

Sore Chest Cured in One Night

Broke Up a Heavy Cold, Relieved Pain in the Side, Stopped an Irritating Cough.

"Anyone that goes through all that I suffered last winter will appreciate the value of a remedy that cures like Nerviline cured me." These are the opening words of the solemn declaration of E. P. Von Hayden, the well-known violinist. "My work kept me out late at night, and playing in cold, drafty places brought on a severe cold that settled on my chest. I had a harsh, racking cough and severe pains started through my sides and settled in my shoulders. I used different liniments, but none broke up my cold till I used Nerviline. I rubbed it on my neck, chest, and shoulders, morning and night, and all the pain disappeared. Realizing that such a heavy cold had run down my system, I took Ferrozone at meals, and was completely built up and strengthened. Since using Nerviline I have no more colds or pleurisy, and enjoy perfect health."

NERVILINE CURES CHEST COLDS

It's because Nerviline contains the purest and most healing medicinal principles, because it has the power of sinking through the pores to the kernel of the pain—these are the reasons why it breaks up colds, cures lumbago, stiffness, neuralgia, sciatica, and rheumatism. Refuse any substitute your dealer may suggest—insist on Nerviline only. Large family size bottles, 50c.; trial size, 25c.; all dealers, or The Catarrhose Co., Buffalo, N.Y., and Kingston, Ont.

New Treatment Now Advocated For Bronchitis

Is Having Wonderful Success, and is Making Most Remarkable Cures.

For bronchitis a different form of treatment is now advocated. It consists of a scientifically devised vapor that penetrates to the uttermost recesses of the lungs and bronchial tubes. Every spot that is sore, every surface that is irritated is at once bathed with soothing balsams and healing essences that make chronic bronchitis an impossibility.

This treatment now so universally employed in bronchitis, throat troubles, colds, etc., is called CATARRHOZONE. It acts just as air of the pine woods acts, as a healing antiseptic remedy for all diseases of the breathing organs.

Just think of it—a remedy that can be carried with the very air you breathe to the seat of bronchial or catarrhal inflammation. A remedy powerful enough to kill germ life and yet so healing that disease flees before it. Catarrhose is truly a wonderful remedy. In many lands it has won its way, and is affording grand results to sufferers from colds, catarrh, throat weakness, asthma and bronchitis. There is no sufferer from a grippy cold or any winter ill, that won't find a cure in Catarrhose, which is employed by physicians, ministers, lawyers and public men throughout many foreign lands. Large size lasts two months and costs \$1.00 and is guaranteed; small size 50c., sample size 25c., all storekeepers and druggists, or The Catarrhose Co., Buffalo, N.Y., and Kingston, Canada.

A "LIGHTNING CALCULATOR."

Patient in Asylum Cannot Read or Write—Solves Mental Problems.

A doctor in an asylum at Nantes has discovered among his patients a "lightning calculator," who, although he can scarcely read and cannot write, solves mental arithmetic problems involving large numbers.

Asked "How many seconds are there in 39 years, 3 months, and 12 hours?" he gave the correct answer in 32 seconds. Explaining how he calculated the number of seconds in 30 years, he said:

"I know by heart that there are 31,536,000 seconds in a year. I multiply 30,000,000 by 30. That gives me 900,000,000. Then I multiply 1,500,000 by 30 and get 45,000,000; 30,000 by 30, which gives 900,000; and 6,000 by 30, giving 180,000. I add all these products and get 946,080,000 seconds in 30 years." This answer was given in 14 seconds.

Better half a loaf than a broken down constitution due to overwork. Robert was about to have another birthday. In the past the fun-making had always been so hard and prolonged that it left him fatigued at night. So this year, before he went to bed the night before, when he had said his prayers, he began over again. His mother, surprised, asked him: "Why are you saying your prayers twice, Robert?" "Oh," replied Robert, "to-morrow night I shall be too tired to say them at all!"

HEAD GOT BALD IN PLACES

Very Itchy. When Brushed, Dandruff All Over. Hair Came Out in Great Bunches. Cuticura Soap and Cuticura Ointment Cured Head in Three Weeks.

15 Hallam St., Toronto, Ont.—"About two years ago the dandruff began. My head got worse and scabs formed on it which made it bald in places. It was very itchy and gave me a tendency to scratch it which made it worse. I always had a tendency to wear my hat whether in the house at work or out. Whenever I brushed my hair it sent the dandruff all over. The hair came out in great bunches until I was nearly bald and when it was at its worst it came out roots and all."

"I tried — which made it worse than before. I tried several things after that but they were no good. After nine months like this I had hardly any hair left; when one day I happened to see the advertisement of Cuticura Soap and Ointment in the paper. I straightway sent for a sample. After first washing with the Cuticura Soap I applied some Cuticura Ointment and I could feel a great relief. After finishing the sample I went and got a cake of Cuticura Soap and a box of Cuticura Ointment. In three weeks they had cured my head." (Signed) B. Horn, May 16, 1913.

Cuticura Soap and Ointment do so much for poor complexions, red, rough hands, and dry, thin and falling hair, and cost so little, that it is almost criminal not to use them. A single set is often sufficient. Sold everywhere. For liberal free sample of each, with 32-p. book, send post-card to Potter Drug & Chem. Corp., Dept. D, Boston, U. S. A.

THE BEST TEA IN THE WORLD.

Only a Few Pounds and Always Sent to China's Royal Family.

The best tea in all China, and therefore in all the world, grows on top of a small mountain in western Szechuan, called Ming Shan, and is cultivated by the priests of the Buddhist temple on its summit. Tradition says that a Chinese pilgrim brought the seeds from India centuries ago. There are only a few pounds in each crop, and these have always gone as tribute to Peking for the use of the imperial household. Who will get the precious tea now? Will it be reserved for the family of the president of the republic, or will it be scattered among those who are willing to pay a big price for such a luxury?

There is a saying in China, that to make a perfect cup of tea you must take leaves from Ming Shan, and water from the Yangtze. No one supposed the actual turbid river-water to be meant, but no one could explain the proverb until De Rosthern, who wrote an interesting treatise on Chinese tea, solved the problem, or thought he did.

De Rosthern was once crossing the Yangtze near its mouth, at Chen-Kiang, when he saw some men in a boat dipping water into buckets. He inquired why they did that, and was told that at the bottom of the bay there was a spring, remembered since the time when the present river-bed was dry land, and that this spring-water was highly esteemed in cookery. Here, then, he concluded, he had found that special water of the Yangtze which, with Ming Shan leaves, made the best cup of tea in the world.

"What's the matter, 'Rastus'?" asked the fish dealer, with a grin. "Nuffin', sah, nuffin'. Ah was jest wondering whether Ah had been bit or stung."
