MONTREAL LOSING TRADE.

Grain Men Blame the Steamship Companies.

A despatch from Montreal says: Montreal is losing her grain trade, and Buffalo and Portland are rapidly getting it. There is room in the Harbor Commissioners' elevators at present for two million bushels of grain, and not an ocean boat is loading in the port with grain. There is a reason for this, according to grain men, who say the steamship companies are to blame. Earlier in the season they say, the companies were asking exorbitant prices to carry the grain from this port to Europe, and consequently local shippers were forced to make terms with the steamship companies running out of American ports.

The situation at present is very serious. The Harbor Commissioners recognize this, and on Thursday evening they left, accompanied by Mr. M. P. Fennell, for Buffalo, to study conditions there and to learn why that city is getting a portion of Montreal's grain trade.

ELECTRIFYING THE C.P.R.

The President Says It Will Be the Mountain Section Only.

A despatch from Winnipeg says: Sir Thomas Shaughnessy, President of the Canadian Pacific Railway, who arrived here on Wednesday morning from Minneapolis on a business trip, laughed at the report which came from Milwaukee crediting him with stating that the whole C.P.R. system might be electrified. What he had stated was that it was the intention to electrify Rogers Pass tunnel, and if this proved successful in operation electrification would be extended over the mountain division from Revelstoke to Field, B.C. Sir Thomas also denied the report in London that Canadian Pacific interests were to be split into three parts.

BABY'S OWN TABLETS

Baby's Own Tablets are the best medicine a mother can give her little ones. They are absolutely safe, being guaranteed by a government analyst to contain neither opiates, narcotics or other harmful drugs. They are good for all children from the newborn babe to the growing child. They cure constipation, indigestion, expel worms, break up colds and make teething easy. In fact they are a cure for all the minor ills of little ones and a box should always be kept in the house as a safeguard against sudden attacks of stomach or bowel troubles. Mrs. J. P. Richard, St. Norbert, N.B., says: "I have found Baby's Own Tablets all that is claimed for them. My baby suffered from his stomach and bowels and the Tablets certainly did him good." They are sold by all medicine dealers or by mail at 25c a box from The Dr. Williams' Medicine Co., Brockville, Ont.

"ARSON SQUAD" BUSY AGAIN.

Suffragettes Burned Bristol Sports Pavilion.

A despatch from London says: An "arson squad" of militant suffragettes on Thursday set fire to and destroyed the sports pavilion of Bristol University. They left the usual tell-tale suffrage literature scattered about the grounds.

Headache Over the Eyes? Look For Nasal Catarrh

Catarrh Never Stops in One Place—It Spreads Rapidly—Often Ruins Health Completely.

In this changeable climate it is the little colds that drift into Catarrh. Unless the inflammation is checked it passes rapidly from the throat or nose to the bronchial tubes and then to the lungs. You can't make new lungs any more than you can make new fingers or toes, but you can cure Catarrh.

The surest cure consists of breathing in the healing balsamic essences of CATARRHOZONE, which is simply a medicated vapor so full of rich curative properties that every trace of Catarrh vanishes before it.

"The soothing piney vapor of Catarrhozone is the most powerful medicine I ever used," writes Mrs. Edmond J. Christine, of Saskatoon. "Every breath drawn through the Inhaler sends a grateful feeling through the air passages of the nose and throat. Catarrhozone cured me of frightful headaches over the eyes, relieved me of a stuffy feeling in the nose, and an irritable hacking cough that had been the bane of my life for a year. My general health is greatly improved, my appetite and digestion are considerably better than before. Catarrhozone has been the means of giving me such health as I always desired, but never possessed."

Even though catarrh has a firm hold on you, and affects your throat, nose or ears, you can thoroughly cure it with Catarrhozone. Large size, guaranteed, costs \$1.00; smaller size 50c; sample size, 25c. All storekeepers and druggists, or The Catarrhozone Co., Buffalo, N.Y., and Kingston, Canada.

SEVEN FIREMEN KILLED.

The Milwaukee Brigade Suffers a Terrible Loss.

A despatch from Milwaukee, Wis., says: Seven dead firemen and 24 injured were taken from the ruins of the store of the Goodyear Rubber Company here on Sunday night in a fire which caused a loss of \$500,000. It is believed there are several more bodies in the ruins. The flames broke out on the second floor, and while the firemen were fighting the blaze from the front and rear an explosion sent the walls crashing down on fifty firemen. Windows for blocks around were smashed and the flames spread to adjoining buildings. Rescue companies were sent into the blazing mass, and the bodies of the dead and injured were taken out. Practically the entire fire-fighting apparatus of the city was called to the scene, which is in the heart of the business section.

OUR EXPORTS ARE GROWING.

Figures for September Show an Increase of About \$11,000,000.

A despatch from Ottawa says: A striking feature in the statement of the trade of Canada for the month of September, issued by Hon. J. D. Reid, Minister of Customs, is the decrease of imports and the increase of exports. Dutiable goods to the value of \$37,997,000 and free goods to the amount of \$16,342,000 were imported during September last. The imports for the corresponding month of 1912 were \$38,548,000 dutiable goods, and \$19,307,000 of free goods. Exports for last September were \$37,048,000 of domestic goods and \$4,071,000 of foreign goods, as against \$25,814,000 domestic and \$3,153,000 foreign for September, 1912. The total exports for the six months ending September 30th last were, all of domestic goods, \$188,405,000, and foreign goods, \$22,842,000, as against \$162,427,000 of domestic and \$15,972,000 foreign for the six months ending September 30th, 1912.

The exports of agricultural produce show a big increase, being \$11,829,000 for September, 1913, compared with \$5,578,000 for September, 1912. There are big increases in exports all along the line. Exports of minerals for September last were \$6,402,000, and for the previous September, \$5,278,000. Exports of manufactures also show an increase, being \$5,041,000 for September, 1913, as against \$3,587,000 for September, 1912.

Canadian trade was never in a more prosperous condition, as the total Canadian trade for September last was close upon one hundred millions, the actual figures being \$95,665,000, compared with \$87,606,000 for September, 1912. For the first six months of the present fiscal year ending September 30th last, total Canadian trade was \$551,978,000, compared with \$506,265,000 for the corresponding six months of the fiscal year 1912.
