

All persons importing trees, shrubs and other plants, collectively known as "nursery stock" into Canada are required to observe the regulations of the Dominion Department of Agriculture which govern such importations. These Regulations, passed under The Destructive Insect and Pest Act, prescribe the conditions under which plants may be imported; special conditions are attached to certain classes of plants, some classes are subject to inspection, others to fumigation. In order that all importers may learn what are the conditions governing the importation of trees and plants into Canada, a Circular entitled "Instructions to importers of trees, Plants and other Nursery Stock into Canada" has been published as Entomological Circular No. 4 by the Department of Agriculture and all persons wishing to import plants into Canada should apply to the Publications Branch, Department of Agriculture, Ottawa, for a copy of this circular which will be sent free to all applicants.

Notice
