

LOCALS

Miss Frances Carlton of Toronto spent Sunday and over the holiday with Miss Irene McMahon.

A bunch of keys picked up in the Fair Ground on Victoria Day, has been left at The Liberal Office.

Miss Mary Steckley of Bethesda spent a few days last week with her cousin, Mrs. Ralph Wideman of Elgin Mills.

Mr. R. W. Glass and family and Mr. W. E. Stoddart and family of Cookstown, spent a few days with Mr. and Mrs. J. P. Glass.

The June meeting of the W.C.T.U. will be held at the home of Mrs. T. F. McMahon next Tuesday afternoon at 3 o'clock.

Mr. H. R. Heise of Gormley has gone to Stevensville to attend Communion services in connection with the Tunker Church.

F. W. Harrison, B.A. of Prince Albert Collegiate Institute, Sask., has graduated in law at the University of Manitoba, Winnipeg, and is now B. A., L.L.B.

Mr. Chas. Edward Palmer, B.A.Sc., has had conferred upon him the professional degree of E.E. (Electrical Engineer) by the University of Toronto at the annual convocation last Friday.

G. Elmore Reaman, M.A., on the staff of Queen's University, Kingston, has returned to Richmond Hill. He and Mrs. Reaman will spend the summer vacation with the former's parents.

The Alumnae Association of the High School requests all those who are making sheets for the Base Hospital, to leave them at Mrs. McMahon's not later than Friday, May 28th, at three o'clock.

Many old friends were pained to read in the dailies on Victoria Day that Col. Sergt. Major Lee McAllum, with the Princess Patricia's, was reported among the missing in France. Mr. McAllum was a general favorite while he lived here.

It will be seen by President Pratt's letter that a meeting of the Richmond Hill Ratepayers Association will be held in the Council Chamber next Wednesday evening, June 2, at 8 o'clock. No doubt there will be a large attendance. Every ratepayer is a member.

Italian macaroni, pkg. 10c; Baker's unsweetened chocolate, pkg. 10c; icing sugar, lb. 10c; prepared icings, lemon, pink, chocolate, maple and almond, pkg. 10c; extracts, all flavors, bottle 10c; pure gold pastry spice, tin 5c; pure gold rubbed sage, savor, sweet marjoram, thyme, 10c. Atkinson & Switzer.

The Dominion Parks Branch has recently issued three publications which are noteworthy on account of the attractive form in which they are printed, and the interesting matter they contain. They are: "Classified Guide to Fish and Their Habitat, Rocky Mount (ins Park); "The Nakimu Caves"; and "Glaciers of the Rockies and Selkirk." The pamphlets may be obtained upon application to the Dominion Parks Branch, Ottawa, without charge.

Fired two Barns

Herbert Rogers, a 16 year old Toronto lad, pleaded guilty to the charge of burning the barn of Mr. Geo. Cooper, Newton Brook, on Monday. The loss is about \$3,000. He also set fire to Mr. Caine's barn, but the fire was extinguished. He will be up for sentence to-morrow.

Leg Broken

The only regrettable incident at the Fair on Monday, occurred on the race track. While scoring for a race, the sulky of John Lowry of Tottenham and another driver collided. Lowry was thrown out and his leg was fractured. The injured man, accompanied by a doctor, was placed in a car and hurried to General Hospital.

Letter from Carl Hill

EDITOR OF THE LIBERAL:

Dear Sir,—Thinking that perhaps you would like to hear a few words from another Richmond Hill boy, who is serving his king and country, I am taking the liberty of sending you a few words regarding our train trip from Toronto to Halifax. Our departure was kept a secret from the public press, but the men of the 5th Field Ambulance seemed to know, probably by their sixth sense, that we would leave that memorable Thursday afternoon.

All day Thursday, April 15th, was spent packing up, besides cleaning up our barrack rooms and preparing our equipment for departure. We entrained about 5.50 p.m., the train pulling out at 6 amidst the cheering and the shouting of the people there assembled. The band was playing and the people were wishing us God speed, a safe journey and a happy return as our train slowly pulled away from the Exhibition grounds, bearing some 350 soldiers who had been stationed there since Nov. 19th. We went by C.P.R. to Montreal and by the Intercolonial from there to Halifax, our train consisting of 13 coaches and the cook-house car. The different units which went in our train were the 5th Field Ambulance Corps, the Field Butchers and Bakers, and also the Casualty Clearing Hospital from Toronto. We traveled like princes, except that we were in colonist cars and dined, not in diners, but from small convertible tables attached to our seats. The meals were all cooked in the kitchen car and brought to us by men on cook-house fatigue, although we were all responsible for our granite dish-ware, with which the C.P.R. so thoughtfully and carefully provided us.

During the night we passed through Port Hope, Cobourg, Prescott, Smith Falls, etc., reaching Montreal at 7 a.m. The next morning, owing to waiting and interswitching in the G. T. R. terminus, we didn't leave Montreal till 10 a.m. During the meantime we were not allowed out of the coaches, so had to hand our letters and cards out through the windows for passing civilians to post, which I hope they did. After leaving Montreal, in some two miles, we crossed over the St. Lawrence river on the Victoria bridge, which is one and a half miles long and holds the distinction of being the longest bridge either in Canada or the United States.

The ride through Quebec was quite interesting, partly because it was new, novel and strange to me. The farms are very poor, long and narrow, such an arrangement is responsible for the houses being close together as the French people want company. The houses were small, frame and white-washed as were the barns.

I never saw a wire fence in the province of Quebec and the farms were anything but prosperous looking as our Ontario farms are. On Thursday we passed through St. Hyacinthe, Drummondville and Chaudiere Falls. Most of Quebec was level, although there was considerable bush and pulp-wood factories were dotted here and there.

In New Brunswick what struck me most was the large number of rapid rivers, one every mile or so. Some of the rivers were still solid with ice and miles and miles along the track were covered with snow, while back in Toronto the grass was quite green. At Newcastle we saw the Government's big wireless plant which sends messages to Ireland. It consisted of six towers 150 feet high around one centre, 1180 foot tower. At Chaudiere Falls and Moncton we were out for dail and at the latter place paraded up town accompanied by two bands and a crowd of people.

On Saturday we passed through Nova Scotia and at Truro were met by a crowd who seemed to enjoy watching us soldiers being put through our paces in the physical exercises.

We arrived at Halifax at 7 p.m., Saturday, April 17th, and were kept on the train, under guard, until nearly 9 before we were allowed to go up town for an hour. We reported in at 10, and had church parade at 9.30 Sunday morning. After returning to our train and getting our equipment ready we paraded down to the boat, going on board at 12 o'clock noon. We sailed on the S. S. Northland and landed at Avonmouth on the west coast of England on Thursday, April 29th.

For the convenience of any who might wish to write me, I enclose my address:

Pte. Carl E. Hill, 623, 5th Field Ambulance, B Section, 2nd Canadian Contingent, British Expeditionary Force, Army Post Office, London, England.

Thanking you for the space in the columns of your paper, I remain Yours to command, CARL E. HILL, Sandling Camp, Kent County, Eng., May 7th, 1915.

Card of Thanks

We wish to thank the many friends for the prompt service they gave in trying to extinguish the fire, which was very hard, and risky to conquer, and also to those who worked so faithfully to save the contents, and to the Masons for the use of the hall.

MR. AND MRS. JOHN GREY, Maple.

Methodist Church

The anniversary services on May 23 and 24 were particularly satisfactory. The patriotic sermon Sunday morning by Rev. Dr. Hincks was grand, and a very large congregation was present in the evening to listen to Rev. Dr. Tozell, associate pastor with Dr. Hincks. The amount realized for the anniversary was \$389.36.

Arrested for Stealing

Tuesday evening a phone message came from Gormley stating that three men had stolen boots and other articles from the store at that place. County Constables Sheardown and Thompson got busy and late in the evening arrested the trio in the neighborhood of Langstaff. They were brought to Richmond Hill and kept in the Lock-up all night, and yesterday appeared before Magistrate Bunton. One of them was sent to jail for 15 days.

Ratepayers Meeting

TO THE EDITOR: Dear Sir,—A few weeks ago you were wondering whether or not the Ratepayers' Association was still in existence, and possibly you were justified in the query.

Well! what with war considerations in all their bearings and activities, no doubt municipal and local questions have been somewhat sidetracked, but at your intimation and at the request of several prominent ratepayers, I have decided that it would be well to have a citizens meeting to discuss whatever to them seems best, and as there is something more than mere rumour that we are on the eve of Water Works development, no doubt that subject will receive special attention. So let all ratepayers assemble at the Council Chamber on Wednesday evening, June 2nd, and if they have anything of interest to the community, trot it out there; if they have anything to growl about, trot that out too.

The chair will be taken at 8 p.m. WM. PRATT, Pres. Association.

Presbyterian Church

Subjects Sunday, May 30th: 11 a.m.: "As Much as in Me is," Rom. I.

7 p.m.: "As a Garden That Hath No Water," Isa. I.

Last Sunday two able addresses were given by Rev. Wm. Kennaway morning and afternoon, on the occasion of the Sunday School Anniversary.

In the evening a visitor from India, Rev. Thos. Leedingham, gave a graphic account of twenty years experience in Central India, especially in the training of the famine orphans.

The Ladies passed all previous records on Victoria Day, both in the number and quality of meals supplied. Two hundred and seventy dollars were taken in Victoria Day, apart from any additional Sunday offerings.

The members of Thornhill Church have decided to support this year, one of the mission churches in the West at an outlay of \$250, in addition to their regular missionary contribution. This is fairly good as the ladies have only recently contributed \$200 to the Red Cross Fund.

BORN

GLASS—On Sunday, May 23rd, 1915, at Aurora, to Mr. and Mrs. Norman J. Glass, a daughter.

DIED

RICHARDSON—At his late residence, Maple, on Monday, May 24, 1915, Leeds Richardson, in his 70th year. Interment in Maple Cemetery, Wednesday.

Bee-Keepers Meet

The spring meeting of York County Bee-keepers Association was held in the Lorne Hall, Saturday afternoon. There was an attendance of about 40 members, a number being ladies. Mr. J. C. Steckley B.S.A., Department of Agricultural representative conducted proceedings, and the County was well represented in every part.

Mr. W. A. Weir, County Inspector, gave his annual report, showing that the past winter had been a hard one on the bee industry, many colonies having died though lack of attention and disease.

The principal discussion related to American Fowl brood, and it was pointed out by several of the speakers that much care is necessary in order to stamp it out.

Mr. Monley Petit, Provincial Apiarist, gave a very interesting paper principally on the winter management of bees.

Before adjourning the following officers were elected for the current year:

President, G. A. M. Davison, Unionville. Vice-Pres, Wm. A. Wier, Temperanceville. Secy-Treas, J. C. Steckley, Newmarket.

READ THE LIBERAL

Personal Purity

The lectures given in the Public School by Mr. Arthur Beall, of the Provincial Education Department on Thursday and Friday, on Personal Purity, were most helpful. The lecturer, who understands boys had the attention of his audience from beginning to end, and he had reason to feel he had a bright and intelligent class before him. Mr. Beall talked to the boys about their mothers, sisters and girl friends in a way that won their respect, and his sound and kind advice should make a lasting impression. Not a smile could be seen on any face as he pleaded with the boys to lead a life of purity.

Aurora Won at Football

On the Fair grounds on Monday, six teams took part in the football competition. Richmond Hill H. S. and Schomberg played first, Richmond Hill winning. Kettleby then faced Edgeley, the latter being successful. Aurora next won from Malvern. In the second round Richmond Hill drew the bye, Aurora defeated Edgeley, and afterwards defeated Richmond Hill, thereby winning the \$25 cash prize.
