WALL
PAPERS

HAVING SECURED THE AGENCY for the Celebrated Empire Wall Paper Company, Toronto, we are prepared to show samples of paper never seen before and for less money than can be purchased anywhere in Toronto. These are the patent, self-trimmed papers—no trimming to do which saves much time—and are edged to the 1000 part of an inch, which makes matching easy and will aid in people doing their own papering. See our samples, take the size of your room, and we will see you have no waste. Wall, ceiling and borders all to match. Ask to see our Sample Book, take it home and look them over, and all the family will be pleased to have said they helped to select this paper.

THORNHILL

The fancy dress carnival held in Thornhill rink on Feb. 7th, under the auspices of the Soldiers' Box Committee, proved to be a great success. The receipts were \$63.25, all of which goes to purchase comforts for our boys in France. The Recreation Club gave the use of the Rink free, Richmond Hill Band gave their services free and the Villagers donated the prizes, so there was practically no expense. The costumes were many and varied, also well suited for the occasion. Prize winners as follows:—Ladies first prize, Miss C. Innes, Squaw; ladies 2nd prize, Miss I. Kirby, Swedish Maid; men's first prize, C. Charlton, King Charles V; men's 2nd prize, S. Findley, Indian; girl's first prize, Miss P. Batty, Highland Lassie; girl's 2nd prize, Miss M. Smellie, Red Ridinghood; boy's first prize, Geo. Billerman, Pedro; boy's 2nd prize, Ernest Allen, Henry VIII; comic, ladies, Misses Elliott and Hall, Aunt Jemima; comic, men's, Edgar Simpson, clown.

The shower of jam, jelly, honey etc., held last week, was also a fine success, over three hundred articles being handed in, which will no doubt help to comfort the boys, somewhere in France, out in "the cold, the wet, and the mud."

The Committee wish to thank the Recreation Club, the Band and the community in general for their kindness and general co-operation, for the support of our boys who are fighting for us.

NEWTON BROOK

One of the largest auction sales on Yonge street took place last Friday when the stock and implements of Mrs. John S. Elliott realized \$12,000. A span of mares brought \$750, and the shorthorn cattle realized about \$300 a head. The auctioneer, Mr. J. H. Prentice, sold everything between 11 and 5 o'clock.

Notwithstanding many counter attractions the entertainment and lecture in the Methodist Church last evening was well attended. Everything passed off satisfactorily.

To Meet the High Cost of Living

The Canadian Northern Railway has inaugurated a system in its Dining cars designed to meet the requirements of the Traveller desiring a moderate priced meal. Table D'Hotel prices: Breakfast 25c, 50c, 65c; Luncheon 35c, 50c, 75c, 80c; Dinner 50c, 75c, 85c, \$1.00. More elaborate meals may be had a La Carte if desired.

Passengers are supplied with menu cards about thirty minutes before each meal is called, from which it may be ascertained what dishes will be served and the cost of same.

The Steward will be pleased to give any information and offer suggestions if required.

This system has been in effect for a short time only, but it has been patronized to such an extent as to insure the complete success of the scheme.

Another original feature introduced on all its Transcontinental Trains is a "Travellers' Shop" in charge of the porter in the observation cars.

The stock consists of a complete list of articles the Traveller is likely to forget, or overlook, in packing up for the trip, or might desire to purchase as an afterthought. Everything from shoe laces and collar buttons to smelling salts and bon-bons are obtainable.

The Patrons of the road have already shown an enthusiastic appreciation of these, two of the many original features characteristic of the progressive policy under which the C.N.R. operates.

Is Your House Cold?

Or is it a Room That's Chilly?

A Perfection Smokeless Oil Heater will make the room warm and comfortable, and will prove to be a quick and reliable "Chill-Chaser." Can be carried from room to room as easily as a lamp.

And now when coal is so scarce, in fact can hardly be procured at all, one of these convenient air-warmers should prove a boon to the home, office or shop.

The Perfection Heater measures up to its name; the base rim, cone plate and top rim are heavily nickel plated, the upper and lower drums are of polished steel, the fount is of steel, and the top and side perforations allow the heat waves to circulate freely.

The Perfection burner mechanism is so arranged that the flame cannot be turned too high. These heaters may also be burned at night, for should the oil burn out, the flame retires with it.

They are very attractive and an ornament in the home. The prices too, are reasonable—from \$4 to \$5.

The other night one of our customers remarked, "I wouldn't be without my Perfection for twice the price of it." Call to-day and take one home; you'll soon feel the same way.
