### BARN RAISING.

The barn raising of Mr. Joseph Hoad, Con. 2, Markham, which was to have taken place last Saturday afternoon was brought to an abrupt termination by the thunderstorm and rain. A large number of men had assembled and after putting the frame work together it was found impossible to proceed further that day. The contractor, Mr. Wm. McKenzie, asked all to return at 8 o'clock Monday morning to finish the job. Promptly at the appointed time a large number gathered and while waiting for the rest, at Mr. McKenzie's suggestion, they turned into a 17 acre field of oats and in the short space of about 20 minutes had it all in shock. The raising then proceeded. Mr. James McLean and Mr. Scott McNair were chosen as captains, the former winning by a good margin. After the raising a sumptuous repast was served on the lawn, with the usual bevy of pretty country maidens acting as waiters.

### SERIOUS ACCIDENT.

A serious accident occurred in the Dominion House yards Saturday afternoon. Mr. F. L. Delong of Toronto, who was returning home with his wife and child, after a two weeks' holiday at Jackson's Point, drove into the yard to give his horse a pail of water. He thoughtlessly removed the bridle, and the horse frightened by Mrs. Delong's parasol broke away, dashing through the front and back stable doors. Mrs. Delong was thrown out of the buggy against the brick wall, and it is feared she was fatally injured. A doctor was summoned and several stitches were inserted in her forehead. Later in the afternoon she was removed home in an automobile. The child was uninjured. The horse had patches of skin knocked off, and the buggy was completely demolished.

### PIERCED THE MARE'S BREAST.

Mr. W. J. Lawrence lost a valuable mare a few days ago. The team had gone to Mr. Geo. Newbery's bush for a load of poles, and in some mysterious way a stick or spike ran into the mare's breast, although no one knew how it happened. A veterinary found that the stake had pierced her breast to the depth of about sixteen inches. The animal died a few days after the accident. Mr. Lawrence has been unfortunate, having lost the mate of this horse about the time his greenhouse was demolished with the windstorm on Good Friday.

### MONTHLY MEETING.

The monthly meeting of the Women's Institute was held at the home of Mrs. W. A. Sanderson on Wednesday of last week. The members wish to thank Mr. Sanderson for a number of copies of "The Maple Leaf," kindly presented to them.

### HIPPODROME AND CIRCUS

The Hippodrome and Circus at the Canadian National Exhibition has a continental reputation. With more people than the big travelling circuses, the sensations of the New York Hippodrome, wonderfully trained Elephants, Lions, Horses, Dogs, Sheep and Swine, and the stars of the vaudeville world, a bill has been prepared for 1913 that is thoroughly in keeping with Expansion year—bigger and better than anything in the past.

### JAPANESE FIREWORKS

They come on at three o'clock every afternoon at the Canadian National Exhibition, and they never fail to start a craning of necks all over the grounds. The youngsters go wild with delight as they scramble for those tissue paper figures that float gently down from the exploding balls high above the banners and towers of the Exhibition City.

The Victoria Square branch of the Women's Institute will hold their monthly meeting at the home of Mrs. S. L. Nelson on Wednesday, August 27, at 2.30 o'clock. Programme: Address, Miss Brand; Instrumental Duet, Misses Connell; Vocal, Miss Trench; Perennials, Miss Moyle. Come and bring your friends.
