RICHMOND HILL, ONT., SEPT. 2, 1915

## Thornhill

The first annual show under the auspices of the Thornhill Horticultural Society was held in the skating rink on Saturday afternoon and evening, and proved to be a very attractive centre, not only for the inhabitants and those living near, but many people from Toronto and surrounding villages were present and expressed their pleasure and highly praised the numerous exhibits. The entries for flowers, vegetables and fruit were very large and of good quality. Special interest was taken in the children's department, and many prizes were won on their merits by the juniors. The children of Langstaff Public School deserve great credit; they carried off the prize for the best display of flowers, fruit and vegetables, and several of their number received first prizes in other sections, Master Nelson Simpson receiving for the best bed of annuals. Among the number who received prizes were: For potted plants, Mr. S. Wilcocks; for cut flowers, Mrs. S. J. Jackson, Mrs. A. Thompson, Miss E. Welch, Mr. Galbraith, Miss M. Simpson and J. J. Davidson received two or more first prizes for vegetables; R. Casely, T. Iveson, T. Simpson, S. Wilcocks, A. W. Galbraith carried off the most honors.

The members of the Red Cross Auxiliary made good use of the occasion by supplying the many palatable dainties served at the refreshment tables and candy booths. The vegetable stall also proved a profitable venture.

The bridal bower was very attractive, as was also the bride and her numerous attendants, who sold pieces of the wedding cake for the various purchasers to dream on.

The receipts go to swell the Red Cross funds and were about \$175.

Austrian residents helped generously in the patriotic campaign in Halton county, pledging \$5 each to the fund.

The Paymaster-General explains plans to pay Canadians who are prisoners in Germany, and also what amounts dependents of Canadian soldiers are entitled to receive.

The City Council at a special meeting on Friday will consider the Roden-Meredith charges.

## How Many Poles Do We Use

So far from modern inventions making wood less necessary they increase the demands upon our forests. This is brought out in a bulletin of the Dominion Forestry Branch on Poles and Cross-ties which has just been prepared by the Branch and is now in the hands of the printer. With the extension of telegraph and telephone lines thousands of poles are used, and each mile of railway means the need of thousands more cross-ties. The demand for these two commodities is very irregular in Canada as the Bulletin indicates and explains. The different kinds of wood employed, where grown and where used are described. The bulletin will be issued shortly and any person interested may secure a copy free, or information in the meantime upon any special point, by writing to the Director of Forestry, Ottawa.
