Obituary Notice

We overlooked last week referring to the death of Mr. John Richardson, one of the best known and most highly respected men in the County of

Mr. Richardson, ex-M.P.P. for East York, clerk of the county court at the time of his death, passed away Thursday morning. He had been confined to his home for the past few months on account of an illness which developed as the result of an operation performed some ten years ago.

The deceased was born on the old homestead near the Kingston Road, Bridge, Scarboro, on April 5th, 1843, and was consequently in his 73rd year. Mr. Richardson received his education at discount on steel account, re Lloydthe old public school house in Scarboro | town Bridge. Village, at Markham High School, and Victoria University. He had a long and useful public career. In 1875 he was elected to a seat in Scarboro Council, five years later becoming reeve, which position he held for twelve years, until he retired voluntarily in 1894, when he became the Liberal M.P.P. for East York.

During the twelve years he represented Scarbore township in the County Council he held many important positions and was chairman of the Legislative Committee for eight, years and warden in 1894. He was the oldest in service of any of the Councillors at the time of his retirement, and for some years had been called the "Father of the Council." In June, 1894, he was elected to represent East York in the Ontario Legislature holding this position until 1904, when he was appointed Clerk of the County Court of York.

In religion a Methodist, he was a member of Washington Church, Scarboro, for many years, and did not transfer his membership when he left the old homestead and moved to the city. He was never married, of kindly, genial personality, shrewd and canny withal. Mr. Richardson was a useful and valuable public servant and a good citizen.

The funeral took place on Saturday, the ramains being laid to rest at Washington cemetery, Scarboro.

Red and Gun

Rod and Gun for September is out and is a special duck shooting number. Bonnycastle Dale the naturalist-writer contributes the opening article, a readable one, on "Live Decoy Ducks and Shooting over them." "Duck Shooting in the Cariboo" is an amusing story of the experiences of two duck bunters After treating, spread the grain out who saw plenty of ducks but failed to thinly on a clean floor or canvas shoot any. "After the Black Ducks," where it can be stirred and allowed to "Two Hundred Acres of Geese," "Duck | dry sufficiently to be sown. The soon-Breeding in the Park Country, er it is sown after treatment the bet-Alberta," are other stories that give a | ter. Twenty gallons of the solution wild duck flavor to this number, and | will treat about twenty bushels of | in addition there are other interesting grain. Several treatments may be stories of outdoor life besides the regular departments devoted to gunning and fishing. W. J. Taylor, Limited, Woodstock, Ont., are publishers of this magazine of outdoor life.

Gormley

We are glad to report that Mrs. Mary Ann Baker is again recovering from a hard attack of Inflammatory Rheumatism.

Margaret Baker, widow of the late Geo. Baker, is ill at present and is in a critical condition. Samuel Doner, at the cider mill, is

down with Typhoid fever. Levi Schell is down with Inflammation on the membrane of the lungs,

and rheumatism on the nerves, but is improving. David Hilts who has also been down for a month with theumatism on the

nerves, but is slowly recovering. Mrs. Elizabeth Reaman of Ringwood has bought a lot in New Gormley and expects to commence building at once.

Business is quiet at the Elevator, as there is no demand for the sprouted wheat. Our enterprising baker has improved

his dwelling by putting up a large SHANLEY & Wm. Bestard who spent the winter

in Florida, returned in July, and has been kept busy at the carpentering

Samuel Heise, who had sold his farm to Mr. Walton of Scarboro, again bought back an acre and is fitting up a house to retire in.

Elmer Horner happened with a painful accident a short time ago. While Thos. Lyons who was reshingling the barn, was taking down some plank for scaffolding a heavy !! slab fell, and as it struck the side it glanced and struck Elmer on the head rendering him unconcious. For a time he bled freely at the mouth and Mr. 17 Lyons thought he would die in a few minutes, but as Dr. Pentland was in the neighborhood he was immediately called, and dressed the wound. He is

doing well. Our three aged veterans, Peter Baker, Geo. Forester and John Leary are still with us, and we are always W. J. Elliott glad to see the smiling faces as we Principal pass their homes.

KING COUNCIL

The above Council met at Temperance Hall, Kettleby, on Saturday, August 28, Members all present, and minutes of last meeting read and confirmed.

A number of bills and accounts were ; presented, and ordered to be paid. -Resolutions :-

That \$3.00 be paid to Fred Norris for burying horse lying dead on the roadside.

That the Treasurer accept \$1.60 from Jos. Beatty for I barrel of cement received by him from the Lloydtown That the Treasurer be instructed to

receive from J. A. Watson, 54 cents That T. H. Legge and James Thompson be each paid \$2.00 for services

rendered as fenceviewers. That the usual grant of \$15.00 be given in aid of School Fair in King Township, cheque to J. C. Steckley.

That the petition presented by the ratepayers in Nobleton respecting the granting of a Pool Room License to this Council, be not entertained.

That this Council pay Mr. Billings \$5.00 for repairs to wagon. That a grant of \$25.00 be given to gravel hill between lots 5 and 6, on

eleventh con. On motion Council adjourned to meet at Nobleton on Saturday, September 25th.

Thousands of Farmers Have Lost Thousands of Dollars This Year Through Smut in Wheat, Oats and Barley

This loss can be prevented in ONE WAY ONLY, and that is by treating the seed. Be sure therefore that your fall wheat is properly treated before being put into the ground this fall.

There are two methods of treating the seed as follows :-

1. Mix one-half pint of formalin in 21 gallons of water. Place the seed to be treated in a course sack, a bran sack is excellent for the purpose, fill the sack about three parts full and immerse in the formalin solution for twenty minutes. During the treatment raise the sack up and down several times in the solution to insure wetting every grain that it contains. made with the same solution; each lot wi llrequire to be immersed for twenty minutes.

2. Mix one pint of formalin with 40 gallons of water. Place the grain to be treated in a heap on a clean anvas or floor, sprinkle the formalin solution | over the grain, then shovel the grain over into another pile so as to mix it thoroughly, then sprinkle and shovel again, repeat this until every grain is moistened by the solution, then cover the pile with sacking and leave for 3 or 4 hours. At the end of this time spread the grain out thinly to dry, shovelling it over three or four times will hasten the drying. Forty gallons of the formalin solution is sufficient to sprinkle between thirty and forty bushels of grain, smaller amounts in proportion.

For further information apply to J. C. STECKLEY,

District representative, Newmarket. HON. JAS. S. DUFF. Minister of AGriculture,

Toronto.
