Mr. Will Tyndall has been rather unfortunate lately. Last Thursday he had his left hand crushed in the cogs of a wheel at Innes' mill, which kept him home for several days. He started Monday to do a little work, but on Tuesday he had a sharp attack of lumbago, and was forced to again quit work.

A pleasant hour was spent at the Epworth League Monday evening. A reading was given by Miss Myrtle Smith, a violin selection by Mr. Harry Sanderson, and an excellent address on "Character" was delivered by Rev. Mr. Oke of Thornhill. The speaker was heartily thanked by the chairman, Rev. Dr. Smith, on behalf of the League.

The department of Education has issued time tables and fixed the dates for the annual examinations in June. Students enrolled in the middle and upper schools will begin on June 12, and will finish their work on the 30th. The lower school and Model and High School entrance examinations will be concluded on June 15. All work will cease before the 1st of July.

Mr. Amos Wright received this week from his son Osmond a photograph showing the high water in Fort Wayne, Ind., during the recent floods. Ten thousand people were forced to leave their homes, the water rising two feet above the floors of the houses. Mr. Wright removed his furniture in upper rooms, and at the time he wrote the water had subsided and the people were returning to their homes.

EXPERIMENTS IN WEED ERADICATION

During the season of 1912 the Ontario Agriculture Experimental Union carried on co-operative experiments in the eradication of Perennial Sow Thistle, Twitch grass, Bladder Campion and Wild Mustard. A number of practical men took part in these experiments and some very interesting and valuable results were obtained. A properly cultivated crop of rape was found to be an excellent means of destroying Perennial Sow Thistle and Twitch Grass. Rape proved more effective in destroying Twitch Grass than did Buckwheat. Thorough and deep cultivation followed by potatoes or corn gave good results in the control of Bladder Campion. Spraying with Iron or Copper Sulphate proved to be a cheap and effective means of destroying Mustard in growing grain without injury to the crop. Those who took part in these experiments profited by the experience. They cleaned the field Experimented upon, demonstrated to their own satisfaction the effectiveness of the method tried and at the same time their results furnished practical information to others. These co-operative experiments in weed eradication will be continued this year.

APRIL CANADIAN.

First place in THE CANADIAN MAGAZINE for April, is given to "The Grape Festival at Spencer Grange," which is an account of the place that the late Sir James LeMoine takes in the literary history of Canada. "Province or Nation?" is the title of a logical and suggestive article by John Lewis. It discusses the present tendencies in Canada regarding her place in the Empire. J. D. Logan, whose article, "A Decade of Canadian Poetry," caused much discussion in literary circles, contributes another article of the same class, "The Martial Verse of Canadian Poetesses." There is also a symposium of some eulogies and criticisms of Dr. Logan's other article, together with a reply. Britton B. Cooke has a spirited article entitled "Many Londons," with etchings by Joseph Pennell. "Jamaica," is a timely article, by Lewis W. Clemens. There are several excellent short stories by Robert Barr, Theodore Goodridge Roberts, Ashby Ford, Edwin Pugh, Ben Deacon, M. C. Ramsay, with other contributions from W. Lacey Amy, Virna Sheard, H. Linton Eccles and W. Lyttleton Cassels.

NOT TOO SEVERE.

Drunkenness can be practically stamped out in any local option district if the citizens are in earnest. If offenders, however, feel that there is no danger of being molested, or at most pay a fine of \$1 and costs, they will get the booze and take chances. The following item from a Newmarket paper shows how intoxicated persons are dealt with in that town by magistrate T. H. Brunton—"Magistrate T. H. Brunton had a man named Chas. Gow of Ottawa before him in the Police Court, on Wednesday afternoon on a charge of drunkenness. Gow appears to have been working up north somewhere, got full at Allandale, boarded a train for Toronto; but got off at Newmarket; what for he could not tell. Of course, being intoxicated in a local option town, the Magistrate had to fine him \$20. Not having the "wherewith" Gow was sent to jail for a term. When he sobers up he will have time to think over his escapade and let us hope profit by his experience."

VESTRY MEETING.

St. Mary's Anglican Church held its Annual Vestry Meeting Tuesday evening and the male members turned out in goodly numbers. Very encouraging reports were received from the Rector, Rev. S. A. Lawrence, as to the increased membership and the further interest in Church work since he took charge. Also reports from the Wardens showing a much larger revenue and a respectable balance in hand. Mr. Oliver was appointed Rector's Warden and Mr. Marsh the People's. A board of Finance was appointed, made up of the Rector, Wardens, and Messrs. Hand, Nicholls, Wesley Palmer, and N. J. Glass. The following were Sidesmen: Messrs Wesley Palmer, W. Hall, Thos. Donnelly, and N. J. Glass. Mr. Oliver was appointed lay delegate to the Synod. The Board of Finance were given instructions to proceed at once with certain necessary repairs; also to provide a better system of heating.

DIED FROM EXPOSURE

A young man went to Bert Machel's livery stable in Aurora on Monday and hired a horse. He drove the animal very hard during the day and late at night unbitched it from the buggy, covered it with a robe and tied it in the Elgin Mills Hotel shed. Next morning the poor beast was found dead. There is no doubt the above was the result of booze. And yet a common expression with many people is "If they want to drink, it is nobody's business but their own!"

ALUMNAE ASSOCIATION

The Alumnae Association of the Richmond Hill High School on Friday afternoon, April 4th, at four o'clock, "A Grammarian's Funeral" by Browning will be studied, the discussion to be led and a paper to be given by Mrs. McMahon. This is the first of a series of works by Browning to be taken up during the year. Members and those wishing to become members invited.

SALE CANCELLED

Mr. Isaac Klinck, 2nd concession of Markham has cancelled his auction sale which was advertised for 12th inst. Mr. Klinck has rented the farm at Headford known as the John Kelly Estate.

BOARD OF EDUCATION.

The above Board met at the High School last evening. Reports were read from H. S. Inspector, J. A. Houston and P. S. Inspector, C. W. Mulloy. As there were no changes in the staff of Public School the inspector did not report at any length, but he urged upon the trustees the necessity of erecting a new school building at an early date. Mr. Houston gave an excellent report of the High School. The school building, class rooms, halls, cap rooms, desks, blackboards and heating were all graded I, and satisfactory increase was shown in value of equipment. "The organization is satisfactory and the time table is well planned. Sufficient time is given for all the subjects, and physical training is systematically carried on though under somewhat adverse conditions." The discipline is good, and the character of the teaching excellent. The following marks were given:—Math. I, French I, Reading I-II, Drill I-II. In reporting the character of the pupils' work, Grammar was generally good, the reading was fair, but low marks were given for writing and spelling. The inspector closed his report with the following paragraphs:— It has been a genuine pleasure to visit a school in which Board, staff and pupils seem to work so harmoniously together. The management is good, the teachers are earnest and painstaking and the general tone of the school impressed a visitor very favorably. I am pleased to find that the board have provided equipment for Physical Culture and that the pupils appear to enjoy their work along that line. I had the pleasure of meeting the Secretary of the Board and of expressing to him personally my satisfaction with the general condition of the school.

PROF. HORNING'S LECTURE.

It was a pleasure and a privilege to hear the lecture on "Canadian Citizenship and Outlook" by Professor Horning of Toronto University in the Masonic Hall last evening, under the auspices of Hillcrest Lodge, I.O.O.F. The chair was taken by Mr. Brooks a member of the Grand Lodge, who after some appropriate remarks relative to the aim and benefits of the order, introduced the speaker of the evening. Dr. Horning divided his subject under five heads—obligation, rights, powers, and ideals. He believed in thorough going morality, and those who hoped to assist in making good citizens must begin with the individuals. He believed in freedom and equality, and deplored anything so foolish as race and creed differences. True Patriotism does not mean the waving of flags but a spirit of unselfishness, and a desire to help the other fellow. The lecturer touched on public ownership, immigration, education and other points, and showed the great possibilities of Canada's future if her citizens make proper use of the opportunities which are theirs. The officers and members of the local lodge deserve sincere thanks for bringing such an able lecturer to our village.

PRESBYTERIAN CHURCH.

A good attendance was present at both services last Sunday. Rev. E. C. Currie attended the meeting of the Presbytery in Toronto on Tuesday. The congregation will adopt the use of the Duplex Envelope next Sunday. This is the best method in use in congregations for the raising of congregational and missionary monies, and will be not only uniformly adopted, but we believe highly approved by all our people.

ANOTHER GREENHOUSE.

Richmond Hill seems destined to become a centre for greenhouses. Last year four acres on Centre street east were purchased from Mr. J. Sheardown, and a couple of days ago Mr. H. Mills arrived to lay the foundation of another greenhouse 60x150 feet. The building will be exclusively for the growing of roses. He was formerly manager of the Bedford Park Greenhouse Company. Mr. Mills expects to duplicate the first building next year.
