

An Old Settler Finds Quick Relief

CHAS. MARSHALL CURED BY DODD'S KIDNEY PILLS.

Mrs. Marshall Tells How Her Husband Suffered, and of His Speedy Recovery When He Used the Great Canadian Kidney Remedy.

Parkinson, Algoma, Ont., May 5 (Special)—Living far from towns and with doctors not within easy reach, many of the settlers have found Dodd's Kidney Pills an inestimable blessing. One of those is Mr. Charles Marshall, Sr., whose recovery from a severe case of kidney disease has recently been the cause of much satisfaction to his family and friends.

"My husband was suffering very much with his back and legs," Mrs. Marshall says, speaking of her husband's cure. "He went to see the doctor, and he told him he had urinary trouble, but he did not seem to get any better.

"Then I sent for some Dodd's Kidney Pills. Since taking them, he has no more pain in his back and legs, and his other troubles are all gone.

"I am indeed thankful for what Dodd's Kidney Pills did for my husband, and I hope other sufferers from kidney disease will benefit by his experience, and use Dodd's Kidney Pills."

Urinary troubles are caused by diseased kidneys. So are back-ache, rheumatism, lumbago, and heart disease. The natural remedy is to cure the kidneys by using Dodd's Kidney Pills.

Minard's Liniment Cures Distemper.

"Life that is all pleasure is worthless. Life that is all drudgery is just as bad," says Dr. Elizabeth Chesser. "People who get out of the habit of enjoyment get depressed in vitality and age more rapidly. There is nothing like the habit of laughter for keeping people young and healthy."

King Alfonso's Fatalist.

King Alfonso of Spain is said to be a fatalist, and being of this temper he is able to derive enjoyment from occurrences that would frighten more ordinary mortals. A knife that he knocked out of the hands of an assassin is hung up in his den. On his wedding-day an attempt was made on his life, and the next day he calmly visited the spot in an automobile and genially pointed out to his young wife the spot where the assassin stood. Alfonso's fatalism may have a foundation in the fact that he is the thirteenth Alfonso.

THE BEST MEDICINE I HAVE EVER USED

"The best medicine I have ever used" is what thousands of mothers say of Baby's Own Tablets. Once a mother has used the Tablets for her little ones she will use no other medicine and never fails to recommend them to her friends. Concerning them Mrs. John Thompson, Coultts, Alta., says: "I have given Baby's Own Tablets to my baby for constipation and think them the best medicine I have ever used. Please send me two more boxes, as I would not care to be without them." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

ECZEMA FROM HEAD TO ANKLES

Tortured With Terrible Itching and Burning, Scratched Until Tore Flesh, Lay Awake for Nights at a Time. Used Cuticura Remedies and Found a Cure.

St. Ota, Ontario.—"When I was ten years old I began to be tortured with a terrible itching and burning of the skin, and was told it was eczema. I have had it right along for seven years steady. It getting worse every year. I was affected from head to ankles. It seemed to appear like hives at first, then I would begin to scratch until I tore my flesh. It would always be at its worst at night. I have waked myself up at nights scratching and my fingers would be just stiff and cramped from scratching, so that I would be hardly able to straighten them out. My, how I have suffered! My face and whole body would be just a mass of blotches red as fire and after having soap and water on my face then I would begin to burn. I have lain awake for nights at a time when my eczema was at its worst.

"I would be tortured for months at a time. I was getting not only disheartened, for nothing helped, but completely disfigured also, but dame fortune smiled upon me one day in the summer of 1910 and laid before my eyes an advertisement of Cuticura Remedies. I used them according to directions and after a few applications I began to feel and see relief ahead. It is nearly six months since I first began and I can truthfully say I've found a cure." (Signed) Miss Louise E. Wilson, Dec. 12, 1911.

EUROPE'S TINIEST STATE.

Adjoins Belgium and Prussia and Comprises 1,400 Acres.

When the Ambassadors of Europe recently met, and agreed that the peninsular of Athos, in Macedonia, should be regarded as an independent State, many people thought that they had at least discovered the smallest State in the whole world.

Athos, however, has an area of 180 square miles, roughly. It is a huge country compared with Moresnet, a tiny neutral State on the borders of Belgium and Prussia. Its area is reckoned in acres, not square miles! Its size, in fact, is fourteen hundred acres, just a good-sized farm!

Moresnet was made a separate State in 1815, after Napoleon had been finally crushed at Waterloo. The reason that the little country has remained independent is rather curious.

As has been said, the tiny State is on the borders of Germany and Belgium. It possesses what was once the most important and valuable zinc-mine in the whole world. Belgium wanted that zinc, and so did Germany. As they couldn't agree on the amount of compensation to the other, Moresnet remained independent.

The tiniest country in the world lies four miles away from Aix-la-Chapelle, and possesses one village. There's not room for two! The total number of inhabitants is under three thousand. Recently Germany began negotiations with Belgium to acquire her tiny neighbor, though the Moresnetians say they prefer to be under Belgium rule, if they can't be independent.

SAVED THE KING.

But Man Was Discharged for Touching His Sacred Person.

Alfonso of Spain was born a king, but he nearly lost his august life before he had grown up to take the throne from his mother, the Queen Regent. The young king's foot slipped one day as he was descending a staircase in the royal palace at Madrid, and down tumbled Alfonso head first.

Momentarily there appeared every possibility of a broken monarchical neck; but, in the nick of time, a Court footman leaped forward with marvellous agility, seized his sovereign, and was fortunately able to effectually break the force of the royal fall.

The saving of the King was, of course, recognized as a good and happy thing, but the grandees of the Court had to put on the appearance of much wrath at the violation of a fine old crusty piece of etiquette. For had not a mere menial—no matter how gorgeous and commendably self-possessed—actually touched unbidden the sacred person of his King?

It was insisted that the servant should be dismissed, and so he had to be. But the Queen Regent recognized the absurd unfairness of bowing down before an ancient tradition, and the footman who saved King Alfonso was handsomely provided for. He still lives happily outside the precincts of the palace, and keeps a grateful guardian eye on the King, Queen Ena, and the Royal children.

Couldn't Breathe Through His Nose Stuffed With Catarrh

Catarrhzone Inhaler the One Means of Relief, and It Cured Quickly.

The extraordinary efficacy of Catarrhzone is without a parallel. A sneezing cold is cured in ten minutes, a harsh cough is eased in an hour, the most offensive catarrh is thoroughly drawn from the system. In case of asthma and bronchitis the relief and certain cure that comes from the healing balsamic extracts in Catarrhzone is simply wonderful.

"For more than twenty years I suffered with a cough, bronchitis, asthma, and nasal catarrh," writes J. F. Fenwick, of Staunton P. O. "Every attack I had seemed to grow worse, and I could hardly breathe on account of an accumulation of phlegm in the nose and throat. One day I tried Catarrhzone, and in ten minutes was wonderfully relieved. I could breathe freely and naturally through the nose, and blood spitting was stopped—the phlegm was cleared away and my regular breathing restored. No remedy can do more than Catarrhzone."

There is no remedy so certain and safe as Catarrhzone, but being a good remedy it is imitated. Beware of the substitute. Large Catarrhzone lasts two months, price \$1.00. Smaller sizes 25c. and 50c. At all storekeepers and druggists, or The Catarrhzone Co., Buffalo, N. Y., and Kingston, Canada.

ON THE PLANET MARS.

Strange Conditions to Be Found On Far-Off Planet.

Mars is more distant than we are from the sun—150,000,000 miles on the average instead of 100,000,000. It is, therefore, a little colder; the more so as its central heat is less, because the diameter of the planet is only 4,500 miles instead of 8,500. Martian days have almost the same duration as ours; but the axis of the planet being more inclined on the plane of the orbit by about four degrees, the polar regions where the sun remains more than one day on or below the horizon are more extended, as is also the torrid zone. The inequality of days and nights at the same latitude is greater on Mars than on the earth; at the latitude of forty-five degrees our shortest day is eight hours forty-three minutes, and the longest fifteen hours thirty-eight minutes; these are on Mars respectively seven hours fifty-six minutes and seventeen hours fifty-eight minutes long.

On the planet Mars, therefore, there are extreme variations of climate and temperature. Protected by the slowness of the variations of temperature of water, marine animals, fish, especially, differ, doubtless, very little from ours; but it is quite otherwise with aerial animals. Those with constant internal temperature have been infinitely more favored on the earth. They must have appeared sooner and
