### WOMEN'S INSTITUTE.

Mrs. F. R. Oliver entertained the Women's Institute, Friday, April 11th at 3 o'clock. Miss D. I. Hughes of Toronto, spoke briefly upon Institute work. After reviewing the well-known objects of the organization, she dwelt for a few moments upon The Ideals of Home Economics, namely:—

1. The Ideal Home Life of To-day unhampered by Traditions of the Past.

2. The utilization of the Resources of Modern Science to improve Home Life.

3. The Freedom of the Home.

4. The simplicity in material surroundings which will most free the spirit for the more important and permanent interest of the home and society.

These ideals if followed cannot fail to have a broadening and elevating influence upon home labors both of necessity and of love, home life, home ideals, and consequently upon community life and material life. Surely we would thus be kept close to our motto—"For Home and Country." The speaker explained the demonstration lecture courses now being held. There are several of these courses. Home nursing, sewing, cooking and combination, that is 7 lessons in home nursing, 7 in sewing, and 7 in cooking, each lesson consisting of a lecture and a practical demonstration upon the subjects in hand. It is expected that one of the combination courses will be held here in the fall when it is hoped all the ladies of the community as well as the members of the Institute will take advantage of the work. The tickets for the course of 14 lessons will be \$1.00 or 10c. each for separate lessons. A reading was given by Mrs. Currie and much appreciated. The Institute will meet Wednesday, May 12th, at the home of Mrs. George Harding.
