

EDITORIAL

The Liberal extends to its readers and friends Christmas Greetings and best wishes for the New Year.

Let every person who calls himself a good citizen endeavor to attend the public meeting in the Lorne Hall next Monday evening for the nomination of Reeve, Councillors, and School Trustees.

It is to be regretted that a larger number of young men are not attending strictly to the semi-weekly drill. There is only an average attendance of about twenty drilling. This number will have to be doubled before the company receives rifles from the Government. An irregular attendance is not only unfair to those who come every evening, but it is unfair to the instructors who come up from the City. Remember duty calls you.

Irl R. Hicks 1915 Almanac

The Rev. Irl R. Hicks Almanac, now ready, grows more popular and useful with each passing year. It is a fixed necessity in homes, shops and commercial establishments all over this continent. This famous and valuable year book on astronomy, storms, weather and earthquakes should be in every home and office. Professor Hicks completes this best issue of his great Almanac at the close of his seventieth year. The Almanac will be mailed for 35 cents. The Irl R. Hicks fine Magazine, Word and Works, is sent one year, with a copy of his Almanac, for only one dollar. Send for them to Word and Works Publishing Company, 3401 Franklin Ave., St. Louis, Mo. You will never regret your investment. Try it for 1915.

The Christmas Thought

Ideas on Christmas giving are rapidly changing among the sensible. Those who think as they give are looking for a year-round service as the important thing.

In a week of shopping, with all its strain, you will not find a better gift than a year's subscription to The Youth's Companion. It offers its service, its clean entertainment, its fine suggestiveness week after week; and the end of the year, which finds many a gift in the attic, dust covered and forgotten, brings The Companion again, with all the the charm of last Christmastide.

No American monthly at any price offers the same amount of reading, and none can offer better quality. Less than five cents a week provides this best of Christmas gifts—\$2.25 a year. If you subscribe now, all the remaining issues of the year will be sent free, and The Companion Home Calendar. A copy of the Calendar is also sent to those who make a gift subscription. Send for sample copies, and the Forecast for 1915. The Youth's Companion, 144 Berkeley St., Boston, Mass. New Subscriptions received at this Office.

Clubbing Rates

Buyers to Share in Profits Lower Prices on Ford Cars

Effective from August 1, 1914, to August 1, 1915, and guaranteed against any reduction during that time.

Touring Car	\$590
Runabout	540
Town Car	840

F. O. B. Ford, Ont.

In the Dominion of Canada only

FURTHER we will be able to obtain the maximum efficiency in our factory production, and the minimum cost in our purchasing and sales departments IF we can reach an output of 30,000 cars between the above dates.

AND should we reach this production we agree to pay, as the buyer's share, from \$40 to \$60 per car (on or about August 1, 1915) to every retail buyer who purchases a new Ford car between August 1, 1914, and August 1, 1915.

For further particulars regarding these low prices and profit-sharing plan, see the nearest Ford Branch or Dealer.

Raise 300 to 500 Chicks in One Flock

Buy or hatch at one time all the chicks you will need for the year. Then with the Candee Colony Brooder, raise 300 to 500 in one flock in one house—attend only one heater—buy coal for but one fire—and save labor, fuel, chicks and money.

Because it is coal burning and self-regulating and gives the chicks a correct heat all the time, you will raise the biggest percentage of your birds with no worry, no trouble and at an expense of but a few cents a day for coal.

With the Big Coal-Burning Cast Iron Colony Brooder

Every thing about the Candee is big. Its grate is 12 inches in diameter, a safe size; its hover is 28 1/2 inches high—as high as a table or desk—and 13 feet 7 inches in circumference; the section of its hover, that swings around out of the way for tending the fire and cleaning, is 38 1/2 inches wide and gives plenty of room for the operator to get to the heater.

And best of all, its heater is all cast iron, built for real business and to last a lifetime. It comes to you all assembled ready to set up and put to work.

Its guaranteed all-woven-wool felt curtain extends nearly to the floor, and positively directs the heated air down over the backs of the chicks; and it saves fuel because, with the felt curtain, you don't have to heat the whole room to keep the chicks warm.

With the Candee, there is no danger of your buildings catching fire—it has a special safety grate shaker and a sealed base that prevent hot coals falling into the litter. Its coal magazine feeds the fuel to the fire evenly and continuously, and the Candee heater requires attention only once or twice a day.

You are invited to visit my poultry plant to see the Candee Colony Brooder, and to see for yourself why it will save you labor and fuel, raise more of your chicks and increase your profits.
