."

PUDDLES OF SILVER.

System Used in Mexico to Separate the Metal.

It was at Pachuca, Mexico, that the patio system of separating silver had its origin. This system is still followed extensively at the silver mines throughout Mexico. The ore is crushed and worked down to a state of puddle. It is then spread out to a depth of two or three feet over the paved floor of the courtyard, or patio. To this mass sulphate of copper is added in powder, about fifteen pounds of sulphate to 3,000 pounds of puddle. This is trodden into the puddle by horses. Several gangs of old, worn-out horses or mules, about twelve in a gang, are seen in various parts of the patio, being driven round in circles to tread in the sulphate. On the next day 6 per cent. of common salt is added and in two more days 100 per cent. of pure quicksilver, or as much as the assay of the ore shows, is required. This mass is then trodden up by horses for fifteen days. It is then wheeled to a large tank through which passes a rapid stream of water. This washes away the clay, leaving the silver and quicksilver. This residuum is poured into cone-shaped canvas bags through which most of the quicksilver runs out, and what remains with the silver is passed off with the vapor by means of heated retorts. None of the quicksilver is lost, and even the vapor is brought by cold water to its original state and used again and again. The quicksilver soon rots the hoofs of the horses and the mules, but the Mexicans themselves do not seem to be much the worse for it, even though they wade around in the puddle for days at a time.

Because He Took GIN PILLS
Mr. H. A. Jukes of Winnipeg writes: "I have been a sufferer from lumbago for some years past. I met your Mr. Hill and he advised me to take GIN PILLS. I have been taking them at intervals during the early part of the present winter, and up-to-date have had no return of my old trouble—in fact I feel better than I have for years, and think that my old enemy has vanished for good and all."

WHY FASHIONS CHANGE.

How Some Recurrent Modes Were Originated.

If the most noteworthy trait in the fashions of the present day is an eclecticism which permits no one dominant tendency to hold sway, the reason may perhaps be found in the fact that while Paris undoubtedly sets the fashion for the whole feminine world, Paris is the capital of a republic.

Formerly, under the Empire, or when there was a king on the throne of France, the sovereign's wishes had a distinct influence on the tendency of fashion. The court liked to copy the smallest detail or whim of his majesty or of the princesses who surrounded him. For example, trains owe their origin to the fact that the daughters of Louis IX. had abnormally large feet.

The wife of Philippe III. was afflicted with a tremendously long neck, so she invented the high guimpe.

It was because La Belle Ferronniere had a burn exactly in the middle of her forehead that she wore over the cicatrix the charming jewel held by a fine thread that is called a Ferronniere to this day.

In the reign of Henry II. some princesses who suffered from goitre hid the blemish beneath their high-fluted ruffs and disguised the crookedness of their shoulders under the puffed sleeve.

Anne of Austria wore short sleeves because of her beautiful arms; Louis XIV. brought the wig into fashion because he was afflicted with a wen on his head. Mme. de Pompadour created the vogue of high-heeled slippers to hide her lack of inches.

The Empress Eugenie had very beautiful shoulders, so she set the fashion of décolletage which left the shoulders bare and set them off to the best advantage.

A Racking Cough And Sore Throat Cured In Five Hours

Use the Proper Remedy and Colds and Sore Throat Disappear.

"When I came home last evening," writes Mr. Thomas E. Jarvis, "I was all used up with cold and a racking cough. I felt sick all over. My wife rubbed my throat and chest every hour, and made me gargle with Nervilleine and water. I was soon warmed up and made comfortable with the Nervilleine, and the chilly sensation passed away. At 11 o'clock, after five hours' treatment, I was practically well. I therefore write you at once in order that it may be publicly known that Nervilleine will knock out a bad cold over night."

It is a fact that Nervilleine will ease up a tight chest, will relieve that sore, wheezy feeling, will knock out a cold in just a few hours. It penetrates deeply, draws out the congestion, cures promptly. Get a large family size bottle, 50c.; small size, 25c., at all storekeepers and druggists or The Catarrhozone Co., Buffalo, N. Y.

Merchant Shipping Tonnage.
The tonnage of British merchant shipping for 1912 amounted to 1,738,514 tons gross, and of warships to 191,737 tons displacement, a total of 742 vessels there were 69 of 6,000 tons and upward, and of these 16 were over 10,000 tons. The prospects for 1913 are even more satisfactory, and shipowners are finding it almost impossible to get their orders filled.

ANOTHER PROOF FROM THE WEST

THAT DODD'S KIDNEY PILLS ARE A NATURAL REMEDY.

For Cases of Exhaustion and Nerve Weakness—How S. Jeremy Found Relief when he Cured his Kidneys.

Sniatyn, Alta., March 10.—(Special).—That the natural remedy for exhaustion and nerve weakness is one that will give good circulation and pure blood carrying nutrition to all parts of the body, is again proved in the case of S. Jeremy, a well-known resident of this place.

"For over two years I suffered from attacks of exhaustion and nerve weakness," Mr. Jeremy states. "I tried many nerve foods and tonics but must admit that Dodd's Kidney Pills have benefited me more than anything else I ever used."

"I am more than grateful for what Dodd's Kidney Pills have done for me."

Nerve weakness and exhaustion are caused by impure blood. Impure blood is caused by diseased kidneys failing to strain the waste matter of the body out of the blood. The natural remedy is to cure the kidneys. Dodd's Kidney Pills have yet to find a case of kidney disease they cannot cure.

In Private.

As he started out with the bushel of ashes he walked into a clothes line that he didn't see.

When he had picked himself out of the ash pile and recovered his hat he stood in the back yard and relieved his feelings.

"Henry," called his wife.
"Well?" he snapped.
"Don't stand out there to do it. Come straight into the house and tell me that it's all my fault."

THE FIRST TEETOTALER.

The Word Was Coined in the Town of Preston, England.

The quaint sayings of "Dicky" Turner, one of the earliest advocates of temperance in rural England, are still remembered in the little town of Preston, where the reformer began his attacks on the drinking habits of his fellow townsmen. In "The Manchester and Glasgow Road," Mr. Charles G. Harper describes the work of this interesting man:

Outside of Preston, probably not one person in a thousand knows how the word "teetotal" came into popular use. It was, to all intents and purposes, deliberately invented by "Dicky" Turner, who, at a meeting held in the Old Cockpit, declaimed vehemently against the arguments of the moderate drinkers, and insisted upon total abstinence. "I'll have now to do with 'tee' this moderation botheration pledge," he said. "I'll be reet down out-an'-out tee-tee-total for ever and ever."

"Well done!" shouted the meeting, and the word was adopted with enthusiasm.

There was no reference to tea, as is often supposed, nor was the word the result of a stuttering attempt at the word "total"; for Turner was not a stammerer. He was a ready coiner of words upon any emergency, and often perpetrated what in an Irishman would be called "bulls." In one of his impassioned addresses on temperance, he said: "We will go with our axes on our shoulders and plow up the great deep; and then the ship of temperance shall sail gallantly over the land."

RASH ON ARMS ALMOST UNBEARABLE

Looked Like Raw Meat. Itched and Burned So Badly Could Not Rest Night or Day. Arms Sore from Wrist to Elbow. Cuticura Soap and Ointment Completely Cured.

Lower Blandford, Nova Scotia.—"Three years ago I became troubled with sore arms. It came as a rash. My arms looked like raw meat and itched and burned so badly I could not rest night or day. When I scratched they became awfully sore. As long as the weather was warm it didn't bother me so much, but in winter it was almost unbearable. My arms were sore from the wrist to the elbow.

"I used several cures which were recommended to me but without any avail. I saw how I could get a sample of Cuticura Soap and Ointment which I did. I used the samples and found an improvement. Whenever I applied the Cuticura Ointment the itching and burning ceased. I got a full-sized box of Cuticura Ointment and a cake of Cuticura Soap and only used about half when it disappeared and since then I have not been troubled. That was six months ago. Cuticura Soap and Ointment completely cured me." (Signed) Miss Elsie E. Zinck, Mar. 7, 1912.

Cuticura Soap and Ointment do so much for pimples, blackheads, red, rough skins, itching, scaly scalps, dandruff, dry, thin and falling hair, chapped hands and shapeless nails with painful finger-ends, that it is almost criminal not to use them. A single cake of Cuticura Soap and box of Cuticura Ointment are often sufficient when all else has failed. Sold everywhere. Liberal sample of each mailed free, with 32-p. Skin Book.
