TIMES ARE CHANGING

Not many years ago those who talked of prohibition and the closing of bars were looked upon as cranks and fanatics. It will not be surprising if in years to come people who talk and vote for the open bar will be considered "queer." Province after province are following the water wagon, and others are likely to follow at an early date. Prince Edward Island has absolute prohibition. No liquor is legally sold in Nova Scotia outside the city of Halifax. Licenses have been abolished in Saskatchewan, and a couple of weeks ago Alberta carried a prohibition measure by a majority of about twenty thousand. In Manitoba where the General Election takes place to morrow both political parties are pledged to prohibition, so that despite St. Swithen's ruling that Provinces is likely to fall into the dry belt.

Dr. Godfrey, M. P. P. for West York, is not satisfied with Canadian recruiting. In an address at a Conservative picnic at Runnymede on Monday he said:—

"What's the matter with our Canadian youths anyway, when I learn that out of 3000 men enlisting in the City of Hamilton, 80 per cent. of them are British born? We must get away from this self-satisfied complacency, which allows the young men of Canada at a serious time like this to spend their time at baseball, football, cricket or lawn bowling when the call of the country is for young men. The need of the hour is recruiting, and we have not yet realized its seriousness and urgency."

CLEAN SPORT (?)

The City papers on Monday reported a disgraceful riot in Toronto Saturday afternoon at and following a lacrosse match near Cottingham street, in which it is said that fully one thousand people took part. Laxity on the part of the police is charged, in allowing players in the game to brutally illtreat their opponents. Many people, including innocent bystanders and those who were endeavoring to make peace, were kicked and knocked unconscious, and a large number were seriously injured. Such disgraceful scenes, which are of frequent occurrence, go to show that there is something radically wrong in the manner in which Canadian sports are carried on.

It is said the Police Commission will investigate, but it is safe to say that those who started the melee will be let off with the warning, "don't do it again."

Much money and energy are needed for red cross and patriotic work. It is a pity, however, to allow Toronto theatres to be open on Sundays even if the collection taken is for the patriotic fund. This looks like the thin end of the wedge which may afterwards lead to the opening of all theatres on Sunday. People will begin to argue that if it is proper to have places of amusement open on Sunday for a worthy cause, it cannot be wrong to have them open for any other reason.

MARKHAM'S PUBLIC LIBRARY

A recent number of the Economist and Sun expressed regret that because no report had been sent in for two years, the Government grant had been withdrawn, and the Public Library in Markham Village closed. The paper closes its comment as follows:—"It would be a great pity to have the library discontinued, and we hope that Markham has enough

cultured intelligent and competent men to realize what value a good public library is to any town or community, and to take an active interest in rectifying conditions before it is too late."

The Economist and Sun does well to give a word of advice. The Public Library and Reading Room in Richmond Hill is placed among our valued assets, and our citizens would feel the loss if for any reason it had to be closed.
