Made in Canada WALL PAPERS

HAVING SECURED THE AGENCY for the Celebrated Empire Wall Paper Company, Toronto, we are prepared to show samples of paper never seen before and for less money than can be purchased anywhere in Toronto. These are the patent, self-trimmed papers—no trimming to do which saves much time—and are edged to the 1000 part of an inch, which makes matching easy and will aid in people doing their own papering. See our samples, take the size of your room, and we will see you have no waste. Wall, ceiling and borders all to match. Ask to see our Sample Book, take it home and look them over, and all the family will be pleased to have said they helped to select this paper.

The June issue of Rod and Gun is on the news stands and its list of contents is of interest as usual to the sportsman and lover of life in the open. J. Taylor, Ltd., Woodstock, Ont.

## "Paint My House, Too"

The spirit of neighborhood improvement fills the very air. The glad, bright colors of spring have replaced the somber hues of winter. Grass is green—flowers are springing into glorious bloom. Nature is providing a beautiful setting. Is your house in harmony—or do the fresh-looking surroundings only serve to emphasize its dullness? Does it complete the picture—is it well painted?

Now's the time of all times to dress up your home in fresh, new colors. The first essential in home improvement is good paint, and the paint that you can depend upon to be good is

**HIGH STANDARD  
LIQUID PAINT**

You take no chances, you know exactly what the contents of every can of "High Standard" will do. Forty years of experience and countless exposure tests have made this knowledge definite. Chemical analysis of the raw materials and thorough machine mixing insure a uniform product.

You get in "High Standard" a paint that works easier, and spreads farther than cheaper paints—a paint that hides better and protects

better the surface of your building—a paint that does not fade, that holds tight to the surface in perfectly protecting coats—that fails only by gradual wear and leaves a good surface for repainting

It actually costs less to use this better paint and get its perfect protection. It goes so much farther—and it lasts so much longer on the building that its use is true economy. Ask us for an estimate on your paint requirements.
