

Good-Bye, Old Backache. Nerviline Will Fix You!

Stiffness is Rubbed Right Out; Every Sign of Pain Disappears.

See whiz—think of it!
No more stomach dosing necessary to cure your lame back.

Every trace of lameness, every bit of stiffness, every sign of weakness in the back's muscles can be rubbed away for all time to come by good old "Nerviline."

No other liniment can do the work so quickly, can penetrate so deeply, can bring ease and comfort to the back-weary sufferer as Nerviline invariably does.

Backache isn't the only malady Nerviline is quick to cure. For lumbago or sciatica you would go far to find relief so speedy as Nerviline gives. For chronic rheumatism there are pain-destroying properties in Nerviline that give it first rank. The way it limbers up a stiff joint and takes soreness out of strained or rheumatic muscles is simply a wonder.

If you have an ache or a pain anywhere, if you have a sore back, a stiff neck, a stiff joint, a strained muscle—if you have lumbago, congested chest or sore throat, just try Nerviline. Rub it on plentifully—it won't blister, it can't do anything but cure you quickly. The large 50c. family size bottle is the most economical, of course, but you can, from any dealer, also get the 25c. small size of Nerviline, the king of pain-relieving remedies.

HENS CAN'T SWIM.

Did you ever see a hen try to swim? Did you ever see one succeed at it? A hen knows better than to try it, that is the reason why you have to say no to those two questions. A duck may swim all day long on water with cakes of ice floating around in it, and be none the worse for the experience; but a hen would die in short order if thrown into such water. The duck is built for it, the hen is not.

If the Lord, or the forces of nature, or whatever your religion leads you to call the great creative genius of the earth, makes hens to live only on the land and the ducks to live on either the land or the water, it is but natural to suppose that he also makes some people, to be farmers and others to be doctors, lawyers, merchants and chiefs. If the doctor tries to be a lawyer, or the farmer tries to be a merchant or doctor, he is just about as sure to prove a failure at it as the hen is sure to prove a failure at trying to be a duck.

The business man—whether doctor, lawyer, or farmer—will find out what he is cut out to be, and then stick to it through thick and thin. If he does it with concentration and courageous stick-to-it-iveness he will win out in the end, and be successful. If he tries the thing he is not fitted by nature to be, or loses his courage in doing the thing he is cut out to be, he will be more or less of a failure.

If the Lord meant for you to be a farmer, do not try to be something else. If He meant you to be a lawyer or a doctor, do not try to be a farmer. Stick to your "calling," it is just as great and just as honorable as is anything else. In sticking, there is happiness and contentment; in flying off the handle there is failure, regret and lifelong sorrow.

CAREFUL DOCTOR

Prescribed Change of Food Instead of Drugs.

It takes considerable courage for a doctor to deliberately prescribe only food for a despairing patient, instead of resorting to the usual list of medicines.

Some truly scientific physicians recognize and treat conditions as they are and should be treated. Here's an instance:

"Four years ago I was taken with severe gastritis, and nothing would stay on my stomach, so that I was on the verge of starvation."

"I heard of a doctor who had a summer cottage near me—a specialist—and, as a last hope, sent for him."

"After he examined me carefully he advised me to try a small quantity of Grape-Nuts at first, then as my stomach became stronger to eat more."

"I kept at it and gradually began to have color in my face, memory became clear, where before everything seemed a blank. My limbs got stronger and I could walk. So I steadily recovered."

"Now after a year on Grape-Nuts I weigh 153 lbs. My people were surprised at the way I grew fleshy and strong on this food."

Are We Downhearted!

Certainly not! and no one less so than the British Chancellor, Mr. Lloyd George, judging by the picture displayed above. Mr. Lloyd George is extremely busy providing "silver bullets" for the war, and just now he is trying to persuade the people of the Old Country that they should stop drinking intoxicants till the war is over, declaring that alcohol is the greatest enemy the empire has at present.

SICKLY CHILDREN PROMPTLY CURED

Baby's Own Tablets are an ideal medicine for little ones. They regulate the bowels and stomach and promptly cure constipation, indigestion, cold and simple fevers, expel worms, cure colic, and give baby health and happiness. Concerning them Mrs. Fred VanGorder, Dunnville, Ont., writes: "I have used Baby's Own Tablets for my four children and find they always give perfect satisfaction." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

A SQUARE DEAL.

In any organization so large as that of the C.P.R., where under normal conditions over 100,000 employees are on the payroll, one great problem is that of keeping the employees, so to speak, dynamic, part of a living organization and not of mere machines. Zeal and ambition must be kept burning. Just as every soldier of Napoleon carried a field marshal's baton in his knapsack, so every office boy in the Company must feel he is a possible president, not merely earn his dollar a day till pension day. One system introduced on the Western lines with this in mind has proved exceedingly efficient. Each superintendent or foreman or head of a department makes two reports a year on his staff. Bright men are thus earmarked for special promotion. If any man is criticized the report is shown to him and initialled by him before it goes to Winnipeg. He gets a square deal, and if he has any life in him he mends his ways so that no such criticism can be made twice. Then again there are independent scouts, looking for the bright men, the tidy station agent, the courteous trainman, the man cool in an emergency, the inventive mechanic, the stenographer who can run the office when the chief is absent. These scouts are searching for merit only, not for faults.

Over the whole system of the Canadian Pacific ideas and suggestions made by employees are not only welcomed, but lead to promotion. They go to the Record Office, where a statement of the employee's career is attached to the suggestion before it is considered by a committee. If the idea is adopted the record of the employee's career is then before the eyes of the powers that be, and recognition is sure to follow. The needle in the haystack is easy enough to find with a magnet, and there are a dozen magnets looking out for merit among the 100,000 employees of the C.P.R.

A Warning.

When M. Poincare returned to his house after his election as President of the French Republic, his mother, neglecting the official personages present, kissed her son in front of them all, and then, patting his cheek, remarked:

"I hope, Raymond, that you have not undertaken too difficult a job. You were never quite so clever as you thought yourself, you know!"

"De only time some men ever commands any respectful attention," said Uncle Eben, "is when dey whistle to de dog."

Suffered For More Than Two Years

THEN JOSEPH GAGNE FOUND A CURE IN DODD'S KIDNEY PILLS.

Quebec Man Took His Wife's Advice and Is Now Enjoying a New Lease of Health.

Ste. Marguerite Bay Mills, Saguenay Co., Que., April 26th (Special).—"Yes you can tell the public of the great relief I got from Dodd's Kidney Pills." The speaker was Mr. Joseph Gagne, a well-known resident of this place, and he has every reason to be enthusiastic over the great Canadian Kidney remedy.

"For more than two years I suffered from Kidney disease," Mr. Gagne continued. "It finally developed into pleurisy and I was a very sick man when my wife persuaded me to give Dodd's Kidney Pills a trial."

"I took just three boxes and they made me well."

Dodd's Kidney Pills make their users enthusiastic because they not only cure the particular ailment aimed at but they spread good health all over the body. They do this by curing the Kidneys. Cured Kidneys strain all the impurities out of the blood. That means pure blood and new health all over the body.

AN APPRECIABLE GIFT.

Appeal for Maple Syrup and Sugar for Red Cross Society.

The Canadian Red Cross Society has sent an urgent appeal to Mr. J. H. Grimm, who is well known in the maple syrup industry, for a donation of syrup and sugar for the boys at the front.

A letter from Colonel Gorrel, of the First Canadian Contingent, tells of the enthusiastic reception accorded a recent case from Canada containing, among other things, a few cakes of maple sugar. He states, "the men went fairly crazy with delight when it was given to them."

To a Canadian away from home it would be difficult to conceive of a more acceptable gift in the spring of the year than some genuine sugar or syrup from "the land of the Maple."

There are few farmers who could not spare at least a gallon of syrup or ten pounds of sugar for such a worthy and patriotic object. Those who respond, and it is hoped there will be many, are asked to pack carefully and express to The Canadian Red Cross Society, 58 Wellington St., Montreal, Que.

The express companies will carry such parcels free if plainly marked for "The Red Cross."

Wit and Wisdom.

Of two evils it isn't always necessary to choose either.

Children are won by sweets, women by bonnets, men by schemes.

Teacher—"What is a pedestrian?" Country Pupil—"A man who gets run over by a motor."

A cynic suggests the three quickest ways to send a message—"Telegraph, Telephone and Tell-a-woman!"

Supercilious Youth (to tram conductor)—"Is that Noah's Ark full yet?" "Yes, all but the monkey. Jump in."

"You never know what you can do till you try," said a writer, "and then you are generally sorry you found out!"

An honest Sunday-school boy has explained "suffering for righteousness sake" as "having to come to Sunday School!"

Not Always.—Papa—"Yes, my son, if you want to learn anything well you must begin at the bottom." Little Boy—"How about swimming, pa?"

Mr. Rooks—"So you want to marry my daughter. Well, young man, what are your prospects?" Young Man—"Excellent—if you don't spoil them."

A Board School teacher, putting his hand on the shoulder of a boy of doubtful character, said "I believe Satan has got hold of you." "I believe so, too," was the reply.

Gibbs—"I believe in early rising, don't you?" Dibbs—"Well, there's no abstract excellence in early rising; it all depends upon what you do after you rise. It would be better for the world if some people never got up."

Death Nearly Claimed New Brunswick Lady

Was Restored to Her Anxious Family When Hope Had Gone.

St. John, N.B., Dec. 15th.—At one time it was feared that Mrs. J. Grant, of 3 White St. would succumb to the deadly ravages of advanced kidney trouble. "My first attacks of backache and kidney trouble began years ago. For six years that dull gnawing pain has been present. When I exerted myself it was terribly intensified. If I caught cold the pain was unendurable. I used most everything but nothing gave that certain grateful relief that came from Dr. Hamilton's Pills of Mandrake and Butternut. Instead of being bowed down with pain, to-day I am strong, enjoy splendid appetite, sleep soundly. Lost properties have been instilled into my blood—cheeks are rosy with color, and I thank that day that I heard of so grand a medicine as Dr. Hamilton's Pill." Every woman should use these pills regularly because good health pays, and it's good, vigorous health that comes to all who use Dr. Hamilton's Mandrake and Butternut Pills.

Sidestepping Them.

"Both your admirers are going to be at the ball to-night; are you going?"

"Not me; the one that can't dance wants to dance all the time, and the one that can't talk wants to talk all the time."

Ask for Minard's and take no other.
