

YOU CAN LAUGH AT LIFE'S MINOR ILLS

WHENCE DODD'S KIDNEY PILLS CURED HER KIDNEY DISEASE.

New Brunswick Woman Tells How She Was Rescued from Ill Health by the Twin Remedies, Dodd's Kidney Pills and Dodd's Dyspepsia Tablets.

Neguae, Allain P. O., N. B., Mar. 24 (Special).—Mrs. Joseph G. Savoy, a well-known resident of this place, whose ill-health has been a matter of much concern to her friends, is telling of the cure she found for all her troubles in Dodd's Kidney Pills and Dodd's Dyspepsia Tablets.

"My health is fine now," Mrs. Savoy says, in an interview. "The pains are gone from my side and back, and when I go to bed I can sleep. Before I started using Dodd's Kidney Pills and Dodd's Dyspepsia Tablets I could not eat anything heavy, such as meat, but now I can eat practically what I please with no ill effects."

Mrs. Savoy was in a generally run-down condition, and her cure came about by using the natural remedies. Dodd's Kidney Pills cured and invigorated her kidneys, thus purifying her blood and improving the circulation.

Dodd's Dyspepsia Tablets insured proper digestion of her food, thus furnishing the body with the nutrition it required. Women with healthy kidneys and sound digestion can afford to laugh at the minor ills of life.

The Thing to Do.

"What shall I say if Mr. Blinkton asks me to marry him?" asked the young woman.

"Don't bother about studying what you will say," replied Miss Cayenne. "Rehearse an effort to look surprised."

MR. BIRRELL'S WIT.

Many are the stories told of Rt. Hon. Mr. Birrell. His wit is irrepressible. When things were going badly with his Education bill, he met a bishop, who said to him, "I am afraid your bill is dead." "Yes, it may be, my lord," was Mr. Birrell's answer, "but I believe in the resurrection of the dead." At the time when the Crown jewels had been stolen from Dublin Castle, the visit of King Edward to Ireland was nearly due, and it was part of

Rt. Hon. Augustine Birrell.

Mr. Birrell's duty, as Irish Secretary, to walk backwards as the King advanced, and to carry the big sword of state. Walking backwards is not one of Mr. Birrell's accomplishments, and he looked forward to the occasion with peculiar emotion. When, therefore, the horror-stricken officials announced the disappearance of the regalia, Mr. Birrell replied, "Good heavens; I hope they remembered the sword."

THE KNOW HOW

To Feed Children and Get Good Results.

There are more nervous persons made so by undigested food lying in the stomach than the average individual would suppose.

If food remains undigested in the stomach, it begins to ferment, set up gas and a large portion is thus converted into poison.

That's why imperfectly digested food may, and often does, cause irritation of the nerves and stupor of the mind—brain and nerves are really poisoned.

"My daughter had complained for some time of a distressed feeling in the stomach, after eating, which set me thinking that her diet was not right," writes an anxious and intelligent mother.

"She had been fond of cereals, but had never tried Grape-Nuts. From reading the account of this predigested food, it seemed reasonable to try Grape-Nuts for her case.

"The results were really wonderful. The little brain that seemed at times unable to do its work, took on new life and vigor. Every morning, now, before going to school, she eats the crisp little morsels and is now completely and entirely well, she seems to have a new lease on life—no more distress in the stomach, nor headache, but sound and well every way." Lawless River Population.

The river population of Canton, China, and vicinity is computed at 500,000. Rapid breeding and constant recruiting from the pirates of the West River further up keep pace with the high death rate. They have no schooling, no religion, no morals, no hope. Until three years ago not even Christian missionaries noticed them and their efforts today lacking adequate support from the homeland, are like throwing bird-shot against Gibraltar. These river rats are of necessity piratical and lawless. A body floating unnoticed and uncared for down the stream some bright morning tells the tale of a fight or treachery the night before or perhaps days ago.

Many Reasons Why Liquid Cough Mixtures Can't Cure Bronchitis

But the Healing Fumes of Catarrh-ozone, Which are Breathed to the Furthest Recesses of the Bronchial Tubes, Bring Quick Relief and Sure Cure.

Every sufferer from coughs, colds, bronchitis and all throat and chest ailments needs a soothing, healing medicine which goes direct to the breathing organs in the chest and lungs, attacks the trouble at the source, disperses the germs of disease, and cures the ailment thoroughly. And this medicine is "Catarrh-ozone."

The germ-killing balsamic vapor mixes with the breath, descends through the throat, down the bronchial tubes, and finally reaches the deepest air cells in the lungs. All parts are soothed with rich, pure, medicinal essences, whereas with a syrup the affected parts could not be reached, and harm would result through numbing the stomach with drugs.

"I have been a chronic sufferer from catarrh in the nose and throat for over eight years. I think I have spent four hundred dollars trying to get relief. I have spent but six dollars on Catarrh-ozone, and have been completely cured, and, in fact, have been well for some time. Catarrh-ozone is the only medicine I have been able to find that would not only give temporary relief but will always cure permanently. Yours sincerely, (Signed) WILLIAM RAGAN, Brockville, Ont.

For absolute, permanent cure, use Catarrh-ozone. Two months' outfit costs \$1.00; smaller size, 50c., at all storekeepers and druggists, or The Catarrh-ozone Company, Buffalo, N. Y. and Kingston, Canada.

PRODUCES CANCER IN RATS.

Prof. Fibiger Develops Parasite From Cockroach Eggs.

Prof. Johannes Fibiger, director of the Pathological Institute of Copenhagen, has communicated some results of cancer research to the Klinische Wochenschrift.

Prof. Fibiger found that tumorous affections in the stomach and oesophagus of rats were associated with a particular species of worm, which develops from the egg to the larva stage in the bodies of cockroaches. He fed healthy cockroaches with the eggs of these worms, and then healthy rats with the infected cockroaches, with the result that the rodents developed tumors of an unmistakably cancerous type. Thus he asserts he has demonstrated for the first time that cancer can be produced at any rate in rats and mice by the operation of these parasites.

The German medical world is very reserved in its opinions as to the importance of this discovery, past experience with the claims of cancer investigators having rendered it very sceptical.

Not As Other Men.

It is a great misfortune to anyone to conceive and cherish the idea that he is not as other men are—that he is of finer clay and of superior order of nature, and requires certain dispensations of life and a particular ordering of events in relation to himself to enable him to endure this mortal pilgrimage at all. It is a misfortune, first, because it is difficult to provide a sufficient number of persons of this conviction to ensure the desired comfort of his life; and, secondly, because, if a large proportion, or even all with whom he comes in contact, were so persuaded, it would so isolate him in an atmosphere of selfishness that his better nature would be absolutely stifled and dwarfed, and in time killed—if that immortal part of us which is our better nature can die.

Regularity

of the bowels is an absolute necessity for good health. Unless the waste matter from the food which collects there is got rid of at least once a day, it decays and poisons the whole body, causing biliousness, indigestion and sick headaches. Salts and other harsh mineral purgatives irritate the delicate lining of the bowels. WOMEN LIVE LONGER.

Do Not Expend Their Vital Strength Unnecessarily.

Statistics prove that women live longer than men. From this point arises an extremely interesting physiological question—how is it to be accounted for that the sex which always has been considered physically frailer than men should in the majority of instances outlive men?

If we are to believe the latest authorities on the subject, we find that women are much more tenacious of life and resist disease much more readily than the average man. She is in many respects the superior of the two.

As a rule, she does not expend her vital strength unnecessarily, while the majority of men either in work, in play, or in pleasure, are literally prodigal of their store.

A writer has turned out some instructive comparative figures with regard to the liability of men and women to disease and death. He says from 3 to 35 years of age the death rate between the sexes remains about even, but afterwards the scale turns in favor of women. At 40 a woman has seventy-eight chances to one against dying, while man has only forty-nine chances to one. At 60 the odds are nearly twice as large in favor of woman, and at 80 they are five times as great.

Prof. Sargent of Harvard says their figures are changing to resemble more the men: More height, deeper chests, smaller hips.

YOUR BABY'S SKIN

Is the most delicate fabric in the world. You may cause it permanent harm by using poisonous mineral ointments for the little rashes and eruptions that every baby suffers from occasionally. Don't take any chances. Use Zam-Buk, the baby's best balm.

Zam-Buk is made from fine herbal extracts, and is free from any harmful poisonous coloring matter. Like the grasses and the flowers, nature has colored it green. It is nature's own healer!

Just put a little Zam-Buk on baby's skin, and see how soon it is absorbed, showing conclusively that the pores of the skin are greedy for it.

Use nothing but Zam-Buk for baby's skin troubles and wash with Zam-Buk Soap.

All druggists and stores sell at 50c. box, or post free from Zam-Buk Co., Toronto, for price. Refuse harmful substitutes and imitations.

PIMPLES ITCHED AND BURNED

On Arms and Legs. Caused Running Sores. Would Tear Himself Till They Bled. Like Open Wounds. Cuticura Soap and Ointment Cured.

63 Stewart St., Toronto, Ontario.

"When my baby was nine months old he had a lot of pimples come on his arms and legs which used to come to a head, then break and cause running sores. They were bright red spots, which itched and burned so badly that he would tear himself till he made them bleed and they were all like open wounds. They were on his face and arms so bad that I did not like to take him out. He could not sleep or rest anywhere. I tried several things at home and lots of different things people used to advise me, but he did not get a bit better.

"I bathed each place in warm water and Cuticura Soap and then I put some of the Cuticura Ointment on and bound them up in soft rags and he slept better that night than he had for three weeks, and he did not scratch himself once that night. I did that for three days, night and morning, when we noticed the sores were getting drier and healing, so I bought a cake of Cuticura Soap and a box of Cuticura Ointment, and after a week and a few days there was not a blemish on him."

(Signed) Mrs. F. West, Feb. 20, 1912. Cuticura Soap and Cuticura Ointment are sold by druggists and dealers everywhere. For a liberal free sample of each, with 32-p. book, send post card to Potter Drug & Chem. Corp., Dept. 39D, Boston, U. S. A.
