"Can"

ADVERTISING is the public expression of a master's will and wish—his word of power.

We want to say this to the merchants of this community:

You CAN make the public of this community buy more goods from you.

You CAN teach the public new customs, new tastes, new habits. You CAN make the public do what it is not in the habit of doing. Powerful and persistent advertising has revolutionized modern life. It sends people travelling. It has made them photographers. It has made the motor-car a necessity. It makes women change the fashion of their apparel twice or thrice a year. It selects the very food we eat.

A NOTE TO THE PUBLIC

Does not the publicly expressed will and wish of the merchants of this community influence you in your shopping? Do you not go where you are guided? Are you not very attentive and responsive to the advertisements which appear each week in the columns of the LIBERAL?

Beautify Your Walls and Woodwork---

There's real economy as well as beauty in Washable Interior Colors.

When you paper walls you know that inside a year or two you're going to have to do it all over again. And in the meantime, the paper gets dingy and costs money to clean. When your walls are painted with

Minerva Fresconette

you know that the job is up for good and all. And whenever they seem to need it, a damp rag brings the colors out in all their beauty. Washable Interior colors are rapidly becoming the craze for use on walls and woodwork. It's a sensible craze too. Sanitary—beautiful—economical. Real recommendations—these.
